WEYMOUTH BOARD OF SELECTMEN

Standing: WILLIAM G. RENNIE, JR.; WILLIAM J. GUNVILLE

Seated: RAYMOND E. BUCHAN, Clerk; FRANKLIN FRYER, Chairman; and J. WARREN HEFFERNAN

REPORT OF THE BOARD OF SELECTMEN

The last year of the decade was typical of the entire decade for the Town of Weymouth. The "sixties" left their mark indelibly imprinted upon the three and one-half centuries of Weymouth's history as years filled with enormous growth and constant change.

In this report we can but touch briefly upon the events of the past year and comment upon them. Neither time nor space would permit a full development of each area of activity.

As an indication of the measure of increased activity, a record number of Town Meetings were held during the past year. The Annual Town Meeting in March continued into a Saturday session; and Special Town Meetings were called in May, June, July, October, and December. The Board of Selectmen was deeply involved in each of the matters which necessitated the calling of these Special Town Meetings. For example, the July meeting was called because of the extreme concern over the revaluation program by a substantial number of taxpayers. The Board of Selectmen felt that the matter should be discussed and the public should be given a full and detailed report of what was happening and what the impact would be upon the average homeowner. Regrettably, the articles which were prepared by the petitioners were not in proper form for a Town Meeting to take action, primarily because the Town Meeting has no direct control over the duties of the Board of Assessors or their practices, which are controlled by State Law. Nevertheless, the Board of Selectmen was then, and remain, vitally concerned with the long-range effects of the revaluation program, not only because of the burdens which it has imposed upon the homeowner, but also because of the adverse effects it may have upon either attracting or retaining industrial taxpayers.

One of the major areas of public concern, both at the national and state level, is the so-called "environmental" problem of conserving our natural resources and combating air and water pollution. Certainly this is an acute problem in the Weymouth area. Over the years the Board of Selectmen has been concerned with complaints regarding localized problems of air pollution, and repeatedly have sought the intervention and assistance of the regulatory state agencies. In 1969 the Commonwealth took direct and emphatic measures to control, and possibly eliminate, our most significant air pollution problem. Of even greater significance, however, has been the threat to one of our greatest asset - our waterfront, shorelines and beach properties, which suffered through several serious oil spills. The worst of these spills occurred in June, just as our beaches were about to open, and caused tremendous damage to both public and private property. The Board of Selectmen spearheaded activities and, with the cooperation of the Public Works Board, Board of Helath, Park Commissioners and our Harbormaster, took immediate and effectual steps to control the situation and to see that total remedial action was taken. Subsequent spills were not as devastating, primarily because of early detection followed by prompt action. In this regard, the Board publicly expresses its commendation and appreciation to Harbormaster Thomas Smith for his outstanding work.

The Board of Selectmen created an Oil Pollution Control Committee, which conducted public hearings and made recommendations which led to the enactment of protective by-laws, which include provision for the punishment of offenders. Our objective has been prevention and correction rather than punishment, and we have been heartened by the cooperation of shipping, terminal and petroleum companies.

The restlessness of the youth in our community and the highly publicized problems of drug addiction, vandalism and crime have received much serious study by this Board. We have worked in close cooperation the with Police Department, social agencies, the Courts, School officials and teenagers in our efforts to evaluate the problems, and to recommend solutions, or even partial solutions. In all areas we have received excellent cooperation and, at the request of spokesmen for the youth in our Town, we established a Youth Study Committee, which hopefully will be adopted on a more formal basis by vote of the forthcoming Town Meeting. We have worked with youth groups and have endeavored to assist them in finding recreational outlets in places where they can legitimately congregate, away from the insidious elements of teenage society.

In the field of collective bargaining, the Board of Selectmen had delegated their responsibility as the representatives of the Town to the Personnel Board, but we have continued to follow with interest developments in this area and to do whatever we can to make it possible for all Town employees to receive fair, adequate and equal treatment and, at the same time, not to lose sight of the ability of the taxpayer to pay for increased wages and fringe benefits. The Board was a party to several grievances and was directly involved in the only arbitration case which the Town has experienced since the collective bargaining law became effective in 1966.

In other areas, the Board of Selectmen took immediate steps when the future of the South Weymouth Naval Air Station was threatened, because we view with alarm the possibility of either an expanding public commercially operated airport, or the use of the facility for urban housing development, or any other purpose which would not be beneficial to our Town. We have kept close surveillance on the South Shore transportation program. Throughout the year we have fulfilled our statutory duties as the licensing board and have exercised positive control to ensure the integrity of licensees and proper operation of licensed premises, whether they be concerned with alcoholic beverages, filling stations, restaurants or any of the other activities for which licenses are required from this Board.

As we enter the decade of the seventies, we see the need for close cooperation between all operating departments, boards and committees and the need for ever improving communications between these boards. Weymouth has a population of approximately 55,000 inhabitants and is either the second or third largest town in the Commonwealth. We cherish the traditional and democratic form of town government which has served our needs so well and call upon all, citizens, officials and employees, to work together in close cooperation if our time-honored form of town government is to be effective and endure.

Respectfully submitted,

Franklin Fryer, Chairman
Raymond E. Buchan, Clerk
William J. Gunville
J. Warren Heffernan
William G. Rennie, Jr.

WEYMOUTH BOARD OF SELECTMEN

ANNUAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To the Town Meeting Members of the Town of Weymouth, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby notified to meet in the Daniel L. O'Donnell Auditorium of the Weymouth High School, 1051 Commercial Street, East Weymouth, on

Monday, the Third Day of March 1969

at seven o'clock and forty-five minutes in the evening, then and there to act upon the following articles (a copy of which is enclosed.)

In case all the articles in the warrant shall not have been acted upon at the meeting called for the third day of march, to meet in adjourned session at the Daniel L. O'Donnell Auditorium of the Weymouth High School, on

Wednesday, the Fifth Dayof March 1969

at seven o'clock and forty-five minutes in the evening, then and there to act upon such of the articles as shall not have been acted upon March third or action upon which may at said meeting March third have been deferred until said adjourned session.

Given under my hand at Weymouth, this seventh day of February, in the year of our Lord nineteen hundred and sixty-nine.

A true copy. ATTEST:

Harry Christensen
Town Clerk

RETURN OF SERVICE

February 21, 1969

Norfolk, ss:

Pursuant to the above Warrant, I have this day notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and times setforth in said Warrant by posting true and attested copies of the same in two public places in each voting precinct in said Town seven days before the time of holding said meeting.

Norman F. Keith
Constable of Weymouth

Received in the Clerk's Office, Town of Weymouth, February 21, 1969 at 2:00 P.M.

TOWN OF WEYMOUTH
ANNUAL TOWN MEETING
MARCH 3, 1969

Pursuant to a Warrant duly issued, the Annual Town Meeting of the inhabitants of the Town of Weymouth, represented by their duly elected and qualified Town Meeting Members, was held in the auditorium of the Weymouth High School on Monday, March 3, 1969.

The meeting was called to order at 7:45 o'clock in the evening by the Annual Moderator, Mr. Philip T. Jones.

The Town Clerk, Mr. Harry Christensen, read the Call of the Meeting.

There were approximately 30 Town Meeting Members present.

The Moderator announced that due to the severity of the weather a quorum was not present.

Upon motion duly made, it was

UNANIMOUSLY VOTED: That the Annual Town Meeting adjourn at 7:50 p.m. until 7:45 p.m., Wednesday, March 5, 1969.

A true copy. ATTEST:

Harry Christensen
Town Clerk

TOWN OF WEYMOUTH
ADJOURNED ANNUAL TOWN MEETING
WEDNESDAY, MARCH 5, 1969

The Adjourned Annual Town Meeting was called to order at 7:50 o'clock in the evening of Wednesday, March 5, 1969, by the Annual Moderator, Mr. Philip T. Jones.

Prayer for Divine Guidance was offered by Rev. Dr. Roy R. Hutcheon, Pastor of the Old South Congregational Church, South Weymouth.

The assembly joined in the pledge of allegiance to the Flag of the United States.

Town Meeting Members not previously sworn were administered the oath by the Moderator.

There were 203 Town Meeting Members present.

The Moderator declared a quorum present.

The following Tellers were appointed and sworn by the Moderator.

1st Division Mr. Gammell
2nd Division Mr. Carven
3rd Division Mr. Hollis

The Moderator then made the following announcement:

"As you know the Chair made an announcement on WJDA day before yesterday that due to inclement weather and condition of streets, driveways and so forth, it was felt that it would be impossible to have a quorum here on Monday night. There were some thirty who came, Town Officials, Members of the Appropriation Committee and Town Meeting Members, and we adjourned the meeting from Monday night until tonight.

"I am going to suggest to the Clerk that no one be recorded as absent on Monday night. Is there objection to that? If not the Chair will so rule and no one will be marked absent in the record of the meeting on Monday night."

We now continue with consideration of the Articles in the Warrant.

Mr. Masison, Secretary of the Appropriation Committee, presented the report of the Appropriation Committee.

MOVED by the Appropriation Committee:

That Article 2 be considered at this time.

There being no objection the Moderator declared that Article 2 would be considered at this time.

ARTICLE 2. (By Request of the Personnel Board). To see if the Town will vote to amend Article 4, Section 409, of the Town By-Laws, by accepting changes in the administration and classification and pay plan, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

SO VOTED: That the Town vote to amend Article VI, Section 409, of the Town By-Laws, by adopting the following changes:

In SECTION 3. PERSONNEL BOARD
By striking out paragraph (f) and substituting the following new paragraph (f):
"The Personnel Officer shall record decisions of the Board which are rendered on matters covered by Section 4, paragraphs (d) and (e), and advise the affected department and employee in each instance. He shall have such authority as the Board may determine from time to time to approve salary and wage rate changes resulting from personnel actions processed in accordance with the provisions of Section 5, and advise the Town Accountant of the changes."

By striking out paragraph (g) and substituting the following new paragraph (g):
"An employee aggrieved by a decision of his department head or the administrative authority having jurisdiction over the department or office to which he is assigned may appeal such decision to the Personnel Board by filing with the Personnel Officer a written notice of appeal within ten days after being notified of the decision."

By striking out paragraph (h) and substituting the following new paragraph (h):
"The Board upon receipt of notice of appeal by the Personnel Officer, shall fix a reasonable time, not later than thirty days, excluding Saturday, Sundays, and holidays, for the hearing of any appeal and shall cause notice of the time and place of such hearing thereof to be given by the Personnel Officer to the appellant, department head and administrative authority if said administrative authority is other than the department head; said notice to be given not less than seven days before the hearing, Saturday, Sunday and holidays excluded."

By striking out paragraph (j) and substituting the following new paragraph (j):
"After a hearing on an appeal for which it has accepted jurisdiction, the Board shall affirm, reverse or amend in whole or in part the decision of the department head or administrative authority if the decision pertains to a matter covered by the Personnel By-Law or recommend a course of action if the matter is not covered by the By-Law. The Board's decision on an appeal covering a matter covered by the Personnel By-Law shall be final, conclusive and binding on all parties; a copy of the Board's decision shall be forwarded promptly by the Personnel Officer to all interested parties."

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revisions to Section 7, Schedule A, of the Personnel By-Law as follows:

Discussion ensued involving Mr. Lane, Mr. Masison, Secretary of the Appropriation Committee; Mr. Bilodeau, Director of Public Works; Mr. Weeks, Chairman of the Personnel Board; and Town Accountant Roulston.

Comes now the question on the substitute motion by Mr. Weeks, Chairman of the Personnel Board.

The Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 110 votes in the affirmative and 73 votes in the negative. The Moderator then declared the substitute motion by Mr. Weeks, Chairman of the Personnel Board was

SO VOTED

MOVED by the Appropriation Committee:

That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revisions to Section 7, Schedule C of the Personnel By-Law as set forth in the letter dated February 27, 1969, and mailed to all Town Meeting Members, as follows:

SECTION 7 - SCHEDULE C

POLICE WEEKLY SALARY SCHEDULE
(Weekly rates controlling; annual rates computed by multiplying weekly rates by 52)

Compensation Grade		Minimum A	Intermediate Steps B	C	Maximum D
P-1	W	132.84	140.44	148.03	155.52
	A	6908	7303	7698	8087
P-2	W	140.44	148.03	155.52	163.12
	A	7303	7698	8087	8482

P-4	W		178.26	185.86	193.35
	A		9269	9664	10,054
P-5	W		200.95	208.54	216.03
	A		10,449	10,844	11,234
P-6	W	226.84	237.70	248.45	259.26
	A	11,796	12,361	12,920	13,482

MOVED the following substitute motion by Mr. Weeks, Chairman of the Personnel Board:

That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revisions to Section 7, Schedule C of the Personnel By-Law as set forth on page 45 of the Town Warrant and Recommendations of the Appropriation Committee, after deleting therefrom the P-3 row of rates beginning with $143.10 and $74.41 which were inadvertently included, as follows:

SECTION 7 - SCHEDULE C

POLICE WEEKLY SALARY SCHEDULE
(Weekly rates controlling; annual rates computed by multiplying weekly rates by 52)

Compensation Grade		Minimum A	Intermediate Steps B	C	Maximum D
P-1	W	135.40	143.10	150.80	158.50
	A	7041	7441	7841	8242

Compensation Grade		Minimum A	Intermediate Steps B	C	Maximum D
P-2	W	143.10	150.80	158.50	166.20
	A	7441	7841	8242	8642
P-3	W			166.20	173.90
	A			8642	9043
P-4	W		181.60	189.30	197.00
	A		9443	9844	10,244
P-5	W		204.70	212.40	220.10
	A		10,644	11,045	11,446
P-6	W	231.10	242.10	253.10	264.10
	A	12,107	12,589	13,161	13.733

Police Chief O'Kane spoke on the motion.

Comes now the question on the substitute motion by Mr. Weeks, Chairman of the Personnel Board.

SO VOTED

MOVED by the Appropriation Committee:

That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revisions to Section 7, Schedule D of the Personnel By-Law as set forth in the letter dated February 27, 1969, and mailed to all Town Meeting Members, changing the amounts in F-6 to the amounts as set forth in P-6 in Schedule C, as follows:

SECTION 7 - SCHEDULE D

FIRE WEEKLY SALARY SCHEDULE
(Weekly rates controlling; annual rates computed by multiplying weekly rates by 52)

Compensation Grade		Minimum A	Intermediate Steps B	C	Maximum D
F-1	W	132.95	140.50	148.05	155.60
	A	6914	7306	7699	8092

SECTION 8. PART TIME POSITIONS CLASSIFIED IN THE ADMINISTRATIVE AND CLERICAL GROUP

Employees occupying administrative or clerical positions in part time employment which may be continuous employment or which may constitute intermittent or casual service shall be compensated at hourly rates appearing in the following schedule which is hereby incorporated in the Compensation Plan:

	Minimum	Intermediate Steps			Maximum
	A	B	C	D	E
S-1	2.02	2.11	2.20	2.29	2.38
S-2	2.11	2.20	2.29	2.38	2.47
S-3	2.20	2.29	2.38	2.47	2.57
S-4	2.29	2.38	2.47	2.57	2.68
S-5	2.38	2.47	2.57	2.68	2.79
S-6	2.47	2.57	2.68	2.79	2.90
S-7	2.57	2.68	2.79	2.90	3.01
S-8	2.68	2.79	2.90	3.01	3.13
S-9	2.79	2.90	3.01	3.13	3.26
S-10	2.90	3.01	3.13	3.26	3.40

An employee within the meaning of this section shall receive the increment between his present rate and the next higher step rate as follows:

(1) On the termination of the nearest pay period to April first or October first after completion of 500 hours of work. An employee shall not be granted more than one such increment during each twelve month period.

(2) The increase in rate which this increment represents must be recommended by the employee's department head and approved by the Board.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

SO VOTED

(Recess from 9:55 to 10:10 p.m.)

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revision to Section 9, Work Week, as follows:

By striking out 48 hours* opposite Fire Classes and substituting 42 hours*.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revision to Section 11 as follows:

By striking out forty-eight and substituting forty-two under paragraph (i).

MOVED by Mr. Buchan of the Board of Selectmen:

That the Town vote to amend Article IV, Section 409, of the Town By-Laws, Section 11, paragraph (i), effective July 1, 1969, as follows:

By deleting the words "by forty if a member of the Police Department" and by adding the following new paragraph:

A member of the Police Department shall be compensated at one and one-half times his regular hourly rate for hours worked in excess of eight hours during a regularly assigned work day and for all hours worked on other than a regularly assigned work day. All such overtime shall be assigned by and under the jurisdiction of the Chief of Police.

Discussion ensued involving Mr. Weeks, Chairman of the Personnel Board; Mr. Knoll, Police Chief O'Kane, Mr. Moran, Mr. Buchan of the Board of Selectmen, Mr. Masison, Secretary of the Appropriation Committee; and Town Counsel Kelly.

MOVED the following substitute motion by the Appropriation Committee:

That the subject matter of Mr. Buchan's motion be referred to the next Special or Annual Town Meeting.

Further duscussion ensued involving Mr. Buchan of the Board of Selectmen, Mr. Harraghy, Mr. Deakin, Fire Chief Stevens, and Mr. Bailey.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: The previous question.

Comes now the question on the substitute motion by the Appropriation Committee.

SO VOTED

MOVED by the Appropriation Committee:

That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revisions to Section 12, Paid Holidays, as follows:

By striking out paragraph (d) and substituting a new paragraph (d) as follows:

"(d) An employee, except one occupying a position in Supervisory, Professional, Inspection or Public Safety groups, in continuous employment who performs work on one of the days designated in sub-section (a) shall be paid at his regular rate for such day or fraction thereof, unless payment for such work is determined by Section 11 (e), in addition to the amount to which he is entitled under sub-section (b) unless such work is performed during a scheduled tour of duty which began on the day preceding the holiday."

By striking out the present paragraph (f) and by redesignating the present paragraph (g) as (f) and by the addition of the following new paragraph (g):

(g) Paragraphs (b), (c), (d), (e), and (f) of this section shall not apply to uniformed employees in the Public Safety group, except Harbormaster, and in lieu thereof the following provisions shall apply:

(1) An employee in continuous employment and in full pay status who, because of a rotation of shifts, works different days in successive weeks shall be granted an additional day's pay for each of the legal holidays listed in paragraph (a) subject to the following limitations and option:

(2) An employee who fails to report for duty as scheduled on the date of the holiday or on the date on which said holiday is by law to be observed shall not receive the additional day's pay for said holiday. In addition, he may be denied his regular pay for the date of the holiday or the date on which said holiday is by law to be observed if such failure to report for duty as scheduled is deemed to be "absence without leave".

(3) An employee who was not on duty on any of the six calendar days preceding and on any of the six calendar days following a holiday shall not receive the additional day's pay for the holiday in question unless the absence from duty for all six days preceding and/or six such days following was due to injury leave or to authorized vacation leave.

(4) An employee may elect to take a day off in lieu of a days pay for any of the legal holidays listed in paragraph (a) if his request to substitute said day's pay is approved by his department head.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; and Mr. Weeks, Chairman of the Personnel Board.

Comes now the question by the Appropriation Committee.

UNANIMOUSLY VOTED

MOVED by the Approriation Committee:

That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revision to Section 13, Vacation Policy, as follows:

By striking out paragraph (b) and substituting a new paragraph (b) as follows:

"An employee who has been in continuous employment for at least thirty weeks as of June first shall be granted vacation leave of two weeks with full pay."

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revision to Section 15, Bereavement Leave, as follows:

By adding the following phrase to end of paragraph (a)

"and any other relative living within the employee's domicile."

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Town vote to amend Article IV, Section 409, of the Town By-Laws, by adopting the revision to Section 17, Other Leave, as follows:

By designating the present text as paragraph (a) and by adding the following paragraph:

"(b) However, so-called emergency leave in case of accident to or serious illness of a member of an employee's family or similar unforseeable circumstances may be granted to an employee up to eight hours in one year without being charged to vacation or any other leave credit.

ARTICLE 1. (By Request of Appropriation Committee).
To see what sums of money the Town will vote to raise and appropriate, by taxation, transfer from available funds and/or borrowing for the salaries, operation and expenses during the current fiscal vear of each of the Town Departments and activities, necessary charges, and for unpaid bills of prior years, and to determine in each case how and under whose direction the money shall be expended; to impose any conditions and restrictions thereon which the Town may see fit; to determine how much money so appropriated shall be available for expenditures under General Laws (Ter. Ed.) Chapter 40, Section 5, Clause 34, to determine what, if any, sums so appropriated shall remain available after December 31, 1969 to fix the terms and rate of interest of any such bonds or notes; to fix such salaries as required to be fixed by the Town Meeting; and to impose such conditions upon the drawing of compensation from the Town as the Town may see fit; or take any other action in relation to any of the foregoing subjects.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY TENTATIVELY VOTED: To provide for all expenses of maintenance and operation of each of the Town's several departments and activities of the fiscal year, the several sums hereinafter set forth are hereby appropriated for the several purposes and subject to the conditions specified, all such sums to be raised by taxation in the levy of the current year, unless some other source of revenue is expressed.

MOVED: For the specific purposes and in the amounts set forth in Items 1 through 8, each Item constituting a separate appropriation.

Selectmen's Department

1.	Salaries - Selectmen	$ 2,100	
2.	The salaries of the Selectmen are hereby fixed at $500 for the Chairman and $400 each for four (4) other members		
3.	Salaries - Other	7,225

Harry Christensen
Town Clerk

TOWN OF WEYMOUTH
ADJOURNED ANNUAL TOWN MEETING
THURSDAY, MARCH 6, 1969

The adjourned Annual Town Meeting was called to order at 7:45 o'clock in the evening of Thursday, March 6, 1969, by the Annual Moderator, Mr. Philip T. Jones.

Prayer for Divine Guidance was offered by Rt. Rev. Msgr. Edmund F. Hackett, Pastor of Immaculate Conception R. C. Church, East Weymouth.

The assembly joined in the pledge of allegiance to the Flag of the United States.

Town Meeting Members not previously sworn were administered the oath by the Moderator.

There were 185 Town Meeting Members present.

The Moderator declared a quorum present.

Upon motion duly made by Mr. Newton, Chairman of the School Committee, it was

UNANIMOUSLY VOTED: To adopt the following resolution which is to be inscribed in the Town records:

WHEREAS, Harold B. Nash has served the Town of Weymouth and the Weymouth Public Schools faithfully and well as a member of the Weymouth School Committee since 1951, and

WHEREAS, he has proven, in his service as Chairman of the School Committee for three terms to be a man of outstanding leadership, character, and dedication, and

WHEREAS, Harold B. Nash, in these years of service, continued a family tradition of community service through membership on the School Committee for a combined total of thirty-nine years, and

WHEREAS, he has provided in these years of service a stability of leadership so vital to a school system that has experienced a dramatic increase in enrollment and in new school buildings, and

WHEREAS, Harold B. Nash has established as his hallmark for his unstinting efforts an image of dignity and stature, and

WHEREAS, he has been held in the highest esteem by the community as a civic leader and as an individual whose concern has been to provide and educational program of the highest order for all Weymouth children and young adults, and

WHEREAS, Harold B. Nash is now retiring from the Weymouth School Committee after eighteen years of dedicated service to the Town of Weymouth,

NOW, THEREFORE, BE IT RESOLVED that the citizens of the Town of Weymouth hereby express their gratitude to Harold B. Nash for his unselfish devotion to duty and wish him health and happiness in the years ahead.

We now continue with consideration of the Articles in the Warrant, the first item being Article 1, Item 66, Airport Commission Expenses.

MOVED: For the specific purpose and in the amount set forth in Item 66, constituting a separate appropriation.

262. Provided further, that all fees received by Town officials shall be turned in to the Town Treasury;
263. Provided further, that no more than $200 may be expended for any one person during 1969 for travel outside the Commonwealth of Massachusetts;
264. Provided further, that no monies appropriated, excepting the amounts supplied under Article 1, Item 1, of this Warrant, shall be paid directly or indirectly as remuneration, compensation, or otherwise, to any members of the Board of Selectmen for expenses or services rendered the Town in any capacity;
265. Rider applies to Article 1 in toto.

UNANIMOUSLY TENTATIVELY VOTED

MOVED

To adopt Article 1 in toto as tentatively voted Item by Item and as amended in any manner by this Town Meeting, each Item constituting a separate appropriation and being subject to the Rider in Items 260 through 265.

Discussion ensued involving Mr. Lane, Mr. Masison, Secretary of the Appropriation Committee; and Fire Chief Stevens.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

MOVED by the Appropriation Committee:

Reconsideration of Article 1.

Comes now the question on the motion by the Appropriation Committee.

Vote was taken and the Moderator declared the motion by the Appropriation Committee was LOST.

(Article 2 was previously considered).

ARTICLE 3. (By Direction of Selectmen). To take any action the Town may desire upon the reports of the several Town Boards and Committees and to appoint or change any Committee that the Town may think proper.

Mr. Heffernan presented the report of the Weymouth Municipal Incinerator Committee as follows:

To: Town of Weymouth Town Meeting Members

From: Weymouth Municipal Incinerator Committee

In that the Weymouth Incinerator has been properly completed, it is requested that the Town Meeting relieve the Building Committee and officially turn the responsibilities of the Incinerator over to the Board of Public Works.

The Incinerator was accepted by the committee as substantially complete June 15, 1965. The Town had been using it since March for rubbish disposal and since May of that year for combined garbage and refuse disposal.

A final estimate was paid the contractor on June 15, 1965 with a deduction of 2% for one year's guarantee plus a sum of money for minor items to be completed.
(Total $28,186.98).

The guarantee period (one year) went by and several items either were not finished or did not meet the requirements. At this time July 25, 1966, with recommendation of consultants Metcalf and Eddy, $20,461.98 was released, still holding $7,725.00 for work to be completed, changed or repaired.

On April 4, 1967, $5,550.00 of the retainer was released still holding $2,175.00 for work to be done.

On January 23, 1969, the consultants Metcalf and Eddy recommended release of final $2,175.00 in that the final check list had been accomplished. The final cost of the Incinerator was $1,295,455.20. The base bid was $1,269,505.00. $25,952 or 2% was the cost of contingencies, extra work and/or overruns on extimated quantities.

The committee wishes to thank all the various departments and officials that were helpfulduring the study and construction of the Weymouth Municipal Incinerator.

Respectfully submitted,

Paul V. Coffey
Edward Hunt
Walter B. Heffernan
Richard Grojean
Norman Reilly (resigned)
Charles Chubbuck (resigned)
Arthur J. Bilodeau

Upon motion duly made by Mr. Heffernan, it was

UNANIMOUSLY VOTED: That the Weymouth Municipal Incinerator Committee be discharged and the Incinerator turned over to the Board of Public Works.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the report of the Weymouth Municipal Incinerator Committee be filed with the minutes of the meeting and that the meeting express its gratitude to the Committee.

MOVED by the Appropriation Committee:

That the Town vote to appoint a committee to be known as the "M. D. C. Continued Participation Study Committee" to consider and make recommendations regarding the Town's continued participation in the Metropolitan District Commission Parks and Recreation System and to report at the next Annual Town Meeting; said committee to be appointed by the Moderator and to consist of seven (7) members.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

SO VOTED

MOVED by the Appropriation Committee:

That the Town Moderator appoint a committee to be know as the "Boston Edison Appraisal Committee," said committee to consist of five (5) members

for the purpose of obtaining two professional appraisals of the Boston Edison property for possible use by the Board of Assessors in determining the assessment of said property, and the sum of $10,000.00 is raised and appropriated from tax levy for the purpose of said committee.

Discussion ensued involving Dr. Nalband, Mr. Lane, Mr. Masison, Secretary of the Appropriation Committee; and Mr. Field.

Comes now the question on the motion by the Appropriation Committee.

Vote was taken and the Moderator declared the motion by the Appropriation Committee was LOST.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That all Committees which have not rendered a final report be continued until the work under their charge is completed.

MOVED by Mr. Feeney:

That a Committee of five (5) be appointed by the Town Moderator to study and review sections four hundred and four (404) and four hundred and four "A" (404A) of the By-Laws of the Town of Weymouth and the administration and operation of the Legal Department for the purpose of determining the advisibility of setting up a legal department of the Town with a full time Town Counsel or to make any other recommendations. Said committee to report to the Next Annual Town Meeting.

Discussion ensued involving Mr. Feeney, Mr. Masison, Secretary of the Appropriation Committee; and Town Counsel Kelly.

Comes now the question on the motion by Mr. Feeney.

Vote was taken and the Moderator declared the motion by Mr. Feeney was LOST.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That Article 54 be considered at this time.

ARTICLE 54. (By Direction of Selectmen). To see what sum of money the Town will vote from surplus for the use of the Assessors in determining the tax rate for the year 1969; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $800,000 be appropriated from available funds (Excess and Deficiency Account) for the use of Assessors in determining the tax rate for the year 1969.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; Mr. Lane, and Town Accountant Roulston.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 4. (By Direction of Selectmen). To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969 and January 1, 1970, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with provisions of General Laws, Chapter 44, Section 17.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Treasurer with the approval of the Selectmen be so authorized.

ARTICLE 5. (On Petition and by Direction of Selectmen). To see if the Town will accept the several reports of the Selectmen laying out as Town ways the following designated private ways and part of ways, or any of them, to wit:

AVONIA AVENUE - From Essex Street, 300 Linear Feet westerly and northerly to dead end.
FORD ROAD - From Holly Hill Circle, 630 Linear Feet easterly to Southeast Expressway.
HARVARD STREET - From Avonia Avenue, 200 Linear Feet westerly to #17 Harvard Street.
IVY ROAD - From #52 Ivy Road, 377 Linear Feet southerly to #77 Ivy Road.
LINNWAY STREET - From Burkhall Street, 445 Linear Feet northerly to Circuit Road.
PATTERSON STREET - From Lakehurst Avenue, 300 Linear Feet westerly to Whitman's Pond.
ROBINSWOOD ROAD - From Pond Street, 957 Linear Feet westerly.
SUSAN ROAD - From Thicket Street, 461 Linear Feet southerly to dead end.
VINSON STREET - From May Terrace, 400 Linear Feet easterly.

and will authorize the Board of Selectmen to acquire by gift or purchase or take by right of eminent domain in fee or otherwise for all purposes of a public street and highway in and over each of said streets as laid out and accepted and see what sum of money the Town will vote to raise and appropriate for the working of each of the above-named streets, including the acquisition of the fee or any interests above referred to, and for the building of any bridges, drains and conduits or securing easements which may be necessary in connection therewith, and to see whether the Town will authorize the Board of Selectmen to accept deeds of any reservation strips existing in connection with any said streets, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town accept the several reports of the Board of Selectmen laying out as Town Ways, the following designated private ways, and parts of them, to wit:

FORD ROAD - From Holly Hill Circle, 630 l.f. easterly to Southeast Expressway.
IVY ROAD - From #52 Ivy Road, 377 l.f. southerly to #77 Ivy Road.
LINNWAY STREET - From Burkhall Street, 445 l.f. northerly to Circuit Road.
ROBINSWOOD ROAD - From Pond Street, 957 l.f. westerly.
SUSAN ROAD - From Thicket Street, 461 l.f. southerly to dead end.

And the Board of Selectmen is hereby authorized to acquire by gift, purchase, or take by Right of Eminent Domain, in fee, or otherwise, for purposes of a public street and highway in and over each of said streets as laid out and accepted and that the sum of $16,800 be raised and appropriated for materials for working of the above named streets, including the acquisition of the fee above referred to, and the building of any bridge, drains and conduits or securing easements which may be necessary in connection therewith; and that the Board of Selectmen be authorized to accept deeds of any reservation strips existing in connection with any of said streets.

Provided that no work shall be done on any of these streets until 90 per cent of the abutters, or 100 per cent if in the opinion of the Town Counsel that becomes necessary, have signed, executed, and delivered to the Town Counsel proper releases.

Provided further that the final naming of these streets accepted must meet with the approval of the Planning Board; and the work on these streets shall be performed under the direction of the Board of Public Works.

Provided further that the sum of $1,200 be raised and appropriated for the necessary water mains on said streets and that water mains be installed before any work is done, and the sume of $21,400 be raised and appropriated for common and particular sewer work; and to meet said appropriation the sum of $39,400 is raised and appropriated from Tax Levy.

Discussion ensued involving Mr. Lane, Mr. Lindsay, Chairman of the Appropriation Committee; Mr. Salamone, and Mr. Pompeo.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 6. (By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer and/or borrowing to be expended under the direction of the Board of Selectmen for the purpose of stocking the ponds and inland waters, located within Town limits, with fish and/or liberating game, all in accordance with General Laws (Ter. Ed.) Chapter 40, Section 5, Clause 11, or to take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $300 be raised and appropriated from Tax Levy to be expended under the direction of the Board of Selectmen for the purpose of stocking the ponds and inland waters, located within Town Limits, with fish and/or liberating game, all in accordance with General Laws (ter. Ed.), Chapter 40, Section 5, Clause 41.

ARTICLE 7. (By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer and/or borrowing for the Town's share in the South Shore Mosquito Control District, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $9,707 be raised and appropriated from Tax Levy for the Town's share in the South Shore Mosquito Control District and that the Board of Public Works be instructed to notify the South

Shore Mosquito Control of the needs of the Town.

ARTICLE 8. (By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer and/or borrowing for the purpose of maintaining during the ensuing year, the mosquito control work as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $500 be raised and appropriated from Tax Levy for the purpose of maintaining during the ensuing year, the mosquito control work as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

ARTICLE 9. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing for the continuation of the Major Highway Program for construction and/or reconstruction of main streets and roads including Commercial, Middle, Water, Neck and Pleasant Street, provided that Chapter 90 funds, if any, may be used for the purpose, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $250,000 be raised and appropriated for the construction, extension and widening of public ways, including land damages and the cost of pavement and sidewalks laid at the time of said construction and for the construction of stone, block, brick, cement, concrete, bituminous concrete, bituminous macadam or other permanent pavement of similar lasting character; that to raise this appropriation $15,000 shall be included in the tax levy and the Treasurer with the approval of the Selectmen is authorized to borrow $235,000 under General Laws Chapter 44, Section 7 (5) as amended, such appropriation to be in addition to any sums received as state or county aid.

Discussion ensued involving Mr. Salamone, Mr. Masison, Secretary of the Appropriation Committee; and Mr. Moran.

MOVED the following amendment by Mr. Moran:

That the sum of $150,000 be raised and appropriated for the construction, extenstion and widening of public ways, including land damages and the cost of pavement and sidewalks laid at the time of said construction and for the construction of stone, block, brick, cement, concrete, bituminous concrete, bituminous macadam or other permanent pavement of similar lasting character; that to raise this appropriation $15,000 shall be included in the tax levy and the Treasurer with the approval of the Selectmen is authorized to borrow $135,000 under General Laws, Chapter 44, Section 7 (5) as amended, such appropriation to be in addition to any sums received as state or county aid.

Further discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; Mr. Moran, Mr. Nourse of the Board of Public Works, and Mr. Salamone.

MOVED the following substitute motion by Mr. Salamone:

No action.

Further discussion ensued involving Mr. McCaffrey of the Board of Publis Works, Mr. Masison, Secretary of the Appropriation Committee; Mr. Salamone, and Mr. Lane.

MOVED by Mr. Salamone:

The previous question.

Comes now the question on the motion by Mr. Salamone for the previous question.

Vote was taken and there being votes in the negative the Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 139 votes in the affirmative and 2 votes in the negative. There being more than the required votes in the affirmative the Moderator declared the motion by Mr. Salamone for the previous question was

SO VOTED

Further discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; Mr. Lane, and Mr. McCaffrey of the Board of Public Works.

Comes now the question on the substitute motion by Mr. Salamone.

Vote was taken and the Moderator declared the substitute motion by Mr. Salamone was LOST.

Comes now the question on the amendment by Mr. Moran to the motion by the Appropriation Committee.

The Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 36 votes in the affirmative and 101 votes in the negative. The Moderator then declared that the amendment by Mr. Moran to the motion by the Appropriation Committee was LOST.

Comes now the question on the motion by the Appropriation Committee.

The Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 113 votes in the affirmative and 23 votes in the negative. There being more than the required two-thirds vote in the affirmative the Moderator declared that the motion by the Appropriation Committee was

SO VOTED

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Adjourned Annual Town Meeting adjourn at 11:55 p.m. until 7:45 p.m., Friday, March 7, 1969.

A True Copy Attest:

Harry Christensen
Town Clerk

TOWN OF WEYMOUTH
ADJOURNED ANNUAL TOWN MEETING
FRIDAY, MARCH 7, 1969

The Adjourned Annual Town Meeting was called to order at 7:45 o'clock in the evening of Friday, March 7, 1969, by the Annual Moderator, Mr. Philip T. Jones.

Prayer for Divine Guidance was offered by Mr. Arthur Cicchese, Town Meeting Member.

The assembly joined in the pledge of allegiance to the Flag of the United States.

There were no Town Meeting Members to be sworn by the Moderator.

There were 178 Town Meeting Members present.

The Moderator declared a quorum present.

We now continue with consideration of the Articles in the Warrant, the first item being Article 10.

ARTICLE 10. (By Request of the Board of Public Works). To see if the Town will vote to raise and appropriate a sum of money for the construction of common sewers and determine whether the money shall be provided for by taxation, transfer, by appropriation from available funds, including sewer assessment funds, and/or borrowing or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $775,000 be raised and appropriated for the construction of common sewers to be expended under the direction of the Board of Public Works, and to meet said appropriation, the sum of $9,020.39 is reappropriated from funds available and previously appropriated for the Swamp River Trunk Portion of the Sewer Program, the sum of $649.41 is reappropriated from funds available and previously appropriated for Drainage on Madison Street, the sum of $7,720.39 is reappropriated from funds available and previously appropriated for New Streets - 1966, the sum of $6,691.18 is appropriated from the Common and Particular Sewer Account, and $918.63 is raised and appropriated from Tax Levy, and the Treasurer with the approval of the Board of Selectmen is hereby authorized to borrow the sum of $750,000 for new construction and to issue bonds and notes payable in accordance with General Laws, (Ter. Ed.) Chapter 44, so that the entire sum shall be payable in not more than thirty years from their dates.

Discussion ensued involving Mr. Durgin of the Appropriation Committee, Mr. Moran, and Mr. Bilodeau, Director of Public Works.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 11. (By Request of the Board of Public Works). To see if the Town will vote to raise and appropriate a sum of money for the construction of particular sewers and determine whether the money shall be provided for by taxation, by appropriation from available funds, including sewer assessment funds,

and/or borrowing, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $170,000 be raised and appropriated for the construction of particular sewers under the jurisdiction of the Board of Public Works, and to meet said appropriation, the sum of $27,000 is raised and appropriated from Tax Levy and the sum of $143,000 is appropriated from the Common and Particular Sewer Account

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: To consider Article 46 at this time.

ARTICLE 46. (By Petition of Bernice A. McDonald and Others). To see what sum of money the Town will vote to raise by taxation, transfer from available funds and/or borrow, and appropriate for the purpose of construction of particular and common sewers on the following streets:

CONSTITUTION AVENUE
BENGAL ROAD
REDJACKET ROAD
BLACK HAWK ROAD
BALD EAGLE ROAD
COURIER ROAD
DELIA WALKER AVENUE
VINSON STREET
and MAY TERRACE

or take any other action in relation thereto.

MOVED by the Appropriation Committee:

No action.

Mr. Durgin of the Appropriation Committee spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

SO VOTED

ARTICLE 12. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing for drainage purposes (for stream improvement) from Weymouth Back River to Whitman's Pond, consisting of flood-flow conduit and channel and works at dams, as recommended by Metcalf and Eddy, Engineers, in report to Weymouth Drainage Committee dated March 11, 1957

That the sum of money hereby appropriated shall be made available only if the State, under General Laws, Chapter 91, will pay a sum of money proportionate to the cost of construction under the provisions of said Chapter, provided further, that such work shall be done by private contract under the direction of the Board of Public Works and/or the State Department of Public Works.

Also, to see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores, and shores along a public beach outside of Boston Harbor, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Board of Selectmen to execute and deliver a bond or indemnity therefor to the Commonwealth, or take any other

action in realtion thereto.

MOVED by the Appropriation Committee:

That the sum of $250,000 be raised and appropriated for improvements to be made under General Laws Chapter 91, Section 29, including improvements to the Weymouth Back River; that to raise this appropriation $15,000 shall be included in the tax levy and the Treasurer with the approval of the Selectmen is authroized to borrow $235,000 under General Laws, Chapter 44, Section 7 (17) as amended; provided, that no amounts shall be borrowed or expended hereunder until the Selectmen determine that a proportionate amount the total cost of the project will be paid by the State of Massachusetts under General Laws Chapter 91; and that pursuant to the authority given in General Laws Chapter 91, Section 29 as amended, the Town assumes liability for all damages to property suffered by a person by any taking of land, or of any right, interest or easement therein, within the Town made by the State Department of Public Works for the project herein authorized.

Discussion ensued involving Mr. Lindsay, Chairman of the Appropiration Committee, Mr. Lane, Mr. Bilodeau, Director of Public Works; Mr. Ward, Mr. McCaffrey of the Board of Public Works; and Mr. Masison, Secretary of the Appropriation Committee.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 13. (By Request of the Board of Public Works.) To see if the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing, a sum of money for Dutch Elm Disease Control, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $3,000 be raised and appropriated from Tax Levy for Dutch Elm Disease Control, under the requirements of Chapter 657 of the Acts of 1956, such sum to be expended under the direction of the Board of Public Works.

ARTICLE 14. (By Request of the Board of Public Works). To see if the Town will vote to raise and appropriate by taxation, transfer from available funds, and/or borrowing, a sum of money for the construction of sidewalks and curbing and repairs of existing sidewalks and curbing and any retaining walls necessitated by construction of said sidewalks, under a Sidewalk Building Program to be set up by the Board of Public Works; said money to be under the jurisdiction of the Board of Public Works, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $35,000 be raised and appropriated from Tax Levy for the construction of sidewalks and curbing and for repairs of old sidewalks and curbing under the sidewalk program set up by the Board of Public Works.

Discussion ensued involving Mr. Lane, Mr. Masison, Secretary of the Appropriation Committee; Mr. Rennie of the Board of Selectmen, Mr. Salamone, Mr. Bilodeau, Director of Public Works; and Mr. McCaffrey of the Board of Public Works.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

The Moderator announced that a group of students from Weymouth High School and Attleboro High School were present participating in the Student Exchange Program sponsored by the Massachusetts Department of Education. The Town Meeting Members greeted their guests with applause.

ARTICLE 15. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing for pruposes of a flood control project in Smelt Brook Watershed to be used in conjunction with matching funds by the Town of Braintree, said sum to be expended under the direction of the Board of Public Works and/or the State Department of Public Works, which shall be authorized to negotiate for and purchase necessary easements therefor; also to see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapter 516 and 525, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores, and shores along a public beach outside of Boston Harbor in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Board of Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $1.00 be raised and appropriated from Tax Levy for pruposes of a flood control project in Smelt Brook Watershed to be used in conjunction with matching funds by the Town of Braintree, said sum to be expended under the direction of the Board of Public Works and/or the State Department of Public Works, which shall be authorized to negotiate for and purchase necessary easements therefor.

Provided further, that the Town assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, and the Board of Selectmen are authorized to execute and deliver a bond of indemnity therefor to the Commonwealth.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; Mr. Lane, Mr. Bilodeau, Director of Public Works; and Mr. Rennie of the Board of Selectmen.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 16. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise, and appropriate by taxation, transfer from available funds and/or borrowing, to reconstruct, resurface, widen, straighten, relocate or work Pleasant Street and/or any other streets or any portion of said streets and for building any bridges, drains, and conduits or securing easements which may be necessary in connection therewith and to see whether the Town will authorize the Board of Selectmen to accept deeds of any reservation strips existing in connection with said streets provided the State or County, or both, will appropriate a sum of money to help defray the

expenses of such work; and transfer from surplus funds that the Town may have, the County or State share of said cost, the amount of this transfer or reimbursement to be credited to the account from which it came; and will authorize the Board of Selectmen to acquire by gift, purchase, or take by right of eminent domain, in fee or otherwise, for all purposes of a public street and highway in and over said street and such proberty as may be necessary, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $100,000 be raised and appropriated from Tax Levy to the Board of Public Works to reconstruct, resurface, widen, straighten, relocate, and work Pleasant Street and/or any other street, or any portion of said ways and for the building of any bridge, drains, conduits or securing any easements which may be necessary and that the Board of Selectment is authorized to accept any deed of any reservation strips in connection with said streets;

Provided, that all damages resulting or occasioned by the construction shall be a charge against the summs appropriated, the Board of Selectmen is hereby authorized to acquire by gift or purchase, or take by Right of Eminent Domain, in fee or otherwise, for all pruposes of public streets or highways in and over said streets such property as may be necessary;

Provided further, that the above sum named shall be made available only if the State or County, or both, under General Laws (Ter. Ed.) Chapter 90, will pay a sum of money proportionate to the cost of construction under the provisions of said Chapter; all payments from State and County to revert to the Excess and Deficiency Account;

Provided further, that such work shall be done by private contract under the direction of the Board of Public Works and/or the State Department of Public Works.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; Mr. Moran, Mr. Lane, and Mr. Bilodeau, Director of Public Works.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 17. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or by borrowing for the grouting and maintenance repair of seawall footings and stone groins at Wessagusset Road, Regatta Road, and Fort Point Road, work to be done by private contract under the direction of the Board of Public Works, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $20,000 be raised and appropriated from Tax Levy for the grouting and maintenance repair of seawall footings and stone groins at Wessagusset Road, Regatta Road and Fort Point Road, such work to be done by private contract and under the direction of the Board of Public Works.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 18. (By Request of the Board of Public Works). To see if the Town will vote to appropriate a sum of money for the construction of a Standpipe and for laying and relaying water mains of not less than six inches in diameter and to determine whether such appropriation shall be raised by borrowing or otherwise, or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $400,000 be raised and appropriated for the construction of a standpipe and for laying and relaying water mains of not less than six inches in diameter;

And to meet said appropriation, the sum of $75,000 is appropriated from available funds (Water Excess and Deficiency Account) and the Treasurer with the approval of the Board of Selectmen is authorized to borrow $325,000 under Chapter 44 of the General Laws as amended.

Discussion ensued involving Mr. Lindsay, Chairman of the Appropriation Committee, and Mr. Moran.

MOVED the following substitute motion by Mr. Moran:

That the subject matter of this Article be postponed to the next Annual Town Meeting.

Further discussion ensued involving Mr. Moran, Mr. McCaffrey of the Board of Public Works, Mr. Masison, Secretary of the Appropriation Committee; and Mr. Bilodeau, Director of Public Works.

Comes now the question on the substitute motion by Mr. Moran.

Vote was taken and the Moderator declared the substitute motion by Mr. Moran was LOST.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 19. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or by borrowing for necessary repairs, maintenance, scraping and painting of the Idlewell Street bridge, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $15,000 be raised and appropriated from Tax Levy for necessary repairs, maintenance, scraping and painting of the Idlewell Street bridge.

ARTICLE 20. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or by borrowing for the reconstruction of Neck Street, or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: No action.

ARTICLE 21. (By Request of the Board of Public Works). To see if the Town will vote to accept by gift a strip of land along Prospect Street, as show on a plan drawn by Town Engineer Frank Lagrotteria No. 2334-B dated January, 1969, a copy of which is on file with the Town Clerk, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to acquire by gift a certain parcel of land along Prospect Street, as shown on a plan dated January, 1969, being numbered 2334-B, drawn by Frank S. Lagrotteria, Town Engineer, duly filed in the Town Clerk's office.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 22. (By Request of the Board of Public Works). To see if the Town will vote to accept by gift, or appropriate a sum of money to purchase or take by eminent domain, certain land at the intersection of Washington and Vine Streets, as shown on a plan drawn by Town Engineer Frank Lagrotteria No. 2335-B dated January, 1969, a copy of which is on file with the Town Clerk, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $500 be raised and appropriated from Tax Levy for the purpose of acquiring by gift or purchase, a certain parcel of land at the intersection of Washington and Vine Street, said parcel of land being shown on a plan dated January, 1969, being numbered 2335-B drawn by Frank S. Lagrotteria, Town Engineer, duly filed in the Town Clerk's office.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

Upon motion duly made by Mr. McGonnigal, Chairman of the Park Commissioners, it was

UNANIMOUSLY VOTED: That Articles 24 and 25 be considered at this time prior to Article 23.

ARTICLE 24. (By Request of the Board of Public Works). To see if the Town will vote to transfer from the control of the Park Commissioners a certain parcel of land shown on the Atlas of the Town of Weymouth dated January 1, 1963 as Lot 5 Block 3 Sheet 2, generally known as the Town Marina, which parcel was acquired by the Town for park purposes and to instruct the Board of Selectmen to petition the General Court for authority and approval of said transfer, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote for transfer from the control of the Park Commissioners to the Board of Selectmen, a certain parcel of land shown on the Atlas of the Town of Weymouth dated January, 1963 as Lot 5, Block 3, Sheet 2, generally known as the Town Marina, which parcel of land was acquired by the Town for park purposes and to instruct the Board of Selectmen to petition the eneral Court for authority and approval of said transfer.

MOVED the following substitute motion by Mr. McGonnigal, Chairman of the Park Commissioners:

To transfer from the control of the Park Commission a certain parcel of land shown on the Atlas of the Town of Weymouth dated January 1, 1963 as Lot 5, Block 3, Sheet 2, generally known as the Town Marina, which parcel was acquired by the Town for park purposes, with the condition that a section of same namely -- Beginning at the lower northeasterly corner of Lot 55, Block 3, Sheet 2; thence running southwesterly along Lot 55, 85 feet; thence running southeasterly along a line parallel to the easterly boundary line of Lot 38, Block 3, Sheet 2, 170 feet thence running 85 feet to Beach Road, thence running more easterly along Beach Road along a curve to the right with a radius of 87.73 feet for a distance of 47.33 feet. Thence running northwesterly 150 feet to the lower corner of Lot 55 and point of beginning; be retained by the Park Commission for recreation purposes and to instruct the Board of Selectmen to petition the General Court for authority and approval of said transfer.

Lengthy discussion ensued involving several Town Officials and Citizens of the Town

With the unanimous consent of the meeting the Appropriation Committee withdrew its motion.

MOVED the following substitute motion by Mr. Salamone:

No action.

Further lengthy discussion ensued involving several Town Officials and Town Meeting Members and Citizens of the Town.

Upon motion duly made by the Appropriation Committee, it was

SO VOTED: The previous question.

Further discussion ensued involving several Town Officials, Town Meeting Members and Citizens of the Town.

Comes now the question on the substitute motion by Mr. Salamone.

SO VOTED

Upon motion duly made by the Appropriation Committee, it was

SO VOTED: Reconsideration of the action taken under Article 24.

Upon motion duly made by the Appropriation Committee, it was

SO VOTED: That the Town Moderator appoint a Committee to be known as the River Street Parking Area and Playground Study Committee to be composed of seven members consisting of two Citizens of the Town from Precinct 1, one member from the Board of Selectmen, one member from the Appropriation Committee, one member from the Board of Public Works, one member from the Park Commissioners, and the Chief of Police; said Committee to report to the next Town Meeting with a recommendation regarding the use to be made of Lots 5, 55, and 56, Block 3, Sheet 2 of the Atlas of the Town.

ARTICLE 25. (By Request of the Board of Public Works). To see if the Town will vote to authorize and instruct the Board of Selectmen to limit the parking of automobiles to the residents of the Town of Weymouth within the areas of Lots 55, 56 and 5, Block 3, Sheet 2 as shown on the Atlas of the Town of Weymouth dated January 1, 1963, excepting that protion of Lot 5 that is presently occupied by the access road, parking area and boat ramp of the public access marina, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to authorize and instruct the Board of Selectmen to limit the parking of automobiles to the residents of the Town of Weymouth within the areas of Lots 55, 56, and 5, Block 3, Sheet 2 as shown on the Atlas of the Town of Weymouth dated January 1, 1963, excepting that portion of Lot 5 that is presently occupied by the access road, parking area and boat ramp of the public access marina.

MOVED the following substitute motion by Mr. Salamone:

No action.

Comes now the question on the substitute motion by Mr. Salamone.

SO VOTED

ARTICLE 23. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or by borrowing for the purpose of grading, leveling, draining and paving a protion of the River Street parking area for the use of the extended Wessagusset Beach and marina, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $25,000 be raised and appropriated from Tax Levy for the purpose of grading, leveling, draining and paving a portion of the River Street parking area for the use of the extended Wessagusset Beach and Marina.

MOVED the following substitute motion by Mr. Salamone:

No action.

Comes now the question on the substitute motion by Mr. Salamone.

SO VOTED

(Articles 24 and 25 were previously considered.)

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That Article 30 be considered at this time.

ARTICLE 30. (By Request of the Building Committee for an Addition to the William Seach School). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow, and appropriate, for the purpose of constructing and addition of twelve (12) classrooms, kindergarten rooms, and other needed special facilities at the William Seach School, and originally equipping and furnishing the same, and for making such changes as are needed in the present structure and site; the same to be expended under the direction of the Building Committee appointed under Article 39 of the Annual Town Meeting of March, 1968; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $1,140,000 be raised and appropriated for constructing, originally equipping and furnishing an addition to the William Seach School; that to raise this appropriation the Treasurer eith the approval of the Selectmen is authorized to borrow $1,140,000 under Chapter 645 of the Acts of 1948 as amended; and that the Building Committee appointed under Article 39 of the Annual Town Meeting of March, 1968 is authorized to take all action necessary to carry out this project.

Discussion ensued involving Mr. Masison, Secretrary of the Appropriation Committee; Mr. Hickey, Chiarman of the Seach School Addition Building Committee; Mr. Moran, and Mr. Fulton.

MOVED the following substitute motion by Mr. Fulton:

That the sum of $1,140,000 be raised and appropriated for constructing, originally equipping and furnishing an addition to the William Seach School; that to raise this appropriation the Treasurer with the approval of the Selectmen is aouthorized to borrow $1,140,000 under Chapter 645 of the Acts of 1948 as amended so that the entire sum shall be payable in not more than ten (10) years from their dates; and that the Building Committee appointed under Article 39 of the Annual Town Meeting of March, 1968 is authorized to take all necessary action to carry out this project.

Further discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; and Mr. Lane.

(A ten minute recess was taken at this time).

Further discussion ensued involving Mr. Cicchese, Mr. Masison, Secretary of the Appropriation Committee; and Mr. Lane.

Comes now the question on the substitute motion by Mr. Fulton.

Vote was taken and there being votes in the negative the Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 119 votes in the affirmative and 12 votes in the negative. There being more than the required two-thirds vote in the affirmative the Moderator declared the substitute motion by Mr. Fulton was

SO VOTED

MOVED by Mr. Taber, Chairman of the Airport Commission:

That Articles 36 through 39 be considered at this time.

Discussion ensued involving Mr. Pompeo, Mr. Masison, Secretary of the Appropriation Committee; and Mr. Lane.

Comes now the question on the motion by Mr. Taber, Chairman of the Airport Commission.

Vote was taken and the Moderator declared that there not being the required two-thirds in the affirmative that the motion by Mr. Taber, Chairman of the Airport Commission, was LOST.

ARTICLE 26. (By Request of the Board of Public Works and Board of Health), To see if the Town will vote to raise and appropriate by taxation, transfer from available funds and/or by borrowing a sum of money for the initial equipment and annual supply of chemicals for the purpose of introducing the necessary quantity of fluorine into the drinking water of Weymouth as prescribed by the State Department of Public Health, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town raise and appropriate the sum of $15,000 from Tax Levy for the initial equipment and annual supply of chemicals for the purpose of introducing the necessary quantity of fluorine into the drinking water of Weymouth as prescribed by the State Department of Public Health.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; and Mr. Field.

MOVED the following substitute motion by Mr. Field:

Indefinite postponement.

Further discussion ensued involving Mr. Feeney and Mr. Salamone.

Moderator then declared that the substitute motion by Mr. Field was

SO VOTED

ARTICLE 27. (By Request of the School Committee). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow and appropriate, for the Town's share of the cost of building a Vocational School Annex on a protion of Lot 21, Block 240, shown on Sheet 18 of the Atlas of the Town of Weymouth dated January 1, 1963, which lot is owned by the Town and said building to be constructed on the easterly part of said lot adjacent to Chard Street and Maple Street; said Annex to be operated as part of the Weymouth Vocational Technical High School; said building to be constructed by the students of the Weymouth Vocational Technical High School to the extent permitted by law. Any such sum so appropriated to be contingent upon appropriation of State and Federal funds for the same purpose; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

No action.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; and Mr. Pompeo.

MOVED the following substitute motion by Mr. Fulton of the School Committee.

That the Town vote to raise by tax levy the sum of $15,000 for the Town's shore of the cost of building a Vocational School Annex on a portion of Lot 21, Block 240, shown on Sheet 18 of the Atlas of the Town of Weymouth dated January 1, 1963, which lot is owned by the Town and said building to be constructed on the easterly part of said lot adjacent to Chard and Maple Streets; and Annex to be operated as part of the Weymouth Vocational Technical High School; said building to be constructed by the students of the Weymouth Vocational Technical High School to the extent permitted by Law. Any such sum so appropriated to be contingent upon appropriation of State and Federal funds, and said sum to be expended under the direction of the School Committee.

Lengthy discussion ensued involving several Town Officials and Town Meeting Members.

Upon motion duly made by Mr. Moran it was

SO VOTED: The previous question.

Comes now the question on the substitute motion by Mr. Fulton of the School Committee:

SO VOTED

ARTICLE 28. (By Request of the School Committee). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow and appropriate, for the purpose of preparing preliminary plans, specifications, and obtaining bids for the construction of a new elementary school of eighteen classrooms, kindergarten rooms, and other special facilities, on Town-owned land off Union Street in South Weymouth, on a portion of Lot 3, Block 574, a portion of Lot 1, Block 575, a portion of Lot 2,

Block 575, and a portion of Lot 3, Block 575, as shown on sheets 51 and 55 of the Town of Weymouth Assessors' Map, revised to January 1, 1967; and that a committee of seven be appointed by the Moderator to act as a Building Committee for this building; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $78,000 be raised and appropriated from Tax Levy for the purpose of preparing preliminary plans, specifications, and obtaining bids for the construction of a new elementary school of eighteen classrooms, two kindergarten rooms, and other special facilities, on Town-owned land off Union Street in South Weymouth, on a portion of Lot 3, Block 574, a portion of Lot 1, Block 575, a portion of Lot 2, Block 575, and a portion of Lot 3, Block 575, as shown on sheets 51 and 55 of the Town of Weymouth Assessors' Map, revised to January 1, 1967; and that a committee of seven be appointed by the Moderator to act as a Building Committee for this building.

Discussion ensued involving Mr. Lindsay, Chairman of the Appropriation Committee; Mr. Moran, Mr. Masison, Secretary of the Appropriation Committee; Dr. Farrin, Superintendent of Schools; and Mr. Salamone.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 29. (By Request of the School Committee). To see if the Town will vote to transfer to the control of the School Committee as a site for a future elementary school, approximately five (5) acres of the so-called Municipal Parking Area in North Weymouth, being the southerly portion of Block 24, Lot 1, sheets 4 and 5 of the 1963 Town Atlas, as shown and described on a plan prepared by the Town Engineer and filed with the Town Clerk; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to transfer to the control of the School Committee as a site for a future elementary school, a certain parcel of land containing approximately seven (7.7) acres of the so-called Municipal Parking Area in North Weymouth, being the southerly portion of Block 24, Lot 1, sheets 4 and 5 of the 1963 Town Atlas, said parcel being shown on a plan entitled, "Proposed New School Site in North Weymouth", by Frank S. Lagrotteria, Town Engineer, dated January, 1969, being Plan Number 2119-B, duly filed in the Office of the Town Clerk.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

MOVED the following amendment by Mr. Rennie of the Board of Selectmen:

Provided, however, that no fence shall be erected between the portion of the premises designated for school use and the Municipal Parking Area; and further provided that the School Committee shall allow public parking subject to the rules and regulations which apply to the Municipal Parking Area in that portion of the school premises which is designated as a parking area, said public parking will be allowed only on those days when school is not in regular session.

There being no objection the Moderator declared that the amendment by Mr. Rennie of the Board of Selectmen would become part of the motion by the Appropriation Committee.

MOVED by Mr. Lane:

That Article 48 be considered at this time.

Discussion ensued involving Mr. Lane, Town Counsel Kelly, and Mr. Masison, Secretary of the Appropriation Committee.

Comes now the question on the motion by Mr. Lane.

Vote was taken and there not being the required two-thirds vote in the affirmative the Moderator declared the motion by Mr. Lane was LOST.

Further discussion ensued involving Mr. Lane, and Dr. Farrin, superintendent of Schools.

MOVED: by Mr. Moran.

The previous question.

Town Counsel Kelly spoke on the motion.

Comes now the question on the motion by Mr. Moran.

Vote was taken and the Moderator declared the motion by Mr. Moran was LOST.

Further discussion ensued involving Fire Chief Stevens, and Mr. Henley of the Park Commissioners.

MOVED by Mr. Moran:

The previous question.

Comes now the question on the motion by Mr. Moran.

Vote was taken and there being more than the required two-thirds vote in the affirmative the Moderator declared the motion by Mr. Moran was

SO VOTED

Further discussion ensued involving Mr. Blazo, Mr. Salamone, Mr. Fulton of the School Committee, Mr. Lane, Mr. McCaffrey of the Board of Public Works, and Mr. Bilodeau, Director of Public Works.

Comes now the question on the motion by the Appropriation Committee as amended:

SO VOTED

MOVED by Mr. Moran:

That the Adjourned Annual Town Meeting adjourn at 12:45 a.m. until 10:00 a.m., Saturday, March 8, 1969.

MOVED by Mr. Lane

That the Adjourned Annual Town Meeting adjourn at 12:45 a.m. until 1:00 p.m., Saturday, March 8, 1969.

MOVED by Mr. Fulton:

That the Adjourned Annual Town Meeting adjourn at 12:45 a.m. until 7:45 p.m., Saturday, March 8, 1969.

Comes now the question on the motion by Mr. Fulton.

Vote was taken and the Moderator declared that the motion by Mr. Fulton was LOST.

Comes now the question on the motion by Mr. Lane.

Town Clerk

TOWN OF WEYMOUTH
ADJOURNED ANNUAL TOWN MEETING
SATURDAY, MARCH 8, 1969

The Adjourned Annual Town Meeting was called to order at 1:10 o'clock in the afternoon of Saturday, March 8, 1969 by the Annual Moderator, Mr. Philip T. Jones.

The assembly stood in silent prayer for Divine Guidance.

The assembly joined in the pledge of alleginace to the Flag of the United States.

There were no Town Meeting Members to be sworn by the Moderator.

The Moderator declared a quorum present and the presence of a quorum being doubted the Moderator ordered a Teller count. Count was made and the Tellers reported 132 Town Meeting Members present. The Moderator then declared that a quorum being 130 and 132 being present that a quorum was present. During the course of the meeting 165 Town Meeting Members were recorded as being present.

Mr. Olander of the School Committee spoke on the action taken under Article 29.

No we continue with consideration of the Articles in the Warrant.

Upon motion duly made by Mr. Henley of the Park Commissioners, it was

SO VOTED: Reconsideration of Article 3

MOVED by Mr. Henley of the Park Commissioners:

That any Committee, except Building Committees, not having submitted a report nor having held an advertised meeting within the last three years, shall be considered to have completed the work under their charge and be discharged.

MOVED the following amendment by the Appropriation Committee to the motion by Mr. Henley of the Park Commissioners.

To change the words "three years" to read "five years".

Comes now the question on the amendment by the Appropriation Committee to the motion by Mr. Henley of the Park Commissioners.

SO VOTED

Discussion ensued involving Mr. Lane, Mr. Heffernan of the Board of Selectmen, Mr. Tirrell, and Mr. Masison, Secretary of the Appropriation Committee.

MOVED the following substitute motion by Mr. Tirrell:

That all committees now in existence be required to file a report with the Moderator within six months of this date or be discharged at that time.

Town Counsel Kelly spoke on the substitute motion.

MOVED the following substitute motion by Mr. Henley of the Park Commissioners:

That the Wessagusset Beach Development Committee and the Weymouth Youth Commission shall be considered to have completed the work under their charge and be discharged.

MOVED the following amendment by Mr. Salamone to the motion by Mr. Henley of the Park Commissioners:

That all other Committees now in existence be required to report to the next Town Meeting.

Comes now the question on the amendment by Mr. Salamone to the substitute motion by Mr. Henley of the Park Commissioners.

SO VOTED

Comes now the question on the substitute motion by Mr. Henley of the Park Commissioners as thus amended.

SO VOTED

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: To consider Article 43 at this time.

ARTICLE 43. (By request of the Board of Registrars). To see what sum of money the Town will vote to raise by taxation, transfer from available funds and/or borrow, and appropriate for the purpose of purchasing, renting or leasing automatic voting machines; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $135,000 be raised and appropriated for the purchase of voting machines; that to raise this appropriation $15,000 shall be included in the tax levy and the Treasurer with the approval of the Selectmen is authorized to borrow $120,000 under Chapter 44 of the General Laws as amended.

Discussion ensued involving Mr. Masison, Secretary of the Appropriation Committee; and Mr. Lane.

MOVED the following substitue motion by Mr. Lane:

That the subject matter of Article 43 be referred to the next Town Meeting.

Discussion ensued involving Mr. Meade, Town Clerk Christensen, Mr. Fryer of the Board of Selectmen, and Dr. Nalband.

Comes now the question on the substitute motion by Mr. Lane.

Vote was taken and the Moderator declared the substitute motion by Mr. Lane lost. More than seven doubting the vote the Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 76 votes in the affirmative and 74 votes in the negative. The Moderator then declared the substitute motion by Mr. Lane was

SO VOTED

MOVED by Dr. Nalband:

Reconsideration of the action taken under Article 26.

Discussion ensued involving Dr. Nalband, Mr. Masison, Secretary of the Appropriation Committee; and Mrs. VanKeuren of the Board of Health.

MOVED:

The previous question.

Comes now the question on the motion for the previous question. Vote was taken and there being votes in the negative the Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 120 votes in the affirmative and 14 votes in the negative. There being more than the required two-thirds vote in the affirmative the Moderator declared the motion for the previous question was

SO VOTED

Mr. Tirrell spoke on the motion.

Comes now the question on the motion by Dr. Nalband.

Vote was taken and the Moderator being in doubt a Teller count was ordered. Vote and count were taken and the Tellers reported 74 votes in the affirmative and 78 votes in the negative. The Moderator then declared the motion by Dr. Nalband was LOST.

(Article 30 was previously considered.)

ARTICLE 31. (By Request of the Park Commission). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or by borrowing, for the construction and maintenance of various items in the Town of Weymouth Parks and Playgrounds, monies to be spent under the direction of the Department of Public Works; or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $15,040 be raised and appropriated from Tax Levy for the Department of Public Works for playground construction and improvements as follows: Fencing - O'Sullivan Playground $5,050; Bituminous Concrete and Sealer - for Stella Tirrell Basketball Court $500, and O'Sullivan Courts $7,000; Grading, fill and drainage - O'Sullivan Courts $2,500.

ARTICLE 32. (By Request of the Park Commission). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow, and appropriate, for the purpose of constructing a new bath-house at Wessagusset Beach; or take any other action in relation thereto.

MOVED by the appropriation Committee:

No action.

Discussion ensued involving Mr. McGonnigal of the Park Commissioners, and Mr. Masison, Secretary of the Appropriation Committee.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 33. (By Request of the Park Commission). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow, and appropriate, for the purpose of constructing a foot bridge over the Herring Run at Lovell Playground; or take any other action in relation thereto.

MOVED by the Appropriation Committee.

No action.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 34. (By Request of the Park Commission). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow, and appropriate, for the purpose of development, operation, administration, and construction work of the Great Esker, formerly the site of the U. S. Naval Ammunition Depot in North Weymouth; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $7,408 be raised and appropriated from Tax Levy for development, operation, administration and construction work at the Great Esker Park, formerly the site of the U. S. Naval Ammunition Depot in North Weymouth.

Mr. Masison, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 35. (By Request of the Appropriation Committee). To see if the Town will vote to raise and appropriate by taxation, transfer from available funds, and/or borrowing, a sum of money for the purpose of removing a use

restriction imposed by the United States Government on a certain parcel of Town-owned land located on the south side of Bridge Street in North Weymouth, and bounded on the East by the Weymouth Back River and on the South by the Municipal Incinerator and for a more particular description, reference is made to a plan entitled "Plan of Land Owned by the United States Government dated January 19, 1965", said plan being on file in the Town Clerk's office, reference is also made to the metes and bounds in the motion under Article 24 of the Annual Town Meeting of 1965; or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED

ARTICLE 36. (By Request of the Airport Commission). To see whether the Town will vote to authorize the Airport Commission to enter into an agreement with the United States Navy which would permit the use of the facilities, runways and taxi-strips at the South Weymouth Naval Air Station by privately owned civilian aircraft, said use to be subject to rules and regulations established by the Airport Commission and further to see what sum of money the Town will vote to raise by taxation, transfer from available funds and/or borrow and appropriate for the purposes of implementing such contract any such sums shall not include costs for construction of land acquisition; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to authorize the Airport Commission to enter into an agreement with the United State Navy which would permit the use of the facilities, runways and taxi-strips at the South Weymouth Naval Air Station by privately owned civilian aircraft, said use to be subject to rules and regulations established by the Airport Commission, and the sum of $200 is raised and appropriated from Tax Levy for the purposes of implementing such contract, said appropriation shall not include costs for construction or land acquisition.

Lengthy discussion ensued involving several Town officials, Town Meeting Members, and Citizens of the Town.

Upon motion duly made, it was

UNANIMOUSLY VOTED: The previous question

Further discussion ensued involving Mr. Feeney, Mr. MacElhiney of the Airport Commission, Mr. Salamone, and Mr. Taber, Chairman of the Airport Commission.

Comes now the question on the motion by the Appropriation Committee.

Vote was taken and the Moderator being in doubt a Teller count was ordered. Vote and count were taken and the Tellers reported 83 votes in the affirmative and 62 votes in the negative. The Moderator then declared the motion by the Appropriation Committee was

SO VOTED

ARTICLE 37. (By Request of the Airport Commission). To see whether or not the Town will vote to transfer control of certain Town-owned lands to the Airport Commission, said Town-owned lands being shown as the shaded areas on a plan entitled "Proposed Airport in South Weymouth, Mass., dated January, 1967 by Frank S. Lagrotteria, Town Engineer", the original of which has been duly filed in the office of the Town Clerk; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to transfer control of certain Town-owned lands to the Airport Commission, said Town-owned lands being shown as the shaded areas on a plan entitled "Proposed Airport in South Weymouth, Mass., dated January, 1968 by Frank S. Lagrotteria, Town Engineer", the original of which has been duly filed in the Office of the Town Clerk, provided that the agreement referred to under Article 36 has been executed.

Mr. Lane spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

Vote was taken and the Moderator being in doubt a Teller count was ordered. Vote and count were taken and the Tellers reported 59 votes in the affirmative and 76 votes in the negative. There not being the required two-thirds vote in the affirmative the Moderator declared the motion by the Appropriation Committee was LOST.

MOVED by Mr. MacElhineyof the Airport Commission:

Reconsideration of the action taken under Article 37.

Discussion ensued involving Mr. MacElhiney of the Airport Commission, Mr. Lane, Town Counsel Kelly, Mr. Hannafin, Mr. Fryer of the Board of Selectmen, Dr. Nalband, and Mr. Feeney.

Comes now the question on the motion by Mr. MacElhiney of the Airport Commission.

Vote was taken and the Moderator declared the motion by Mr. MacElhiney of the Airport Commission was so voted. More than seven doubting the vote the Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 87 votes in the affirmative and 49 votes in the negative. The Moderator then declared the motion by Mr. MacElhiney of the Airport Commission was

SO VOTED

MOVED by the Appropriation Committee

That the Town vote to transfer control of certain Town-owned lands to the Airport Commission, said Town-owned lands being shown as the shaded areas on a plan entitled "Proposed Airport in South Weymouth, Mass., dated January, 1968, by Frank S. Lagrotteria, Town Engineer", the original of which has been duly filed in the Office of the Town Clerk, provided that the agreement referred to under Article 36 has been executed.

Mr. MacElhiney of the Airport Commission spoke on the motion.

MOVED the following amendment by Mr. Feeney to the motion by the Appropriation Committee:

And that the State is agreeable to the contract thus referred to and to the limited use of the airport as proposed by the Airport Commission.

There being no objection the Moderator declared that the amendment by Mr. Feeney would become part of the motion by the Appropriation Committee.

Mr. Tirrell spoke on the motion.

Upon motion duly made, it was

UNANIMOUSLY VOTED: The previous question.

Town Engineer Lagrotteria spoke on the motion.

Comes now the question on the motion by the Appropriation Committee as thus amended.

The Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 87 votes in the affirmative and 43 votes in the negative. There being more than the required two-thirds vote in the affirmative the Moderator declared that the motion by the Appropriation Committee as amended was

SO VOTED

ARTICLE 38. (By Request of the Airport Commission). To see what sum of money the Town will vote to raise by taxation, transfer from available funds and/or borrow and appropriate as the Town's share of the cost for developing and airport facility on Town owned lands, now subject to control by the Airport Commission in accordance with the vote in the preceding Article, and for construction of a connecting taxi-way over lands of the South Weymouth Naval Air Station; the expenditure of such sums to be under the control of the Airport Commission and subject to appropriation of State and Federal funds; or to take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

SO VOTED: That the Town raise and appropriate the sum of $20,000 from Tax Levy as the Town's share of the cost for developing an airport facility on Town-owned lands, now subject to control by the Airport Commission in accordance with the vote in the preceding Article, and for construction of a connecting taxi-way over lands of the South Weymouth Naval Air Station; the expenditure of such sums to be under the control of the Airport Commission and subject to appropriation of State and Federal funds.

ARTICLE 39. (By Request of the Airport Commission). To see whether the Town will vote to authorize the Airport Commission to acquire by gift or to take by right of eminent domain certain parcels of land adjacent to Town-owned lands referred to in the preceding Article and which are shown as unshaded parcels and have identifying lot and block numbers on a plan entitled "Proposed Airport in South Weymouth, Mass., dated January, 1967 by Frank S. Lagrotteria, Town Engineer", the original of which has been duly filed in the office

of the Town Clerk; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to authorize the Airport Commission to acquire by gift, purchase, or to take by Right of Eminent Domain, in fee or as otherwise specified, certain parcels of land adjacent to Town-owned lands referred to in preceding Article and which are shown as unshaded parcels and have identifying lot and block numbers on a plan entitled, "Proposed Airport in South Weymouth, Mass.", dated January, 1968 by Frank S. Lagrotteria, Town Engineer, the original of which has been duly filed in the office of the Town Clerk and that the sum of $5,000 is raised and appropriated from Tax Levy for this purpose, subject to appropriation of State and Federal funds.

MOVED the following substitute motion by Mr. MacElhiney of the Airport Commission:

That the subject matter of Article 39 be laid on the table until a future Town Meeting.

Discussion ensued involving Mr. Taber, Chairman of the Airport Commission; Mr. Masison, Secretary of the Appropriation Committee; and Mr. Lane.

Comes now the question on the substitute motion by Mr. MacElhiney of the Airport Commission.

SO VOTED

ARTICLE 40. (By Request of Chief of Police and By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow and appropriate for the purpose of modifying and updating the traffic control signal light installation at the intersection of Church, North and Green Streets by adding mast arms, pedestrian buttons and signs, new Solid State Semi Actuated Controller and all necessary cable and fittings; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

No action.

Discussion ensued involving Mr. Call, Mr. Lindsay, Chairman of the Appropriation Committee; and Mr. Salamone.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 41. (By Request of Chief of Police and By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or gorrow to appropriate for the purpose of installing a complete traffic control signal light installation at the intersections of Essex, Lake and Middle Street; or taken any other action in relation thereto.

MOVED by the Appropriation Committee:

That the subject matter of Article 41 be referred to the next Town Meeting.

Discussion ensued involving Mr. Lindsay, Chairman of the Appropriation Committee; Police Chief O'Kane, and Mr. Salamone.

Comes now the question on the motion by the Appropriation Committee.

SO VOTED

ARTICLE 42. (By Request of the Chief of Police and By Direction of the Board of Selectmen). To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow and appropriate for the purpose of installing two pedestal flashing beacon traffic control signals at the intersection of Central and White Streets, such sum of money so raised and appropriated to be added to One thousand two hundred ($1,200) dollars previously raised and appropriated for this purpose; or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the sum of $4,500 be raised and appropriated for the purpose of installing two pedestal flashing beacon traffic control signals at the intersection of Central and White Streets, and to meet said appropriation, the sum of $3,300 is raised and appropriated from Tax Levy and Sum of $1,200 is reappropriated from funds available and previously appropriated for "Traffic Lights - White and Central Streets", and to authorize the Town to accept any funds from the State of Federal Government in connection therewith.

MOVED by Town Clerk Christensen:

Reconsideration of the action taken under Article 43.

Discussion ensued involving Town Clerk Christensen, Mr. Lane, and Mr. Masison, Secretary of the Appropriation Committee.

Comes now the question on the motion by Town Clerk Christensen.

Vote was taken and the Moderator declared the motion by Town Clerk Christensen was lost. More than seven doubting the vote the Moderator ordered a Teller count. Vote and count were taken and the Tellers reported 55 votes in the affirmative and 55 votes in the negative. The Moderator stated that as it was apparent that the required two-thirds vote in the affirmative could not be obtained he would cast his vote in the negative and declare the motion by Town Clerk Christensen was LOST.

ARTICLE 44. (By Request of the Board of Selectmen and on Petition of Boston Edison Company). To see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to sell and convey to Boston Edison Company in fee, or grant perpetual rights and easements for the transmission of electric current and for communication purposes incidental thereto over Town-owned park land off Belmont Street adjacent to the existing transmission line right of way of said Company, upon such other lands as may be determined to be appropriate by said Board of Selectmen and the Park Commissioners, and to authorize the Selectmen to petition the Legislature for any authority necessary in connection therewith; or to take any other action

MOVED by the Appropriation Committee:

That the subject matter of this Article be referred to the Board of Selectmen for further study and report to a future Town Meeting.

MOVED the following substitute motion by Mr. McGonnigal, Chairman of the Park Commissioners:

That the Board of Selectmen be authorized and directed to grant to the Boston Edison and easement over a protion of Town-owned land known as Gagnon Park, which easement shall be the same as the easement granted to Boston Edison Company on January 10, 1922 by instrument recorded in Norfolk Deeds Book 1508, Page 266 and which easement was taken in error by the Town under an Order of Taking recorded in the Norfolk Registry District of the Land Court on July 19, 1962 as document #236103 and noted on Certificate #27643;

And further, to authorize the Board of Selectmen in the name and behalf of the Town to petition the State Legislature for authority to seel and convey to Boston Edison Company in fee, or grant perpetual rights and easements for the transmission of electric current and purposes incidental thereto, of Town-owned land known as Gagnon Park adjacent to the aforesaid easement of Bobton Edison Company, upon such terms and conditions and for such price or in exchange for such other lands as may be deemed to be appropriate by a future Town Meeting.

Mr. McGonnigal, Chairman of the Park Commissioneers, spoke on the motion.

Comes now the question on the substitute motion by Mr. McGonnigal, Chairman of the Park Commissioners.

UNANIMOUSLY VOTED

ARTICLE 45. (By Request of the Committee for a Town Swimming Facility at South Weymouth). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds, and/or borrowing for the purpose of acquiring by gift, purchase, or take by right of eminent domain in fee several parcels of land around the "Dam" section of Weymouth Great Pond for the purpose of a swimming facility; or take any other action in relation thereto. For a more particular description of the land involved, see the plan entitled "Plan of Land for the Weymouth Swimming Facility at the Dam Section of Great Pond," by Frank S. Lagrotteria, Town Engineer duly filed in the office of the Town Clerk.

MOVED by the Appropriation Committee:

To refer the subject matter of Article 45 to the next Town Meeting.

Mr. Lindsay, Chairman of the Appropriation Committee, spoke on the motion

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

(Article 46 was previously considered.)

ARTICLE 47. (By Petition of George E. Lane and Others). To see if the Town will vote to appoint a committee of seven members to study, investigate and report on municipal costs and problems of Weymouthport Project at Fort Point; or take any other action in relation thereto.

Upon motion duly made by the Appropriation Committee, it was

SO VOTED: That the Town vote to appoint a committee to be know as the "Weymouthport Study Committee" to investigate the costs of the Town of the proposed Weymouthport project and to report at the next Annual Town Meeting. Said Committee to be appointed by the Town Moderator and to consist of nine (9) members.

The Moderator then made the following statement:

"I want to express the thanks of the Moderator and the thanks of the Citizens of the Town and the Town Meeting Members to the Appropriation Committee in particular and in general, particularly to two gentlemen who have informed me that they will not accept appointment for another term, -- in both instances their refusal is based upon business and physical health conditions--, Mr. Fillebrown who is unable to be here today and he advised me of that, and Mr. Kelly who has served on the Committee with distinction. I would ask that he rise and receive your accolade. (Applause)

"I also want to point out the excellent work done by the Appropriation Committee Chairman Tom Lindsay, and ask if he would stand up. (Applause)

"This next matter bothers me no little. Our very able Secretary who has served here for three years as Secretary, five years as a member of the Committee, feels that the work of his position, which is a very important one with the Blue Cross-Blue Shield Association, requires so much of his time that he will be unable to continue as Secretary of the Appropriation Committee. He is going to be a hard man to replace and I think you have all enjoyed his wry humor and his very excellent work and clarity and his fairness in presenting the views of the Committee. He also feels that he wants to resign from the Committee but I have asked him if he would kindly reconsider this for the time being because I am sure he has information that will be very helpful to his successor and his term does not run out until 1971, so we hope that he will do it. In the meantime I want to express my sincere personal gratitude to him and I am going to ask you to give a hand to him. (Standing applause)

"I also want to say a word to the persons who in these various projects have stood before you after great study on their part and submitted their findings and their feelings and their arguments. I am sure that all have acted in good faith as able ladies and gentlemen should and I want to thank them on behalf of the meeting and on the behalf of the Town.

"There is one other person I want to point out who does extraordinary work for us, something that is relatively new but it is getting more popular and helpful all the time, and that is the work of our very able Assistant Director of Public Works and Engineer Frank Lagrotteria in presenting all the slides. (Applause)

"I want to thank you all for being so conscientious in your duties. These have been four relatively long meetings. We have had some very important things to consider and I am sure all of you have been wonderful to

persist in coming here to the four sessions and I am sure it has been a great sacrifice to all of you. I know Saturday is a day of rest for many and some of you had to leave your business. I want to congratulate you on your excellent citizenship in carrying out your duties. I hope you are all re-elected."

Upon motion duly made by Mr. Lane, it was

UNANIMOUSLY VOTED: That the Adjourned Annual Town Meeting adjourn without day at 5:30 p.m., March 8, 1969.

SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To the Town Meeting Members of the Town of Weymouth in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby notified to meet in the Daniel L. O'Donnell Auditorium of the Weymouth High School, 1051 Commercial Street, East Weymouth, on

Monday, the 12th day of May 1969

at seven o'clock and forty-five minutes in the evening, then and there to act upon the following articles (a copy of which is enclosed).

Given under my hand at Weymouth, this tenth day of April in the year of our Lord nineteen hundred and sixty-nine.

A true copy. Attest:

Harry Christensen
Town Clerk

RETURN OF SERVICE

May 2, 1969

Norfolk, ss:

Pursuant to the above Warrant, I have this day notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and timesset forth in said Warrant by posting true and attested copies of the same in two public places in each voting precinct in said Town seven days before the time of holding said meeting.

Norman F. Keith
Constable of Weymouth

Received in the Clerk's Office of Weymouth, May 2, 1969 at 11:17 A.M.

TOWN OF WEYMOUTH
SPECIAL TOWN MEETING
MONDAY, MAY 12, 1969

Pursuant to a Warrant duly issued, the Special Town Meeting of the inhabitants of the Town of Weymouth, represented by their duly elected and qualified Town Meeting Members, was held in the auditorium of the Weymouth High School on Monday, Mary 12, 1969.

The meeting was called to order at 7:45 o'clock in the evening by the Annual Moderator, Mr. Philip T. Jones.

The Town Clerk, Mr. Harry Christensen, read the Call of the Meeting.

Upon motion duly made, it was

UNANIMOUSLY VOTED: That the reading of the Articles in the Warrant be suspended.

Prayer for Divine Guidance at this special Town Meeting was offered by Rev. Paul R. E. Francis, Curate of the Sacred Heart R. C. Church, Weymouth Landing.

The assembly joined in the pledge of allegiance to the Flag of the United States.

Town Meeting Members no previously sworn were administered the oath by the Moderator.

The following Tellers were appointed and sworn by the Moderator:

1st Division	Mr. Gammell
2nd Division	Mr. Carven
3rd Division	Mr. Hollis

There were 200 Town Meeting Members present.

The Moderator declared a quorum present.

We now continue with consideration of the Articles in the Warrant.

Mr. Durgin, Secretary of the Appropriation Committee, presented the report of the Appropriation Committee relative to the Articles in the Warrant.

MOVED by Mr. White:

That Article 14 be considered at this time.

Discussion ensued involving Mr. Lane and the Moderator.

Comes now the question on the motion by Mr. White.

Vote was taken and the Moderator declared the motion by Mr. White was LOST.

Further discussion ensued involving Mr. Lane and the Moderator.

ARTICLE 1. (On Petition of the Weymouth Branch of the Massachusetts Police Association).

To see whether or not the Town will vote to amend the Personnel By-Law of the Town by striking from Section 11, paragraph (i) the words:

"Straight time determined by dividing his weekly rate by forty" and substituting therefor the words:

"A time and one-half rate determined by establishing an hourly rate of one-fortieth (1/40) of his weekly rate and adding to that rate half again as much so that each hour worked will be compensated at a time and one half rate."

or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

To amend the Personnel By-Law by striking out Section 11, Clause (i) and substituting therefore the following

(i) Public Safety Group

A full-time employee of the Police Department, except the Chief, occupying a position classified in this Group shall receive compensation for hours worked in excess of their regularly established work week in accordance with the following provisions:

1. A premium rate shall be determined for each classification by establishing a straight time hourly rate equal to 1/40th of the applic- weekly rate and multiplying such straight time hourly rate by 1.5. Such premium rate shall be paid to eligible employees under the following circumstances:

 a) After the first hour of duty following the completion of the employee's scheduled shift (which first hour shall be paid at straight time). Fractional parts of an hour at the overtime rate shall be computed to the next half hour.

 b) If recalled to duty later than one hour following completion of his scheduled shift, with a minimum payment of two hours at two hours at the premium rate.

 c) If called to duty on the employee's day off or on a day of vacation, after the employee has worked four hours at straight time.

2. Extra work details paid for by the Town of Weymouth and not provided for above, shall be paid as follows:

a) School crossings	$18. per day
b) Church crossings	$18. per day
c) Construction work details	$5.75 per hour (with a minimum of four hours)
d) All other extra work details paid for by the Town	$5. per hour (with a minimum of four hours)

3. The payment of premium rates provided for in this provision shall become effective on July 1, 1969, provided that on or before said date

the Town has executed a binding collective bargaining agreement with the employees of the Weymouth branch of the Massachusetts Police Association ratifying and adopting the terms and conditions of this Section.

Discussion ensued involving Mr. Durgin, Secretary of the Appropriation Committee; Mr. Lane, Mr. Moran, Fire Chief Stevens, Mr. O'Donnell; Mr. Weeks, Chairman of the Personnel Board.

MOVED the following amendment by Mr. Lane:

Amend "2. c) Construction work details" by adding "on Town and State contracts."

Further duscussion ensued involving Mr. Harraghy of the Personnel Board, Mr. Salamone, Mr. O'Donnell, and Police Chief O'Kane.

Comes now the question on the amendment by Mr. Lane.

SO VOTED

Comes now the question on the motion by the Appropriation Committee as thus amended.

SO VOTED

ARTICLE 2. (By Direction of the Board of Selectmen at Request of Chief of Police).

To see what sum of money the Town will vote to raise and appropriate, by taxation, transfer from available funds, and/or borrow for the purpose of paying time and one-half overtime pay and also for the hiring of fourteen additional women School Traffic Supervisors and providing uniforms for such Supervisors in the Police Department, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to raise and appropriate by tax levy the sum of $28,000. to be added to Item 96 of Article 1 of the 1969 Annual Town Meeting.

Mr. Durgin, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

SO VOTED

ARTICLE 3. (On Petition of Local 1616, Weymouth Fire Fighters).

To see if the Town will vote to accept Chapter 162 Acts of 1966 as it amends General Law Chapter 41, Section 111K AN ACT PROVIDING IN CERTAIN CITIES AND TOWNS, MEMBERS OF REGULAR OR PERMANENT FIREFIGHTING FORCE SHALL BE GRANTED SUMMER VACATIONS, which reads as follows:

"In any city or town which accepts this section, any vacation to which a

member of its regular or permanent fire force is entitled shall be granted at such times during the period between the first Sunday in June and the Sunday next following Labor Day as, in the opinion of the board or officer in charge of such force, will cause the least interference with the performance of the regular work of such force; provided, however, that such vacations may be granted at such other periods of the year as shall be mutually agreeable to the member and the board or officer in charge of such force."

or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

No action.

Mr. Durgin, Secretary of the Appropriation Committee, spoke on the motion.

MOVED the following substitute motion by Mr. Moran:

That a Committee of five (5) be appointed by the Moderator, including the Chief of the Fire Department, the President of Local 1616, and three (3) citizens and registered voters of the Town of Weymouth, to study the vacation system of the Fire Department of the Town of Weymouth and report their findings to the next Annual Town Meeting.

Discussion ensued involving Town Counsel Kelly, Fire Chief Stevens, Mr. Spano, and Mr. Moran.

Comes now the question on the substitute motion by Mr. Moran.

Vote was taken and the Moderator declared that the substitute motion by Mr. Moran was LOST.

Comes now the question on the motion by the Appropriation Committee.

SO VOTED

ARTICLE 4. (By Direction of Board of Selectmen at Request of Chief of Police.)

To see what sum of money the Town will vote to raise and appropriate, by taxation, transfer from available funds, and/or borrow for the purpose of installing a complete traffic control signal light installation at the intersection of Essex, Lake and Middle Streets, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to raise and appropriate from tax levy the sum of $15,000.00 for the purpose of installing a complete traffic control signal light installation at the intersection of Essex, Lake and Middle Streets.

Discussion ensued involving Mr. Lindsay, Chairman of the Appropriation Committee, and Mr. Salamone.

MOVED the following amendment by Mr. Salamone:

And to authorize the Town to accept any funds from the State or Federal Government in connection therewith.

Police Chief O'Kane spoke on the motion and amendment.

Mr. Salamone withdrew his amendment.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 5. (By Request of the School Committee).

To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow and appropriate, for the purpose of preparing preliminary plans, specifications, and obtaining bids for the construction of a new elementary school of eighteen classrooms, kindergarten rooms, and other special facilities, on town-owned land in the so-called Municipal Parking Area in North Weymouth, being the southerly portion of Block 24, Lot 1, Sheets 4 and 5 of the 1963 Town Atlas, as shown and described in a plan prepared by the Town Engineer and filed with the Town Clerk; and that a committee of seven be appointed by the Moderator to act as a Building Committee for this building, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $78,000.00 be raised and appropriated from tax levy for the purpose of preparing preliminary plans, specifications and obtaining bids for the construction of a new elementary school of eighteen classrooms, kindergarten rooms, and other special facilities, on town-owned land in the so-called municipal parking area in North Weymouth, being the southerly portion of Block 24, Lot 1, Sheets 4 and 5 of the 1963 Town Atlas, as shown and described in a plan prepared by the Town Engineer and filed with the Town Clerk; and that a Committee of seven be appointed by the Moderator to act as a Building Committee for this building.

SO VOTED

ARTICLE 11. (By Request of the Committee appointed to study the make up of the Personnel Board).

To see if the Town will vote to amend Article 4 of Section 409 of the Town By Laws (the Personnel By Law) by striking out paragraph (a) of Section 3, entitled "Personnel Board" and inserting in place thereof the following:

(a) There shall be a Personnel Board consisting of five (5) unpaid members who shall be responsible for the administration of the classification and compensation plans. All members of said Board shall be citizens and registered voters of the Town. One member shall be a Town employee. All appointments to the Personnel Board shall be made by the Moderator, who shall select the Town employee member from a list of three (3) nominees forwarded to the Moderator in writing prior to March 20, 1970 and on March 20 of each third year thereafter, said nominees to be presented

by the Employees' Committee, established and acting as hereinafter provided. In the event that the Moderator has not received the names of the nominees as provided herin, or in the event that there is a vacancy on the Personnel Board designated for the Town employees, he shall appoint any Town employee whose employment is covered by the classification plan and such appointee shall serve until the next Annual Town Meeting, following which a successor may be appointed as provided herein.

The Employees' Committee referred to in the preceding paragraph shall be comprised of one (1) representative designated by the members of each collective bargaining group recognized by the Town and whose employment is subject to this By Law, and two (2) members to be designated by the Board of Selectmen to represent Town employees who are not represented by a collective bargaining agent.

or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to amend Article 4 of Section 409 of the Town By Laws (the Personnel By Law) by striking out Paragraph A of Section 3, entitled "Personnel Board" and inserting in place thereof the following:

There shall be a Personnel Board consisting of five (5) members to be appointed by the Moderator.

Mr. Durgin, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 12. (By Direction of the Board of Selectmen).

To see whether the Town will vote to amend Article V, Section 512 of the Town By Laws by adding the following paragraphs:

No person owning or controlling any property in the Town of Weymouth shall construct any fence or wall thereon without first obtaining a permit which shall be issued by the Building Inspector, the fee for which shall be determined in accordance with the applicable provisions of the Town By Laws. When such a permit is issued, the Building Inspector shall furnish to the person obtaining such a permit a printed copy of this Section of the By Laws and a copy of Section 21 of Chapter 49 of the General Laws of the Commonwealth relating to spite fences.

In a residential area no closed fence, hedge or wall shall be erected or maintained to a height of more than three (3) feet within fifteen (15) feet from the street line.

No wire fence shall be constructed or maintained with open bobbing on the top.

Facing of any wood or wire fence shall be left to the discretion of the party obtaining the permit.

The restrictions on height set forth in this By Law shall not apply to retaining walls which are deemed to be necessary by the Building Inspector.

Any person who constructs or maintains any fence, hedge or wall in violation of this By Law shall, upon conviction thereof, be fined a sum of fifty ($50) dollars. The Building Inspector shall be charged with the enforcement of this By Law upon written complaint of two (2) or more Fence Viewers of the Town.

or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

No action.

Discussion ensued involving Mr. Durgin, Secretary of the Appropriation Committee, and Mr. McDonald.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 13. (By Request of the Park Commission).

To see what sum of money the Town will vote to raise by taxation, transfer from available funds, and/or borrow, and appropriate for the purpose of constructing a new bathhouse at Wessagusset Beach, or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to raise and appropriate from tax levy the sum of $15,000.00 for the purpose of constructing a new bathhouse at Wessagusset Beach, said sum to be expended under the direction of the Board of Public Works.

Discussion ensued involving several Town Officials and Town Meeting Members.

MOVED the following substitute motion by Mr. Lane.

That the subject matter of this Article be referred to the Park Commissioners.

Comes now the question on the substitute motion by Mr. Lane.

SO VOTED

ARTICLE 14. (By Request of the Park Commission).

To see if the Town will vote to authorize the Board of Selectmen in the name and behalf of the Town to sell and convey portions of a strip of Town-owned park land to the abutters thereto on Regatta Road, said strip of land being a steep slope lying between the rear of said abutters' properties and the so-called Regatta Road beach and shown on a certain plan numbered 2385-B entitled "Plan of a portion of Regatta Road Beach" by Frank S. Lagrotteria, Town Engineer, and duly filed with the Town Clerk; such sales

to be upon such terms and conditions for such price as may be deemed appropriate by the said Board of Selectmen and the Park Commissioners, and further to authorize the Selectmen to petition the Legislature for any authority necessary in connection therewith; or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to authorize the Board of Selectmen in the name and behalf of the Town to sell and convey portions of a strip of Town-owned park land to the abutters thereto on Regatta Road, said strip of land being a steep slope lying between the rear of said abutters' properties and the so-called Regatta Road beach and shown on a certain plan numbered 2385-B entitled "Plan of a protion of Regatta Road Beach" by Frank S. Lagrotteria, Town Engineer, and duly filed with the Town Clerk; such sales to be upon such terms and conditions except price as may be deemed appropriate by the said Board of Selectmen and the Park Commissioners, and further, to authorize the Selectment to petition the Legislature for any authority necessary in connection therewith, said sales price to be determined by a subsequent Town Meeting.

Lengthy discussion ensued involving several Town Officials and Town Meeting Members.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 15. (By Request of the Appropriation Committee).

To see if the Town will vote to establish a Committee to be comprised of five (5) citizens of the Town, appointed by the Town Moderator, said Committee to be know as the Town Meeting and Town Election Study Committee, and said Committee to study the present arrangement regarding dates for the holding of the Annual Town Meeting and the Town election and to make any recommendations for changes therein, said recommendations to be recorded at a future Annual or Special Town Meeting, or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to establish a Committee to be comprised of five (5) citizens of the Town, appointed by the Town Moderator, said Committee to be known as the Town Meeting and Town Election Study Committee, and said Committee to study the present arrangement regarding dates for the holding of the Annual Town Meeting and the Town election and to make any recommendations for changes therein, said recommendations to be recorded at a future Annual or Special Town Meeting.

Mr. Durgin, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Special Town Meeting adjourn at 11:45 p.m.

A True Copy Attest:

Harry Christensen
Town Clerk

TOWN OF WEYMOUTH
SPECIAL TOWN MEETING
MONDAY, JUNE 16, 1969

Pursuant to a warrant duly issued, the Special Town Meeting of the inhabitants of the Town of Weymouth, represented by their duly elected and qualified Town Meeting Members, was held in the auditorium of the Weymouth High School on Monday, June 16, 1969.

The meeting was called to order at 7:50 o'clock in the evening by the Annual Moderator, Mr. Philip T. Jones.

The Town Clerk, Mr. Harry Christensen, read the Call of the Meeting.

Upon motion duly made, it was

UNANIMOUSLY VOTED: That the reading of the Articles in the Warrant be suspended.

The assembly joined in silent prayer for Divine Guidance at this Special Town Meeting.

The assembly joined in the pledge of allegiance to the Flag of the United States.

Town Meeting Members not previously sworn were administered the oath by the Moderator.

The following Tellers wer appointed and sworn by the Moderator:

1st Division	Mr. Gammell
2nd Division	Mr. Carven
3rd Division	Mr. Hollis

The Moderator declared a quorum present.

The presence of a quorum being doubted the Moderator ordered a Teller count. Count was made and the Tellers reported 147 Town Meeting Members present. A quorum being 134 the Moderator declared a quorum present. There were 163 Town Meeting Members present during the course of the evening.

We now continue with consideration of the Articles in the Warrant.

ARTICLE 1. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing for the purpose of making several repairs to the municipal incinerator; or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the sum of $6,262.64 be appropriated from available fund (Excess and Deficiency Account) for the purpose of making several repairs to the municipal incinerator.

Mr. Durgin, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 2. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing for purposes of a flood control project in Smelt Brook Watershed to be used in conjunction with matching funds by the Town of Braintree, said sum to be expended under the direction of the Board of Public Works and/or the State Department of Public Works, which shall be authorized to negotiate for and purchase necessary easements therefor; also to see if the Town will assume liability in the manner provided by Section 29 of Chapter 91, of the General Laws, as amended by Chapter 51 and 525, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores and shores along a public beach outside of Boston Harbor in accordance with Section 11 of Chapter 91 of the General Laws, and to authorize the Board of Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to raise and appropriate $26,500.00 from tax levy for the purposes for a flood control project in Smelt Brook Watershed to be used in conjunction with matching funds by the Town of Braintree, said sum to be expended under the direction of the Board of Public Works and/or the State Department of Public Works, which shall be authorized to negotiate for and purchase necessary easements therefor; also that the Town vote to assume liability in the manner provided by Section 29 of Chapter 91, of the General Laws, as amended by Chapter 51 and 525, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores and shores along a public beach outside of Boston Harbor in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Board of Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

Mr. Durgin, Secretary of the Appropriation Committee, spoke on the motion.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 3. (By Direction of the Board of Selectmen and by Request of the Chief of Police). To see whether or not the town will vote to amend Article VI - Police Regulations - by adding the following provision:

REGULATION OF MOTOR BOATS AND OTHER ACTIVITIES IN WEYMOUTH WATERS:

Section 607A: The term "Motor Boars" as used herin shall mean a motor boat as defined in General Laws, Chapter 90B. All persons operating motor boats on waters within the Town limits shall comply with all the provisions of said Chapter 90B, and in addition, with the following:

No person shall operate a motor boat within one hundred anf fifty feet from a public swimming area so designated by the Park Commissioners, and which swimming areas shall extend a minimum of one hundred and fifty feet from mean low tide. No person shall operate a motor boat within one hundred and fifty feet from a designated mooring, or from an anchored boat, except that a person may operate within one hundred an fifty feet of such moorings or boats when the same is required to depart from or return to a mooring, dock, float, or the shore. No person shall water ski or operate a motor boat towing a water skier except in the area in the Weymouth Back River beginning at the Hingham Bridge and extending up river to a sign in said river placed there by direction of the Board of Selectmen to designate the limit of said restricted speed area, or in such other Town waters as the Selectmen may from time to time designate and post by appropriate signs. Prior to making any such designation of a permitted water ski area, the Board of Selectmen shall hold a public hearing thereon.

No person shall operate a motor boat at a speed greater than six m.p.h. in the Weymouth Fore River, beginning at buoy #24 and extending up river in a general waterly direction to a sign in said river placed there by direction of the Board of Selectmen to designate the limit of said restricted speed area, or in such other Town waters as the Selectmen from time to time may designate and post by appropriate signs. Prior to making any such designation of a restricted speed area, the Board of Selectmen shall hold a public hearing thereon.

No person shall operate a motor boat at a speed in excess of six m.p.h. within one hundred anf fity feet of the shorelines or in designated anchorage areas.

This By-Law shall be enforced by any duly appointed Police Officer of the Town or any special police officer authorized to do so by the Board of Selectmen, and by the Harbor Master, Assistant Harbor Master, or inspectors of the Division of Motor Boats for the Commonwealth. Violations of this By-Law shall be enforced in Courts of competent jurisdiction and shall be punished by fines or imprisonments as determinded by such Court in accordance with the applicable provisions of the General Laws;

or to take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to amend Article VI - Police Regulations - by adding the following provision:

REGULATION OF MOTOR BOATS AND OTHER ACTIVITIES IN WEYMOUTH WATERS:

Section 607A: The term "motor boats" as used herein shall mean a motor boat as defined in General Laws, Chapter 90B. All persons operating motor boats on waters within the Town Limits shall comply with all of the provisions of said Chapter 90B, and in addition, with the following:

> No person shall operate a motor boat within one hundred and fifty feet from a public swimming area so designated by the Park Commissioners, and which swimming areas shall extend a minimum of one hundred and fifty feet from mean low tide. No person shall

TOWN OF WEYMOUTH
SPECIAL TOWN MEETING
THURSDAY, JULY 24, 1969

Pursuant to a Warrant duly issued, the Special Town Meeting of the inhabitants of the Town of Weymouth, represented by their duly elected and qualified Town Meeting Members, was held in the auditorium of the Weymouth High School on Thursday, July 24, 1969.

The meeting was called to order at 7:50 o'clock in the evening by the Town Clerk, Mr. Harry Christensen.

The Town Clerk, Mr. Harry Christensen, read the Call of the Meeting.

Prayer for Divine Guidance at this Special Town Meeting was offered by Rev. Dean E. Tegeler, St. John's Lutheran Church, South Weymouth.

The assembly joined in the pledge of allegiance to the Flag of the United States.

Town Clerk Christensen stated that due to the absence of the Moderator and in conformance with the Town Meeting Act it would be necessary to elect a Moderator Pro Tem.

Whereupon, upon nomination duly made Mr. Fryer of the Board of Selectmen it was

UNANIMOUSLY VOTED: That Mr. Arthur Cicchese be elected Moderator Pro Tem.

There were no Town Meeting Members to be sworn in by the Moderator.

There were 182 Town Meeting Members present.

The Moderator declared a quorum present.

Upon motion duly made the following resolution was

UNANIMOUSLY VOTED: That the Town of Weymouth, through its Board of Selectmen, sent congratulations not only for the safe return of out three astronauts but congratulate them on the completion of the job they have done, and also congratulations to the NASA operators who made the trip such a success, and a copy to be sent to each one of the astronauts, one to the President of the United States, and one to the Director of NASA so that he may circulate it among his co-workers.

In response to a request by Mr. O'Brien for a list of Town Meeting Members present Town Clerk Christensen stated that a copy of such a list would be available following the meeting.

We now continue with consideration of the Articles in the Warrant.

ARTICLE I. To see if the Town will vote to instruct the Board of Assessors to postpone consideration on use of valuations of properties as determined by the H. L. Yoh Company, until further vote of the Town Meeting.

Mr. Durgin, Secretary of the Appropriation Committee, requested a ruling on the legality of the Article.

Town Counsel Kelly submitted a legal opinion as to the legality of Article I.

Whereupon, the Moderator declared that Article I was out of order.

Discussion ensued involving several Town Meeting Members, citizens of the Town, and the Moderator.

MOVED

That the Special Town Meeting be adjourned.

Comes now the question on the motion.

Vote was taken and the Moderator declared the motion to adjourn LOST.

ARTICLE II. To see if the Town will vote to direct the Board of Selectmen to take all appropriate action including the institution of court proceedings should the Board of Assessors use and consider the valuations of properties as determined by th H. L. Yoh Company: for the year 1969, in order to enjoin or defer the use and consideration of said valuations for the year 1969.

Mr. Durgin, Secretary of the Appropriation Committee, requesting a ruling on the legality of this Article.

Town Counsel Kelly submitted a legal opinion as to the legality of Article II.

Whereupon, the Moderator declared that Article II was out of order.

Lengthy discussion ensued involving several Town Meeting Members, citizens of the Town, and the Moderator.

Upon motion duly made, it was

SO VOTED: That the Special Town Meeting adjourn at 8:55 o'clock p.m.

SECTION 701A Building Department
There shall be in the Town, ad department called the Building Department hereinafter referred to as the department, which shall be under the charge of the Building Commissioner, hereinafter referred to as the commissioner.
Building Commissioner: Appointedment: The Board of Selectmen shall every three years in April appoint a commissioner until another is appointed in his stead. His salary or compensation shall be such as the Board of Selectmen may from time to time vote within the limits of the appropriation made by the Town for that purpose. The Board of Selectmen shall have the power at any time to remode him, and in such event, or in the event of his resignation or death, they shall appoint another commissioner to fill the vacancy for the remainder of his term.
b. Qualifications: The commissioner shall have had at least ten year experience as an architect, civil engineer, structural engineer, builder, inspector in the department, inspector in an equivalent position in a town, city, district or other political sub-division of the Commonwealth, or in any combination of these activities.
Employees of the Department: The commissioner with the approval of the Board of Selectmen shall appoint such building, housing, electricla, elevator, gas inspector and other inspectors, engineers, clerks, messengers, assistants and other employees as the work may require and the law may allow. He shall have the power to remove, suspend or discipline any employee for cause.

MOVED by the Appropriation Committee:

No action.

MOVED the following substitute motion by Mr. Fryer of the Board of Selectmen:

That the Town vote to amend the building code portion of the By-Laws of the Town by deleting the present Sections 701a and 701B substituting therefor the following:

SECTION 701A Building Department
There shall be in the Town, a department to be called the Building Department, hereinafter referred to as the department, which shall be under the charge of the Building Commissioner, hereinafter to be referred to as the commissioner.
Building Commissioner: a. Appointment: The Board of Selectmen shall every three years in April appoint a commissioner until another is appointed

in his stead. His salary or compensation shall be such as the Personnel Board may from time to time vote within the limits of the appropriation made by the Town for that purpose. The Board of Selectmen shall have the power at any time to remove him, and in such event, or in the event of his resignation or death, they shall appoint another commissioner to fill the vacancy for the remainder of his term.

b. Qualifications: The commissioner shall have had at least ten years' experioence as an architect, civil engineer, structural engineer, builder, inspector in the department, inspector in anequivalent position in a tonw, city, district or other political sub-division of the Commonwealth, or in any combination of these activities.

Employees of the Department: The commissioner with the approval of the Board of Selectmen shall appoint such building, shousing, electrical, elevator, gas inspecotr and other inspectors, engineers, clerks, messengers, assistants and other employees as the work may require and the law may allow. He shall have the power to remove, suspend or discipline any employee for cause.

Discussion ensued involving Mr. Fryer of the Board of Selectmen, and Mr. Durgin, Secretary of the Appropriation Committee.

MOVED the following substitute motion by the Appropriation Committee:

The subject matter of this Article be referred to the By-laws committee.

Comes now the question on the substitute motion by the Appropriation Committee.

SO VOTED

ARTICLE 11. (By direction of the Board of Selectmen), To see whether the Town will vote to amend its By-Laws by adding the following Section; or to take any other action in relation thereto.

HARBOR AND DOCKINGS REGULATIONS

SECTION 601: Definitions:

As used herin, words shall be given their normal meaning in common usage. The following words, however, shall have the meaning hereafter set forth wherever they are used in the By-Law.

"TERMINAL" shall mean an installation on land adjacent to the shore where a mooring, or a dock or docks, is available for tying up vessels so they may load or unload flammable liquid cargo in bulk, which installation shall inclued the mooring, dock or docks and equipment and buildings on the adjacent shore location for receiving or loading such cargo.

" TERMINAL OPERATOR" Shall be the owner, lessee oragent, person, firm or corporation in possession of and legally liable for the operation of a Terminal.

"VESSEL" shall mean any vessel, ship or barge or other floating liquid carrier, whether self-propelled or not.

"OIL" and/or "LIQUID CARGO" shall mean any oil, petroleum product or petroleum by-product, liquid chemical, flammable liquid, or any other liquid which could contaminate, pollute or otherwise be dangerous or harmful to Weymouth waters or shorelines.

"TRANSFER OPERATIONS" Shall mean the movement of oil and/or liquid cargo into or out of a vessel, from or to a shore tank, or from or to another vessel, and shall include either loading or unloading.

"FLEXIBLE CONTROL BOOM" shall mean a boom floating in the water and principally made out of rubber plastic, styrofoam, or similar materials,

and projecting above the surface of the water at least twelve inches and extneding below the surface of the water at least twenty inches; said boom to be constructed to permit any portions or sections thereof to be interchanged or linked together and to be of sufficiently light-weight construction that it may be moved or towed from one location to another.

HARBOR CONTAMINATION

Every caution shall be exercised during transfer operations to prevent discharge of petroleum products into the waters of Weymouth Harbor, Fore River or Back River.

TRANSFER CONTROLS

Whenever any vessel enters any wharf, terminal or anchorage for the purpose of transferring oil or liquid cargo, the terminal operator shall provide such vessel with a flexible control boom, which shall be placed in the water around such vessel so as to control and prevent any seepage overflow, leak or other excess oil or liquid cargo from entering into Weymouth waters, Fore River or Back River.

POLLUTION REPORT

A written report entitled "Inspection Report -- Pollution Prevention" on a form provided by the Harbor Master shall be filled out for each vessel berthing and signed in the required spaces by the Terminal Operator. The form duly executed shall be forwarded promptly after completion of transfer to the Harbor Master.

ENFORCEMENT

It shall be the duty of the Harbor Master to enforce the provisions of this Section of the By-Laws. All terminal operators shall be deemed to have authorized the Harbor Master to enter upon their premises, or any vessel therein, whenever the Harbor Master shall deem it necessary to make an inspection, unless the terminal operator shall have filed written notice of his refusal to grant such authorization with the Harbor Master and with the Division of Natural Resources of the Commonwealth of Massachusetts.

PENALTY FOR VIOLATION

Violations of this By-Law shall be prosecuted by the Harbor Master in courts of competent jurisdiction and shall be punishable by the maximum fines permitted by the General Laws of the Commonwealth to be imposed by towns for misdemeanors. Each day or portion thereof during which violation continued ofter notice thereof has been given by the Harbor Master to the terminal operator shall be deemed a separate offense.

MOVED by the Appropriation Committee:

That the Town vote to amend its By-Laws by adding a section entitled Section 601 Harbor and Docking Regulations as detailed in the Town of Weymouth Warrant and Recommendations of the Appropriation Committee, Special Town Meeting, Monday, October 27, 1969, 7:45 p.m.

Discussion ensued involving Mr. Durgin, Secretary of theAppropriation Committee; and Mr. Dion.

MOVED the following amendment by Mr. Dion:

Section 601, Flexible Control Boom in the third line delete the word "similar" and substitute the word "other".

Mr. Rennie of the Board of Selectmen spoke on the amendment.

Comes now the question on the amendment by Mr. Dion.

Vote was taken and the Moderator declared the amendment by Mr. Dion LOST.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Special Town Meeting adjourn at 10:10 p.m.

A True Copy Attest:

Harry Christensen
Town Clerk

SPECIAL TOWN MEETING

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To the Town Meeting Members of the Town of Weymouth, in said County, Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby notified to meet in the Daniel L. O'Donnell Auditorium of the Weymouth High School, 1051 Commetcial Street, East Weymouth, on

Monday, the 8th day of December 1969

at seven o'clock and forty-five minutes in the evening, then and there to act upon the following articles (a copy of which is enclosed.)

Given under my hand at Weymouth, this tenth day of November in the year of our Lord nineteen hundred and sixty-nine.

At true copy. ATTEST:

Harry Christensen
Town Clerk

RETURN OF SERVICE

November 28, 1969

Norfolk, ss.

Pursuant to the above warrant, I have this day notified and warned the inhabitants of Weymouth aforesaid to meet in the respective places and times set forth in said Warrant by posting true and attested copies of the same in two public places in each voting precinct in said Town seven days before the time of holding said meeting.

Norman F. Keith
Constable of Weymouth

Received in the Clerk's Office, Town of Weymouth November 28, 1969 at 2:45 P.M.

TOWN OF WEYMOUTH
SPECIAL TOWN MEETING
DECEMBER 8, 1969

Pursuant to a Warrant duly issued, the Special Town Meeting of the inhabitants of the Town of Weymouth, represented by their duly elected and qualified Town Meeting Members, was held in the auditorium of the Weymouth High School on Monday, December 8, 1969.

The meeting was called to order at 7:50 o'clock in the evening by the Annual Moderator, Mr. Philip T. Jones.

The Town Clerk, Mr. Harry Christensen, read the Call of the Meeting.

Upon motion duly made, it was

UNANIMOUSLY VOTED: That the reading of the Articles in the Warrant be suspended.

Prayer for Divine Guidance at this Special Town Meeting was offered by Rev. William F. Joyce, Immaculate Conception R. C. Church, East Weymouth.

The assembly joined in the pledge of allegiance to the Flag of the United States.

Town Meeting Members not previously sworn were administered the oath by the Moderator.

The following Tellers were appointed and sworn by the Moderator:

1st Division	Mr. Cicchese
2nd Division	Mr. Carven
3rd Division	Mr. Hollis

There were 170 Town Meeting Members present.

The Moderator declared a quorum present.

Now we continue with consideration of the Articles in the Warrant.

ARTICLE 1. (By Request of the Board of Public Works). To see what sum of money the Town will vote to raise and appropriate by taxation, transfer from available funds and/or borrowing for drainage purposes (for stream improvement) from Weymouth Back River to Whitman's Pond, consisting of flood flow conduit and channel and works at dams, as recommended by Metcalf and Eddy, Engineers in report to Weymouth Drainage Committee dated March 11, 1957.

Tnat the sum of money hereby appropriated shall be made available only if the State, under General Laws, Chapter 91, will pay a sum of money proportionate to the cost of construction under the provisions of said Chapter, provided further, that such work shall be done by private contract under the direction of the Board of Public Works and/or the State Department of Public Works.

Also to see if the Town will assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be per-

formed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance, and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores, and shores along a public beach outside of Boston Harbor, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Board of Selectmen to execute and deliver a bond or indemnity therefor to the Commonwealth;

or take any other action in realtion thereto.

MOVED by the Appropriation Committee:

That the Town vote to transfer from available funds (Excess and Deficiency Account) $130,650.00 for drainage purposes for stream improvement from Weymouth Back River to Whitman's Pond, consisting of flood-flow conduit and channel and works at dams, as recommended by Metcalf and Eddy, Engineers, in report to Weymouth Drainage Committee dated March 11, 1957. Said sum of money proportionate to the cost of construction under the provisions of said Chapter, provided further, that such work shall be done by private contract under the direction of theBoard of Public Works and/or the State Department of Public Works.

Also the Town vote to assume liability in the manner provided by Section 29 of Chapter 91 of theGeneral Laws, as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement development, maintenance, and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores, and shores along a public beach out side of Boston Harbor, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Board of Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

MOVED the following substitute motion by Mr. Masison:

That the Town vote to raise and appropriate the sum of $130,650.00 for drainage purposes (for stream improvement) from Weymouth Back River to Whitman's Pond, consisting of flood-flow conduit and channel and works at dams, as recommended by Metcalf and Eddy, Engineers in report to Weymouth Drainage Committee dated March 11, 1957. Said sum of money hereby appropriated shall be made available only if the State, under General Laws, Chapter 91, will pay a sum of money proportionate to the cost of construction under the provisions of said Chapter, provided further, that such work shall be done by private contract under the direction of the Board of Public Works and/or the State Department of Public Works.

Also that the Town vote to assume liability in the manner provided by Section 29 of Chapter 91 of theGeneral Laws, as amended by Cahpters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts, for the improvement, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tidewaters, foreshores, and shores along a public beach outside of Boston Harbor, in accordance with Section 11 of Chapter 91 of the General Laws, and authorize the Board of Selectmen to execute and delvier a bond of indemnity therefor to the Commonwealth

To meet said appropriation the sum of $10,650.00 is appropriated from available funds (Excess and Deficiency Account) and the Treasurer, with the

approval of the Board of Selectmen, is hereby authorized to borrow a sum not to exceed $120,000.00 and to issue bonds or notes payable in accordance with General Laws, Chapter 44, Section 7, Subsection 17, as amended.

Discussion ensued involving Mr. Masison, Mr. Durgin, Secretary of the Appropriation Committee; Town Accountant Roulston, and Mr. Newton.

Comes now the question on the substitute motion by Mr. Masison.

The Moderator ordered a Teller Count. Vote and count were taken and the Tellers reported 123 votes in the affirmative and 29 votes in the negative. The Moderator then declared that, there being more than the required two-thirds vote in the affirmative, the substitute motion by Mr. Masison was

SO VOTED.

ARTICLE 2. (By Request of "Town Meeting and Town Election Study Committee" established under Article 15 of Special Town Meeting of May 12, 1969).

To see if the Town will vote to ammend Section 102 of Article 1 of the Town By-Laws by striking out the second sentence and substituting therefor the following:

The Warrant for any Special Town Meeting Shall be closed at least forty-four days before the date set for the call of the meeting;

or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to amend Section 102 of Article 1 of the Town By-Laws by striking out the second sentence and substituting therefor the following:

The Warrant for any Special Town Meeting shall be closed and remained closed at least forty-four days before the date set for the call of the meeting.

Discussion ensued involving Mr. Field, Chairman of the Town Meeting and Town Election Study Committee; and Mr. Durgin, Secretary of the Appropriation Committee.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 3. (By Request of the "Town Meeting and Town Election Study Committee" established under Article 15 of Special Town Meeting of May 12, 1969.)

To see if the Town will vote to amend Section 102 of Article 1 of the Town By-Laws by Striking out the third sentence and substituting therefor the following sentences:

The Warrant for theAnnula Town Meeting shall be closed and remain closed at least ninety days before the date set for the call of the meeting. No articles shall be accepted or placed in any Warrant in violation of the provisions of this Section;

or take any other action in relation thereto.

MOVED by the Appropriation Committee:

That the Town Vote to amend Section 102 of Article 1 of the Town By-Laws by striking out the third sentence and substituting therefor the following sentences:

The Warrant for the Annual Town Meeting shall be closed and remain closed at least ninety days before the date set for the call of the meeting. No articles shall be accepted or placed in any Warrant in violation of the provisions of this Section.

Discussion ensued involving Mr. Durgin, Secretary of the Appropriation Committee; Mr. Lane, Mr. Field, Chairman of the Town Meeting and Town Election Study Committee; Mr. Masison, and Mr. Newton.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

ARTICLE 4. (By Request of "Town Meeting and Town Election Study Committee" established under Article 15 of the Special Town Meeting of May 12, 1969).

To see if the Town will vote to amend Section 101 of Article 1 of the Town By-Laws by striking out the present section and substituting therefor the following:

DATE OF ANNUAL TOWN MEETING:
Section 101. The Annual meeting of the Town shall be held on the Second Monday of April of each year and the Annual Town Election shall be held on the Third Monday of April of each year;

or take any action in relation thereto.

MOVED by the Appropriation Committee:

That the Town vote to amend Section 101 of Article 1 of the Town By-Laws by striking out the present Section and substituting therefor the following:

DATE OF THE ANNUAL TOWN MEETING:
Section 101. The Annual meeting of the Town shall be held on the first Monday of April of each year and the Annual Town Election shall be held on the second Monday of April of each year.

Discussion ensued involving Mr. Durgin, Secretary of the Appropriation Committee; Town Clerk Christensen, Mr. Field, Chairman of the Town Meeting and Town Election Study Committee; and Mr. Moran.

MOVED the following substitute motion by Mr. Moran:

That the Town vote to amend Section 101 of Article 1 of the Town By-Laws by striking out the present Section and substituting therefor the following:

DATE OF THE ANNUAL TOWN MEETING:
Section 101. The Annual Meeting of theTown shall be held on the second Monday of April of each year and the Annual Town Election shall be held on the first Monday of April each year.

Further discussion ensued involving Mr. Lane, Mr. Cicchese, and Mr. Field, Chairman of the Town Meeting and Town Election Study Committee.

Comes now the question on the substitute motion by Mr. Moran.

Vote was taken and the Moderator declared the substitute motion by Mr. Moran LOST.

Comes now the question on the motion by the Appropriation Committee.

UNANIMOUSLY VOTED

MOVED by Mr. Field, Chairman of the Town Meeting and Town Election Study Committee:

That the Town Meeting adopt the provisions of Item 2A of the Committees Report and request the Selectmen to provide accordingly in their Annula Warrant that all sessions of the meeting held in the evening start not later than 7:30 p.m.

That the Town Meeting adopt the provisions of Item 2B of the Committee's report and request the Selectmen to provide accordingly in their Annual Warrant that adjourned sessions of the meeting be held on Tuesday and Wednesday evenings of the same week and thereafter at such times as may be voted.

Discussion ensued involving Mr. Field, Chairman of the Town Meeting and Town Election Study Committee; Town Counsel Kelly, and Mr. Durgin, Secretary of the Appropriation Committee

Comes now the question on the motion by Mr. Field, Chairman of the Town Meeting and Town Election Study Committee, relative to Item 2A of the Committee's Report.

SO VOTED

Comes now the question on the motion by Mr. Field, Chairman of the Town Meeting and Town Election Study Committee, relative to Item 2B of the Committee's Report.

SO VOTED

Upon motion duly made by the Appropriation Committee, it was

UNANIMOUSLY VOTED: That the Special Town Meeting adjourn at 9:05 p.m.

A True Copy Attest:

R. Chester Lopaus
Town Treasurer
Collector

I have examined the Treasurer's and Collector's accounts in the Weymouth Water Division and believe them to be correct. Regular examinations of all transactions, with a monthly verification of cash with the official statements of all depositories, satisfies me that the Treasurer has properly accounted for all funds entrusted to him.

Warren F. Roulston
Town Accountant

JAMES R. MITCHELL
Collector of Taxes

REPORT OF THE COLLECTOR OF TAXES

January 15, 1970

To the Honorable Board of Selectmen
Town of Weymouth
Massachusetts

Gentlemen:

I am pleased to submit to you and, through you, to the citizens of Weymouth the annual report of taxes, interest, charges, etc., received by the office of the Collector of Taxes during the year 1969.

The collections, made under the authority of the several warrants given to the Collector by the Board of Assessors during the year, were paid daily to the Treasurer of the Town of Weymouth.

I desire at this time to indicate my appreciation to the various Town Officials for the cooperation which they have accorded me during the year. To the members of the Tax Office in particular, my appreciation is extended for their sincere cooperation and devotion to duty during the preceding twelve months.

WEYMOUTH AIRPORT COMMISSION

Front Row: James L. Mancino, Edward J. Flynn, Secretary; Charles W. Taber, Chairman; and Captain Ronald White, Advisor
Back Row: Herbert Guinette, John P. O'Connor, Ernest T. Williams, and Paul D. McElhiney

REPORT OF THE AIRPORT COMMISSION

January 10, 1970

The Honorable Board of Selectmen
Town Hall
Weymouth, Massachusetts 02189

Gentlemen:

The draft of an Agreement between the U. S. Government and the Weymouth Airport Commission has been studied and approved by all local parties interested and is now being passed through channels of the Navy Department before final approval and signing. This Agreement limits civilian use of the Naval Air Station in accordance with the wishes of the people of Weymouth and every effort is being made to retain these restrictions.

The Naval Air Station in South Weymouth will not be closed during the current economy drive and the desired contract may be ready for signing by the time this report is printed. As of noon, January 10th, everything is as stated.

After the Agreement is executed, the Weymouth Airport Commission will confer with the Massachusetts Aeronautics Commission to coordinate our efforts. Considerable discussion will still be necessary before any actual construction can begin.

Respectfully submitted,

Airport Commissi on Members:

Charles W. Taber
James L. Mancino
Edward J. Flynn
Paul D. McElhiney
John P. O'Connor
Ernest T. Williams
Herbert Guinette

REPORT OF THE BOARD OF ASSESSORS

To the Honorable Board of Selectmen
Weymouth, Massachusetts

Gentlemen:

We have assessed in 1969, upon the motor vehicle and trailer excise, farm animal excise, water liens, sewerage liens and charges, dilapidated building liens, and estate of all persons liable to taxation, the sum of $ 14,727,652.60 and have committed the same to James R. Mitchell, Esq., the duly-elected Collector of Taxes, with our warrants in the due form of law, for the collections and payments, in accordance with the votes of the Town of Weymouth and warrants of the County of Norfolk and the Commonwealth of Massachusetts.

Farm Animal Excise	$	29.38
1967 Motor Vehicle and Trailer Excise		82.50
1968 Motor Vehicle and Trailer Excise		77,358.75
1969 Motor Vehicle and Trailer Excise		1,235,917.72
1969 Real Estate		11,491,165.36
Water Liens		70,661.64
Common Sewer and Interest		33,181.44
Particular Sewer and Interest		62,486.55
Sewer Service Liens		7,883.00
Dilapidated Building Liens		1,069.06
Omitted Real Estate		12,879.88
Personal Property		1,688,303.92
Omitted Personal Property		46,633.40
Total		$ 14,727,652.60

Total	350,517,800.	13,179,469.28	
Total amount raised byTaxation on Property			13,179,469.28

Throughout 1968 a mass appraisal program was conducted in Weymouth as directed by the town meeting members at the 1967 annual town meeting. This program complied with the Supreme Court ruling that all real and personal property be assessed at full and fair value.

Early in the spring of 1969, the H. L. Yoh Company sent out notices of the new values and held hearings with those taxpayers who questioned the new figures.

The Board of Assessors had been reviewing the program as it progressed in 1968 and 1969 and felt that the Yoh Company had conducted a good program on the whole. Therefore, they planned to implement the use of the new figures in setting the 1969 tax rate.

A group of taxpayers contended that the Assessors should not use the H. L. Yoh Company values and effected that a special town meeting be called to oppose the use of the full and fair cash values. However, at the town meeting, the town counsel ruled that the articles were out of order and in direct opposition to the Massachusetts Constitution. No action was taken on either article.

Realizing that in any undertaking of this size, errors may have occured, the Board of Assessors informed the taxpayers of the avenues of appeal open to them. The Board met throughout the summer and fall to assist and advise any aggrieved taxpayer. Following this, the Board then reviewed the properties of any taxpayer who made application to them.

Approximately 2,000 such properties have been visited by the Assessors and adjustments were made where it was deemed advisable.

With all trends showing continually rising real estate values, a gigantic amount of work lies ahead for the Assessors in 1970, and in future years, to maintain this program on a workable and equitable basis.

REPORT OF THE TOWN COUNSEL

January 8, 1970

Hon. Board of Selectmen
Town of Weymouth
Town Hall
East Weymouth, Mass., 02189

Gentlemen:

During 1969 activity in the Legal Department increased measurably over that of any of the preceding years,

To the extent that statistics are a measure of activity, it is significant to note that eighteen cases were tried and disposed of in either the District or the Superior Court. These included several cases for assessment of land damages that have been pending for some years, contract actions against the Town, appeals from Zoning Board decisions and criminal complaints brought by the Building Inspector to enforce Town By-Laws. In addition, several days of trial were involved in an arbitration case brought by the Firefighters' Union for an alleged violation of the manpower clause in their collective bargaining agreement. There were also four liquor violation hearings before the Board of Selectmen and two hearings involving appeals from diciplinary suspensions of police officers.

This trial activity, the motions, pleadings, correspondence, investigations, conferences with witnesses, and the research and preparation for trial in and of themselves represent a very substantial workload. Court-room work and trials, however, are but part of the picture but, like the top of an iceberg, it is the part of Legal Department activity which the public sees. There is much non-Court work which is difficult and which requires a large amount of time and attention but, like the submerged part of the iceberg, cannot be seen.

This non-Court work involves the discussion and evaluation of myriad problems which arise in the day-to-day operation of a Town the size of Weymouth and giving advice, which is often accompanied by intensive research and written opinions. There is also the review and drafting of proposed articles for Town Warrants and changes in By-Laws. For example, during the past year we had a lengthy Annual Town Meeting, followed by Special Town Meeting on May 12; a Special Town Meeting in June for total revision of the Zoning By-Laws, which involved six sessions running through to September; a Special Town Meeting of July 24 regarding the re-evaluation program; a Special Town Meeting on October 27 involving revisions to the Building Code and enactment of By-Laws for control of oil spills and finally, a Special Town Meeting on December 8. All of these meeting require extensive research, preparation, analysis, study of the subject matter, and formulating of legal opinions.

Weymouth is said to be the third largest town in the Commonwealth, but unlike the two larger town of Brookline and Arlington, it is a town which is continuing to grow and has much more active programs for road construction, sewer, water and school building than either of the other larger towns and probably more actiye than any other town in the Commonwealth. Every

one of these programs involves legal work, such as the laying-out of streets, the taking of water and sewer easements, and eminent domain proceedings for school construction sites. In turn, each of these activities requires title examinations, appraisals, discussions with owners, preparation, execution and recording of instruments of taking, negotiation of settlements and preparation of releases.

Funds are annually appropriated under the Treasurer's budget for the foreclosure of tax titles. This is a specialized kind of work which involves a great deal of detail. For several years I attempted to do this work personally so that I would have a thorough working knowledge of what was involved and directed my attentions towards those cases which involved the greatest indebtedness to the Town. In many cases, we were able to collect all of the money owed to the Town, including the legal expenses. By agreement with Treasurer's Department and the Appropriation Committee, during the past year this work has been assigned to outside attorneys who specialize in this type of work. Responsibility for the appointment of these attorneys and for their performance continues to rest with the Legal Department, which continues to receive many inquiries from property owners concerning these proceedings.

In 1965, before I assumed this office, the sum of $2,000. was appropriated for a total revision of the Town By-Laws. Since then, a great deal of work has been done on this project, but it is obvious that an actual redrafting of a completely new set of By-Laws would be an impossibility. During the past several years there have been many significant additions or amendments to our existing By-Laws and in 1969 major revisions were made in the Building Code, and the Zoning Code was completely overhauled.

It would be a waste of money to reprint the By-Laws with all of this activity going on: The work would be out of date before it was completed. Therefore, the work was temporarily deferred and we expect that after the Attorney General has approved the most recent amendments, including the Zoning Law, a Completely reprinted set of By-Laws will be prepared, with a system for replacing pages as future additions or changes are made. No charges have been made against the appropriation as of this date. It is a very demanding and time-consuming task.

Perhaps this brief review gives at least some indication of the day to day work of the Legal Department. There are, of course, other activities, such as attending all meetings of the Board of Selectmen and meetings of other Town Boards and Committees upon request. In recent years, attendance at these meetings has increased because of the growing complexity of the work of these Committees and Departments. For example, there is a great deal of work involved in the planning and programming of the proposed airport arrangement with the South Weymouth Naval Air Station; likewise, there were meetings both here in the Town and Boston with the Metropolitan District Commission regarding the proposed skating rink and swimming pool. I am currently engaged with a number of other towns in defending a law suit brought by the City of Boston, which could have a substantially adverse effect on Weymouth's share of the MDC sewer assessment. Significantly, a case involving proprietary claims of an abutter in the South Weymouth Municipal Parking Lot which were described in detail in my last annual report, were denied and the position of the Town was upheld by the Supreme Judicial Court of Massachusetts.

My objective in recounting these activities is simply to point out that the "Legal Department", which is the Town Counsel, is an extremely busy department. This certainly should not be a revelation - rather it should be expected in a town as big and as busy as Weymouth. Taken together, these activities during the working day and the evening meetings and weekend researches, are not consistent with the common concept that the activities of the Town Counsel are "part time".

In conclusion, as in past years, I wish to publicly express my appreciation to the Board of Selectmen, the various Department Heads and to all of the other Boards and Committees whose cooperation makes the dedication more rewarding. Each year I become more impressed with the dedication of Weymouth's official family. Our elected officials put in many long hours and sometimes suffer public criticism for their efforts. It is for this reason that I take this opportunity to publicly express to each and every one of them my sincere commendation and appreciation.

Respectfully submitted,

Francis L. Kelly
Town Counsel

HARRY CHRISTENSEN
Town Clerk

REPORT OF THE TOWN CLERK

January 13, 1970

Honorable Board of Selectmen
Town Hall
Weymouth, Massachusetts

Gentlemen:

Herewith submitted is the Annual Report of the Town Clerk for the year ending December 31, 1969.

The year just past was one of the busiest in the history of the office. Aside from the usual routine of vital statistics, dog licenses, sporting licenses, and the annual town election, we were confronted with the annual town meeting in March and special town meetings in May, June, July, September, October and December for a total of eighteen sessions.

In 1969, the State Legislature placed the responsibility for the certification of Vietnam Bonus applications on the Town Clerk. This required the processing of approximately 1,500 applications. Another law requires the Town Clerk to be responsible for Certificates of Vaccination for dogs. Still another law passed and effective in August 1969 requires the filing and subsequent certification of the Town Clerk of all applications filed for a permit under the Raffle and Bazaar Law.

Despite the use of Voting Machines in September and November of 1969 and with which the majority of voters were very pleased, the 1969 Annual Town Meeting refused to appropriate funds for the further lease or purchase of these machines with the result that we will again revert to the use of paper ballots at an increased cost of time and money to the town.

Because of a further increase in the work load of the office, a part-time clerk will again be needed in the office.

Once again there was an increase in revenue over the year 1968. The total amount collected in fees for licenses and copies of all types of records was $15,961.07 of which $3,854.22 was returned by the County from dog licenses will be used for schools. The total amount of money handled by this department was $27,964.85. This is an increase of $733.50 over 1968.

I wish to extend my thanks to the Board and other departments and officials for courtesies tendered me during the year.

Respectfully submitted,

Harry Christensen
Town Clerk

SUMMARY OF THE TOWN CLERK'S STATISTICAL REPORT BIRTHS, MARRIAGES, DEATHS FOR THE YEAR 1969

The total number of certificates received and recorded during the year 1969, at the time of going to press was as follows:

Number of Births	2161
Number of Marriages	786
Number of Deaths	726

TOWN CLERK'S FINANCIAL REPORT FOR THE YEAR ENDING DECEMBER 31, 1969

	Paid to Division of Fisheries & Game	$ 8,608.50

REPORT OF COMPENSATION AGENT FOR THE YEAR ENDING DECEMBER 31, 1969

January 24, 1970

Honorable Board of Selectmen
Town Hall
Weymouth, Massachusetts

Gentlemen:

Following is a summary of the Workmen's Compensation Department for the year 1969.

Cases Reported	137	
Compensation payments		$ 32,701.33
Medical Fees		5,992.50
TOTAL		$ 38,693.83

In addition to the above there is presently medical bills of $6,180.00 to be reviewed on 1969 cases.

On January, 1969 there were nine cases that were on the payroll for a period of longer than six months. As of December 21, 1969 this was reduced by one.

You will note that there were no specific Compensation payments made during the year 1969. There will however be at least five during the year 1970 for injuries sustained during the year 1969. This will include the loss of a hand in one case and the loss of toes in another.

On November 23, 1969 the Compensation rate was increased from $65.00 to $70.00 for employees by State Law. In addition Medical Fees will take a drastic climb. Therefore, it must be noted that the year 1970 will show a rise in Compensation Costs.

In closing may I offer my thanks to the Board of Selectmen for their co-operation and assistance.

Respectfully submitted,

William H. Donohue
Compensation Agent.

BOARD OF REGISTRARS

John F. Tracy - Eleanor C. Jack, Chairman - Harry Christensen,
Clerk · James V. Finn

REPORT OF THE BOARD OF REGISTRARS

Honorable Board of Selectmen
Town Hall
Weymouth, Massachusetts

Gentlemen:

Herewith is submitted the annual report of the Board of Registrars covering its activities for the year 1969.

Registration Sessions	12
Business Meetings	11
Elections	1
Recount	1

During the year, the registration of voters, the preparation of the Annual Street Listing and Census Taking were brought to a successful conclusion.

May we say in passing, we have found that in the matter of the Annual Census, it is taking longer to complete each year, thereby becoming more costly, which, in some respects, is due to the increasing number of apartments in the Town, as well as the general increase in population.

The total number of registered voters in the Town as of December 31, 1969 is as follows:

Precinct 1	1,990	Precinct 7	2,287
Precinct 2	2,053	Precinct 8	2,981
Precinct 3	1,546	Precinct 9	2,455
Precinct 4	2,346	Precinct 10	1,577
Precinct 5	2,153	Precinct 11	1,939
Precinct 6	1,704	Precinct 12	1,229
			24,260

We extend our thanks to your Board and all departments for assistance and courtesies during the year.

Respectfully submitted,

Eleanor C. Jack, Chairman
James V. Finn
*Paul J. Leary
John F. Tracy
Harry Christensen, Clerk

*Resigned

ELECTRIC LIGHTING COMMITTEE

Seated: Charles W. Whipple, Chairman and Robert R. Gilligan, Secretary
Standing: William Donovan and Ralph T. Cipullo
Missing: James B. Finn

REPORT OF THE STREET LIGHTING COMMITTEE

January 30, 1970

Honorable Board of Selectmen
Town Hall
Weymouth, Massachusetts

HEREWITH REPORT FOR YEAR 1969

Gentlemen:

The Street Lighting Committee had no major street lighting programs in effect during 1969.

Numerous requests from residents were received during the year and processed in accordance with the best lighting practices. Where additional lighting was authorized it was promptly installed by the Massachusetts Electric Company. In those cases where tree trimming was determined to be the better alternate, this was accomplished

We regretfully received the resignation of Mr. James Finn from this committee.

We wish to thank your Board and the many town Departments for the cooperation and assistance extended to us during the year.

Respectfully submitted,

Robert R. Gilligan, Secretary

Charles W. Whipple, Chairman
71 King Avenue

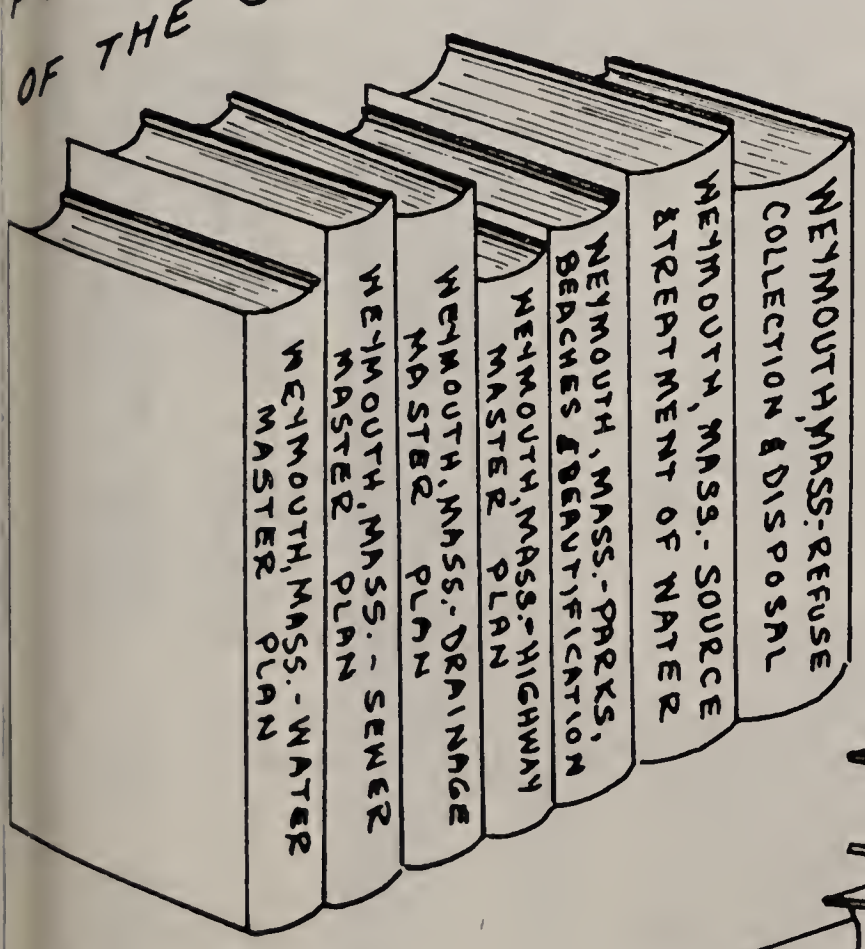

Ralph T. Cipullo
19 Skelly Avenue

William A. Donovan

ANNUAL REPORT
DEPARTMENT OF PUBLIC WORKS
1970 PROGRAM

PUBLIC WORKS LIBRARY
WEYMOUTH, MASS.

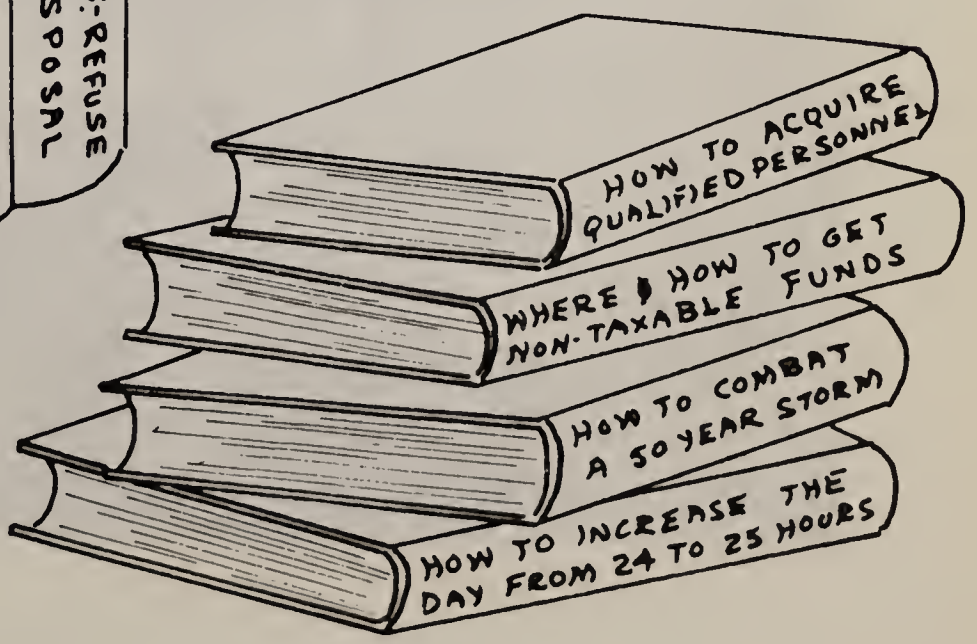

PUBLIC WORKS CAPITOL OF THE SOUTH SHORE"

"I find the great thing in this world is not so much where we stand, as in what direction we are moving."

Oliver Wendell Holmes

NEEDED TO COMPLETE THE PERFECT LIBRARY

F. Log

Seated L. to R. WALTER B. HEFFERNAN, Vice-Chairman; JOHN C. NOURSE, Chairman; EVERETT J. McINTOSH

Standing L. to R. J. FRANK McDONOUGH, Clerk; WILLIAM B. ERWIN, GEORGE T. DOWD, JR., GEORGE F. BRADY

BOARD OF PUBLIC WORKS 1958 to 1970

Everett J. McIntosh, present member of the Board of Public Works, is finalizing his 43 years of public service this coming spring. Known to some as "Mac", - as "the Dean" - as the "Mayor of the Landing and Lincoln Square", but known to all as a conscientious public official.

Everett began elected public service 43 years ago. He served on the Park Commission (very instrumental in the creation of six of Weymouth's parks), the Planning Board, Conservation Commission and appointed committees too numerous to mention.

In private life he has served his profession as President of the Brookline Teachers Club, President of the Massachusetts Teachers Association, Chairman of the National Education Association Budget Committee and President of the American Industrial Arts Association. He is also an active member of the Weymouth Kiwanis Club.

Mr. McIntosh was presented the Laureate Award Epsilon Pi Tau at Ohio State University for outstanding work in his field of industrial arts.

At the January 15th meeting of the Board of Public Works, the Chairman said he regrets Mr. McIntosh is not seeking re-election and that on behalf of the Board of Public Works he wanted to wish him well in his retirement - everyone is aware of Mr. McIntosh's dedicated public service over the past 43 years.

REPORT OF DIRECTOR OF PUBLIC WORKS

Presented herewith is the 12th annual report of the Weymouth Public Works Department. Comparisons with expenditures of past years, along with recommendations for the year 1970, will be made, accompanied with explanations as to any sizeable differentials.

Programs and projects commenced, completed, or yet to do will also be presented as to their present status. The reader will note that there are annual increases in costs in the Public Works Department that are in parallel with the national economy.

The writer believes that the Weymouth citizens want to and should pay their municipal employees a modern livable wage; that at the rate Weymouth is growing in population, it is bound to take more "arms and legs" to do the necessary housekeeping and supply the necessary services.

As to the direct relation of increased costs with increased population, the writer offers the following example for thought:

Water Division

"x" number of people in 1960 normally used one million gallons of water in their daily living.

The same "x" number of people in 1969 used 1 1/2 million gallons of water, but in 1969 there were "x" + "y" number of people and the total amount used was two million gallons.

This water is pumped - electricity is used - under these existing conditions the electricity bill increases proportionately each year.

This same water is treated with chemicals - 100 pounds per million gallons @ $1.00/lb. in 1960 is $100.00/million gallons treated.

In 1969, $1.50/lb. chemical and two million gallons of water - $300.00 for covering same ground as above.

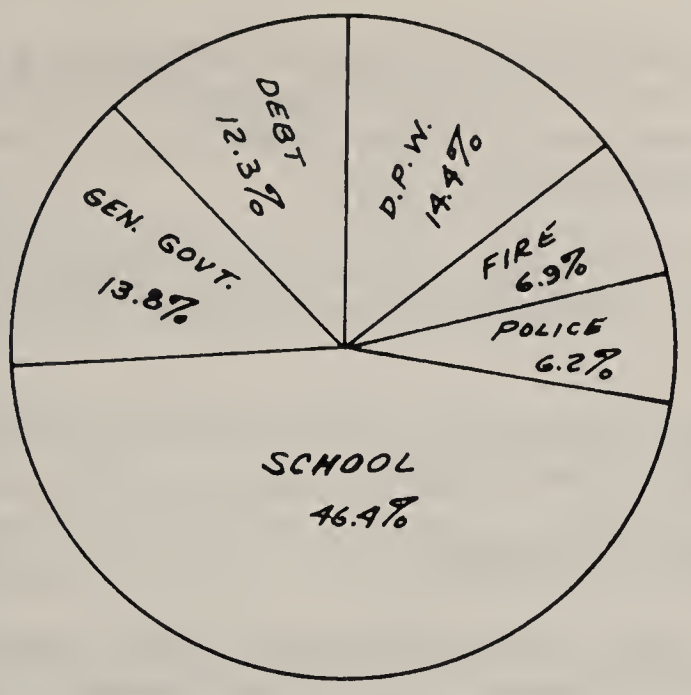

This year the writer would like, in a very general sense, not to go into the costs of the Public Works services. This observation will ot include capital outlay programs that are carried by special articles and treated individually.

The grand total of Article 1 for 1968 was $15,611,349 and 1969, $16,699,448. Briefing the list down to the larger more familiar departments and lumping all others into "General Government" the following is shown:

	1968	%	1969	%
Police	927,643	5.9	1,043,454	6.2
Fire	935,861	6.0	1,152,080	6.9
Public Works	2,181,213	14.0	2,408,856	14.4
School	6,920,755	44.3	7,750,578	46.4
Debt & Interest	1,514,850	9.7	2,045,400	12.3
General Government	3,131,027	20.1 *	2,299,080	13.8
	15,611,349		16,699,448	

* General Government includes Public Assistance (Welfare) in 1968 ($938,274) but not in 1969

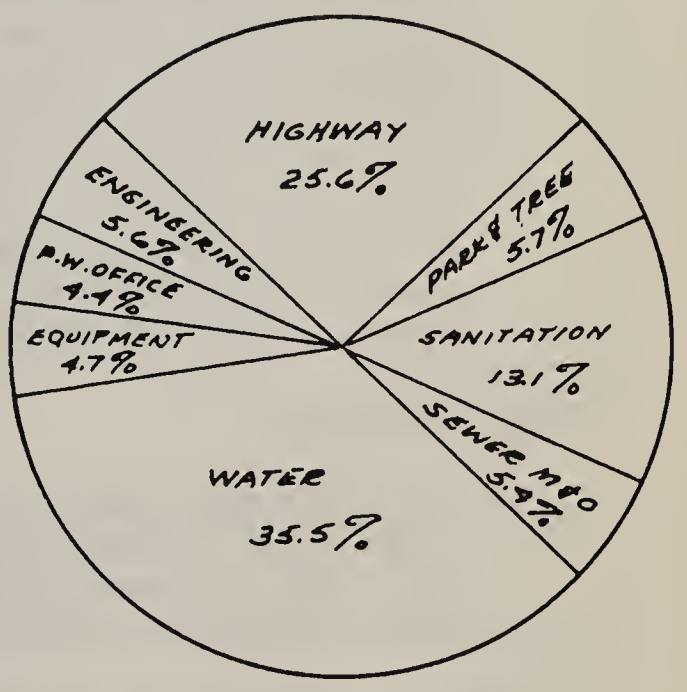

1969 TOWN PICTURE

1969 PUBLIC WORKS PICTURE

Of the representative 100% Public Works -

Public Works Office	105,148	4.4%
Engineering	134,457	5.6%
Highway	618,973	25.6%
Park & Tree	136,802	5.7%
Sanitation	315,205	13.1%
Sewer M & O	130,468	5.4%
Water	854,253	35.5%
Equipment	113,550	4.7%
	$2,408,856	

It should be noted that the largest housekeeping service (supply of water) is not reflected in the tax rate - the Water Division is 100% operated, maintained and recapitalized by the sale of water DELIVERY.

Major Problems 1969

After a comparatively mild winter, the entire metropolitan snowy belt area got clobbered with a series of storms at the end of the winter that were unprecedented according to official weather authorities.

Personnel availability continued to present a major problem to the department - there are not enough skilled persons to go around. Several vacancies have existed in the Engineering Division off and on for several years.

Construction costs seem to have stabilized, or, put another way, the department estimates have been jacked up sufficiently to show in the proper bid perspective.

Optimistic Areas 1969

Weather for construction was excellent. The backlog of sewer work is well caught up; very little to carry over into 1970. Accepted streets in the highway division are all completed for the first time with no new construction being carried into 1970.

1969 saw most of the construction completed (finally) of the Smelt Brook Flood Relief in the Landing and a successful bid for the Back River Flood Control Phase III.

Wessagusset Beach expansion and shore protection was completed and the beach used in the summer of 1969.

Pessimistic Area 1969 and Projection

Government is, particularly in this day and age, apparently one of the most favorite "establishment" symbols and targets of protest. Local government is handiest to the citizen. Weymouth, in particular, has had an additional thing going this year - the re-evaluation and an increase in almost every homeowner's tax bill. The largest users of the taxes are schools, police, fire and public works. Homeowners are now more than ever before exerting their idea of priorities. The housekeeping items and the master sewer, highway and drainage programs have got to have their place in priority. Although the financial picture is gloomy, the writer feels very strongly that the problems, particularly those concerning public health and other environmentals, have to be kept well within proper perspective and faced squarely.

Acknowledgment

The writer would like to thank the Board of Public Works; Selectmen; Park Commissioners; James Stevens, Fire Chief; Joseph B. O'Kane, Police Chief; Francis Kelly, Town Counsel, and all the Town departments, boards and committees for their cooperation during the year 1969.

Personal and special thanks again to the superintendents, men and women of the Public Works Department.

Arthur J. Bilodeau
Director of Public Works

BUSINESS OF THE DEPARTMENT

A. PUBLIC WORKS OFFICE was responsible for 4.4% of the total 1969 Public Works Budget.

Director	ARTHUR J. BILODEAU, P. E. & P. L. S.
Executive Secretary	Thyra N. Andrews
Highway Clerk	Irene A. Chabot
Park & Tree Clerk	Ann E. Barnes

Divisional Budgets

The Public Works Office budget includes all clerical personnel except Water Division, the custodial personnel, maintenance of the building, heating, telephone, electric, all fuel and miscellaneous items.

In 1969 the Town Meeting items of Article I were presented and approved on a "segregated budget format".

Although this restrictive method of budgeting caused the necessity of several transfers during the year, considering the number of items involved in the Public Works budgets, the emergency nature and uncertainty of so many, it is the considered opinion of the department that the segregated budget is a better bookkeeping method.

Following are the 1968, 1969 budgets and requests for 1970.

Item No.		1968	1969	Request 1970
Public Works Office				
181.	Salaries - Commissioners	2,900	2,900	2,900

1967	81,712.24	5,234.06	87,946.30
1966	103,259.75	11,737.81	114,997.56

The sizeable returns of personnel funds is indicative of the difficulty to fill the positions in the various divisions of Public Works. Off and on for the past two to three years the department has been 15 - 20 personnel short. Just recently what appears to be a breakthrough is occurring. Some of the vacancies are recently being filled. Informational - all positions have a six month probation period.

B. ENGINEERING DIVISION was responsible for 5.6% of the total 1969 Public Works budget.

Town Engineer & Asst. P.W. Director	FRANK S. LAGROTTERIA, P.E. & P.L.S.
Asst. Town Engineer	John H. Morse, P.E.
Office Engineer	Paul J. Knight, P.L.S.
Field Engineer	Robert Delaney, P.L.S.
Engineering Clerk	Alice J. Welsh

1. GENERAL FUNCTIONS

(a)	Stone Bound Markers Set	65	96	48
(b)	Street Lines Established	23	29	33

2. LAYOUT, DESIGN AND SUPERVISION OF CONSTRUCTION

Sewer Program - Sewer Contract No. 64 Bid Price $426,120.00

3. SPECIAL LAYOUTS AND PROJECTS

(a) Survey, layout and plans for 1969 Water Reinforcing Contract.
(b) Layout, Line and Grade for Highway Division street construction of Ford Road, Front St., Linnway St., Meredith Way, Prospect St., Rockcroft Rd., Vine St., and West St.

(c) Title Reference and descriptions of 9 streets submitted for acceptance at the Annual Town Meeting 1969.
(d) Taking plan of 15 acre Union Street School Site.
(e) Topographical survey and plan of Union Street School Site.
(f) Topographical survey and plan of Wessagusset School Site.
(g) Topographical survey and plan of Reed Avenue Standpipe Site.
(h) Study and design for drain and sewer systems for 8 subdivisions, apartments, commercial and/or industrial developments.
(i) Survey, layout and design for widening and relocation of Middle Street from Lake Street to Broad Street.
(j) Survey and plans for corner roundings of Vine St. @ Washington St., Prospect St. @ Washington St., and Summit St. @ Webb St.
(k) Survey and layout for O'Sullivan Playground Tennis Courts.
(l) Survey and plan of properties abutting new Wessagusset Beach.
(m) Complete new Zoning Map.
(n) Update Master Plans of Public Works Capital Outlay Projects.
(o) Update maps, reports and estimates for study of future sewer construction areas of the entire Town.
(p) Survey and design for proposed 1970 Sewer and Highway Programs.
(q) Prepare plans and visual aids for Town Meeting presentations.

4. CASH RECEIPTS

Receipts for sale of Atlas, contracts, plans and maps turned over to Town Treasurer - $1,243.05.

The failure to acquire qualified engineers continued through 1969 for the third consecutive year. From 1961 through 1966 the personnel of the Engineering Division included four (4) Grade III Engineers and two (2) Grade II engineers. The personnel of the Division through 1969 and as of December 31, 1969 includes two (2) Grade III Engineers and one (1) Grade II Engineer. Because of the above facts and the services demanded of the Division, the reconstruction of Middle Street from the Southeast Expressway to Hanover St. and from Lake Street to Central Square could not be accomplished during 1969. The Division has placed the preparation of this contract for acquiring bids for construction in early 1970 as its top priority. The Town cannot afford to delay this work another year.

One of the employees of the Division has been attending evening school leading towards a degree in civil engineering for the third year at his own expense of approximately $800 per year. There is no question that the individual is bettering himself; however, he, in turn, makes it possible to render more valuable engineering services to the Town. As was the case with four (4) previous employees, upon the completion of his advanced education, this individual cannot afford to stay with the Town of Weymouth with the present salary and classification schedule.

The Town of Weymouth identifies and recognizes the positions in the Engineering Division from Grade III and higher as Professional; only in the qualifications established for these positions. The classifications and salary schedule is not consistent with the qualifications established for these positions, and has resulted in the failure to acquire qualified applicants the past few years and necessitated the Town to hire consultants at higher cost for more limited work.

C. HIGHWAY DIVISION was responsible for 25.6% of the total 1969 Public Works budget.

Superintendent	DANIEL J. SLATTERY
General Foreman	Francis E. Lenihan
Foremen	John C. Downs
	Edward F. O'Leary
	Anthony M. Nista

1. STATISTICS

Highways - Total miles		180.92
Town - public		126.32
Town - private ways		18.97
Town - paper streets		17.44
State - routes		18.19
Sidewalks - Total miles		120
Open Rivers - Total miles		7.73
Mill River	3.71 miles	
Swamp River	2.82 miles	
Back River	1.20 miles	
Estimated miles of tributaries streams, brooks, creeks, ditches		150 miles
Town area	17.5 sq. miles	
Waterfront	12.5 Lin. miles	

2. ACCEPTED STREETS (Private Ways) Constructed

In 1969 the following streets were accepted as built by private developers or constructed by Town forces.

	Street		Footage	Year Accepted
a)	Rockcroft Rd.	Town	200 l.f.	1965
b)	Meredith Way	Town	500 l.f.	1968
c)	Ford Road	Town	630 l.f.	1969
d)	Ivy Road	Town	377 l.f.	1969
e)	Linnway St.	Town	445 l.f.	1969
f)	Robinswood Rd.	Developer	957 l.f.	1969
g)	Susan Road	Developer	461 l.f.	1969
	Total 1969		3570 l.f.	

Backlog - This is the first year that the Public Works has no backlog of accepted street work so-called. There are several streets that require final paving - this is done by the paving contractor.

3. PUBLIC STREETS IMPROVED - (ST) Surface Treatment and Paving

a) Rockcroft Rd. (minus accepted 200')	1370	
b) Whipple Street (minus sewer 550')	1400	
c) Whipple Circle	250	
d) Eisenhower Road	700	
e) Federal Street - Front to Washington	680	
f) Front St. - Summer, Front, Walnut to Kingman	1300	
g) Hunt Street	800	
h) King Avenue	1400	
i) East Street - Commercial to R.R.	620	
j) Wharf Street - East St. to R.R.	250	8770

4. PUBLIC STREETS PAVED Following Sewer, Water or Drain Installation.

Street	Footage
a) Whipple St. Part. (Sewer)	500'
b) Prospect Hill Drive (Sewer)	2300'
c) Hill Top Road (Sewer)	625'
d) River View Place (Sewer)	350'
	3825'

5. SPECIAL STREET PROJECTS

A. Washington & Vine Intersection - Minor landtakings and widening at approach on Vine to Washington - improvement of traffic hazard.

B. Prospect Street - Reconstruction of the South Shore National Bank rearranged parking - bank gave 5' strip for widening of entrance to Prospect Street.

C. West Street - Lowered the "hump" approximately one foot and raised the two approaches, reducing the traffic hazard and improving the ridability.

6. DRAIN MAINTENANCE

Unusual wet November and December curtailed normal stream maintenance and again emphasized the many areas of drain problems throughout the town. The eductor crew recorded as cleaned 1160 catch basins. An estimated 1800 additional basins were cleaned by hand.

7. HIGHWAY SWEEPING

The two sweepers had very little mechanical "down time" in 1969. The diesel's better performance is obvious.

8. HIGHWAY SEAL AND OILING

The Division is continuing to "phase out" the use of oil seal as indicated below by the gallonage used. There will still be many isolated areas that require oil seal - in most instances until basic improvements are made to given streets - proper drainage, sewerage, proper sub-base, etc., it will be necessary to treat in this economical manner.

1969	57,824 gallons
1968	73,318 gallons
1967	80,427 gallons
1966	83,507 gallons

9. TRAFFIC CONTROL & STREET SIGNS - PAINTING

Paint	Repaint	New
a) Crosswalks	4,492'	40'
b) Centerlines	60,334'	7,120'

Miscellaneous Signs	New	Replaced
Street signs	43	127
School signs	0	5
Stop signs	2	11
Slow Children	4	17
Cross Walk signs	0	0
Slow signs	0	2

	New	Replaced
Railroad Sign	0	3
Keep Right sign	0	5
Dead End sign	0	0
No Dumping sign	2	3
Parking signs		
No Parking	0	7
Two Hour	0	3
One Hour	0	1
30 Minutes	0	1
1969 total signs	53	187
1968	82	116
1967	115	138

10. SNOW & ICE CONTROL

From January 1969 through April and December, the Department recorded an estimated 65 1/2 inches of snow. One storm of 30" on February 26 was the heaviest snow that this area has on record.

Cost Factors

Personnel - Snow Plowing

Highway	$27,161.05
Engineers	910.67
Sewer	8,246.10
Park & Tree	2,301.60
Water	5,624.09
Snow Removal	20,953.05
Ice Control	3,073.56
Total Personnel	$68,270.12
Materials (calcium, salt, sand)	6,127.04
Rental - Plowing	45,020.65
Rental - Removal	23,951.40
Misc. (food checks, blades, etc.)	4,716.15
Total Other	$79,815.24
Grand Total	$148,085.36

1969 av.	65 1/2 inches snow	$148,085.36	=	$2,260.84/inch
1968 av.	37 1/2 inches snow	67,506.25	=	1,800.15/inch
1967 av.	68 inches snow	103,360.64	=	1,520.00/inch
1966 av.	57 inches snow	89,342.09	=	1,567.40/inch

11. LOCAL DRAINAGE

Location	Pipe Size	Footage	C.B.s & M.H.s
a) River St. - marina	12"	450'	2 CB, 3 MH
b) Randolph St.	10"	150'	2 CB, 1 MH

2. Projects done by private contract

a) Fencing - O'Sullivan Playground - outfield fence & tennis courts
Beals Park - property fence
Great Esker - repair project

b) Bituminous concrete paving
O'Sullivan combination tennis court, basketball court & winter skating area.

c) Color seal coating and striping
O'Sullivan tennis courts and basketball court.
Stella Tirrell basketball court.

3. Construction by Division Personnel

a). Stella Tirrell - enlarged basketball area.
b). Planted new green in Jackson Square, East Weymouth.
c). 250 trees and shrubs were planted in various locations in the town.
d). 132 Dutch elm diseased trees removed by town forces.
e). 43 trees removed for road construction, easements, etc.

4. Miscellaneous Services

a). Insect pest control - spraying of elm, oak, birch.
b). Clearing land for easements - sewer, drains and water.
c). Clearing survey lines.
d). Clearing park areas.
e). Roadside brush clearing.
f). Poison ivy control on public property.
g). Police and Fire signal clearing.
h). Forest improvement.
i). Leaf cleanup and composting.
j). Pruning of town shade trees.
k). Maintenance of Town Nursery.
l). Mutual aid in snowfighting - plowing - sanding.
m). Bees and hornet control on public property.
n). Beach maintenance - Wessagusset and Lake Street.
o). Repair, paint and general maintenance of all park & playground equip.
p). Continual maintenance of all ballfields, tennis courts, etc.
q). Care of old cemeteries.
r). Care of all Town greens.
s). Maintenance of various skating areas.

E. SANITATION DIVISION was responsible for 13.1% of the total 1969 Public Works budget.

Superintendent	FRANCIS R. GALLAHUE
General Foreman	John Cordiero
Records	Paul V. Coffey
Weighing Clerk	Joseph Purpura

The Sanitation Division is responsible for the collection of all household refuse and garbage from every residence up to and including two-family dwellings. It also collects such hardware as stoves, sinks, refrigerators, etc. by telephone appointment. It is also responsible for the proper distruction and disposal of resulting residue.

1. STATISTICS

a). Mixed Refuse COLLECTED BY TOWN FORCES

Total	13568	15338	16398	18859

* Cleanup Week, 1st week in May

d). Traffic (Personal cars, pickups, etc.) at incinerator

Saturday traffic shows the following average:

1966	333 cars	1968	414 cars
1967	330 cars	1969	460 cars

The weekday average ran about 115 cars per day for 1969. Based upon 8 hour day, 480 cars represents one car per minute.

e). Private contractors' tonnage and income:

1966	571 tons	$2,286.40
1967	1043 tons	3,848.10
1968	1448 tons	4,392.60
1969	1154 tons	3,321.30

*Normal charge for licensed professional refuse haulers is $4.00 per ton. In August 1967 the Board of Public Works, after proper advertising, reduced the charge from $4.00 per ton to $2.00 per ton for those collectors whose equipment was registered and garaged in Weymouth. This is shown in the non-conformity of the figures under "e".

Annual	20700	99.4	22997	110.0	26416	124.5	*26807	119.8

119.8 x 8 days sanitary landfill = 958.4 + 26807 = 27,765 tons 1969

In analyzing the figures from 1966 - 1969, the increased tonnage is evident. Averages vary depending upon the number of days worked in a month, breakdowns and condition of refuse. There can be up to a 25% change caused by the degree of wetness or dryness of the refuse. This was emphasized during the leaf season. The Selectmen encouraged a total ban on leaf burning and suggested refuse collection as a relief. Unprecedented rains occurred (14 days) at the same time, causing wet leaves and wet refuse. This slowed burning down considerably. At times the pit overflowed onto the dumping floor, necessitating limited sanitary landfill.

2. TOTAL VITAL COST STATISTICS

Backing Data		1969	(1968)
A.	Total tons (weighed) collected by Town	18,859	(16,398)
B.	Total tons reduced by incineration	27,765	(26,416)

PER TON, collect, incinerate and pay for building	$19.30	19.93

3. REMARKS

To maintain order and, more important, conserve disposal space, in 1966 the Board granted an employee of the Sanitation Division sole rights for "picking". His responsibility was to control all picking, keep the area clean and arrange for moving out of all the metals such as refrigerators, sinks, lawn furniture, etc. These conditions were maintained. The Town received no compensation for this. Most of the above work was done by the employee on his own time at no cost to the Town.

This year, after a study by members of the Board, it was decided to investigate possibilities of having the metals go out for bid. M. Sugarman of Quincy was "High" bidder at $3.76/ton, with the Town sorting, loading and policing. This operation started in October and it is presently too early for a conclusive cost analysis.

Repairs to the incinerator caused by the 1968 fire are well in progress. Louis Pasqualucci & Sons of Quincy was low bidder for masonry repair.

In 1969 continued "wear and tear" and corrosion damage occurred in various areas of the incinerator machinery. The water seal door at the bottom of furnace no. 1 failed, causing a temporary shutdown. Temporary repairs were effected - this year major repairs with door replacement are required.

Various areas - roof and arches - of furnace fire brick show need for constant maintenance. This is expensive and time consuming - much of this emergency work has to be done on "odd" time - overtime basis, in order to keep normal burning production going.

The problems in this division are bound to advance with the increase of population, the aging and use of the machinery and the added concentration on the "environmental factors" - solid waste disposal and air pollution - one small example as stated earlier in the report the sudden "no leaf burning ban" this year. It is anticipated that in 1970 the state will "put the damper" on all outside burning (leaves, backyard incinerators, etc.) throughout the entire state. Again Weymouth will be in a far better position to cope with

this than most communities.

F. SEWER DIVISION (Maintenance & Operation) was responsible for 5.4% of the total 1969 Public Works budget.

Superintendent	NORMAN M. SMITH
General Foreman	Nick Donadio
Clerical	Ruth Butterfield
	Madeline J. Toma

1. SEWER CONSTRUCTION PROGRAMS STATUS 1969

During 1969, 4.29 miles (22,644') of sewer mains and laterals were installed.

SEWER SYSTEM STATISTICS TO DATE

Pipe Size in Inches		Length in Feet	
8 inch	1969	21,110	
10 inch	1969	1,040	
12 inch	1969	197	
15 inch	1969	297	
Total linear feet of construction '69		22,644	
Construction completed to 1969		460,560	
Total Construction		483,204	
Total Miles of sewer constructed to date		91.51	53.2
Estimated miles to be constructed		80.49	46.8
		172.00	100%

Four pumping stations
Two pumping stations early 1970 completion and operation
Night Soil disposals
House connections

Completed as of December 31,	1968	5,466
Completed during	1969	433
Total		5,899

2. 1969 CONSTRUCTION

Contracts completed

Contract #62 Celco Construction Co., Dorchester, Mass.

Contracts partially completed

*Contract #57	A & S Construction Co., Roslindale, Mass.	94%
*Contract #63R	N. Cibotti, Inc., Hyde Park, Mass.	90%
Contract #64	Geneva Construction Co., Roslindale, Mass.	85%

*All sewers complete - waiting delivery on parts from pumping stations - both should be on the line by May - June.

Common sewers installed at expense of developers

Greentree Lane (easement)	414 ft.
Woodman Circle	616 ft.
Old Colony Drive	600 ft.

Common sewer installed by the Sewer Division

Off Pine Street	109 ft.

During 1969, 433 particular sewer connections were completed to buildings. 48 emergency calls for obstructed house services were made during the year. 25 obstructions were in the particular sewer and cleared. The remaining 23 obstructions were within the confines of the building plumbing.

The Sewer Division added to its equipment with the purchase of a 3" centrifugal pump and four 1-1/4" submersible sump pumps. New equipment, purchased as replacements, included a Case W9D loader with backhoe, 2-1/2 ton Dodge dump truck and a 3/4 ton Ford pickup truck.

3. FINANCIAL - 1969

1969 commitments	1968	1969
Common sewer assessments	91,004.66	123,582.67
Particular sewer assessments	114,764.06	156,732.24
1969 Sewer Service Charges committed to Treasurer	78,828.00	109,757.50
1968 Sewer Service Charge liens committed to Assessors	6,609.00	7,883.00
	291,205.72	397,955.41

Sewer Service Charge Collections 1969

1968 commitments	$ 6,660.00
1969 commitments	88,290.50
1968 liens	6,945.00
1967 liens	595.50
1966 liens	167.50
	102,658.50

MASTER SEWER PLAN 1969 - PROPOSED 1970

Bid prices were more stable in 1969 than the previous several years.

		To Date
1. Contract 62	completed	$200,214.80
2. Contract 57	94% completed	335,331.96
3. Contract 63R	90% completed	151,594.64
4. Contract 64	85% completed	264,800.38

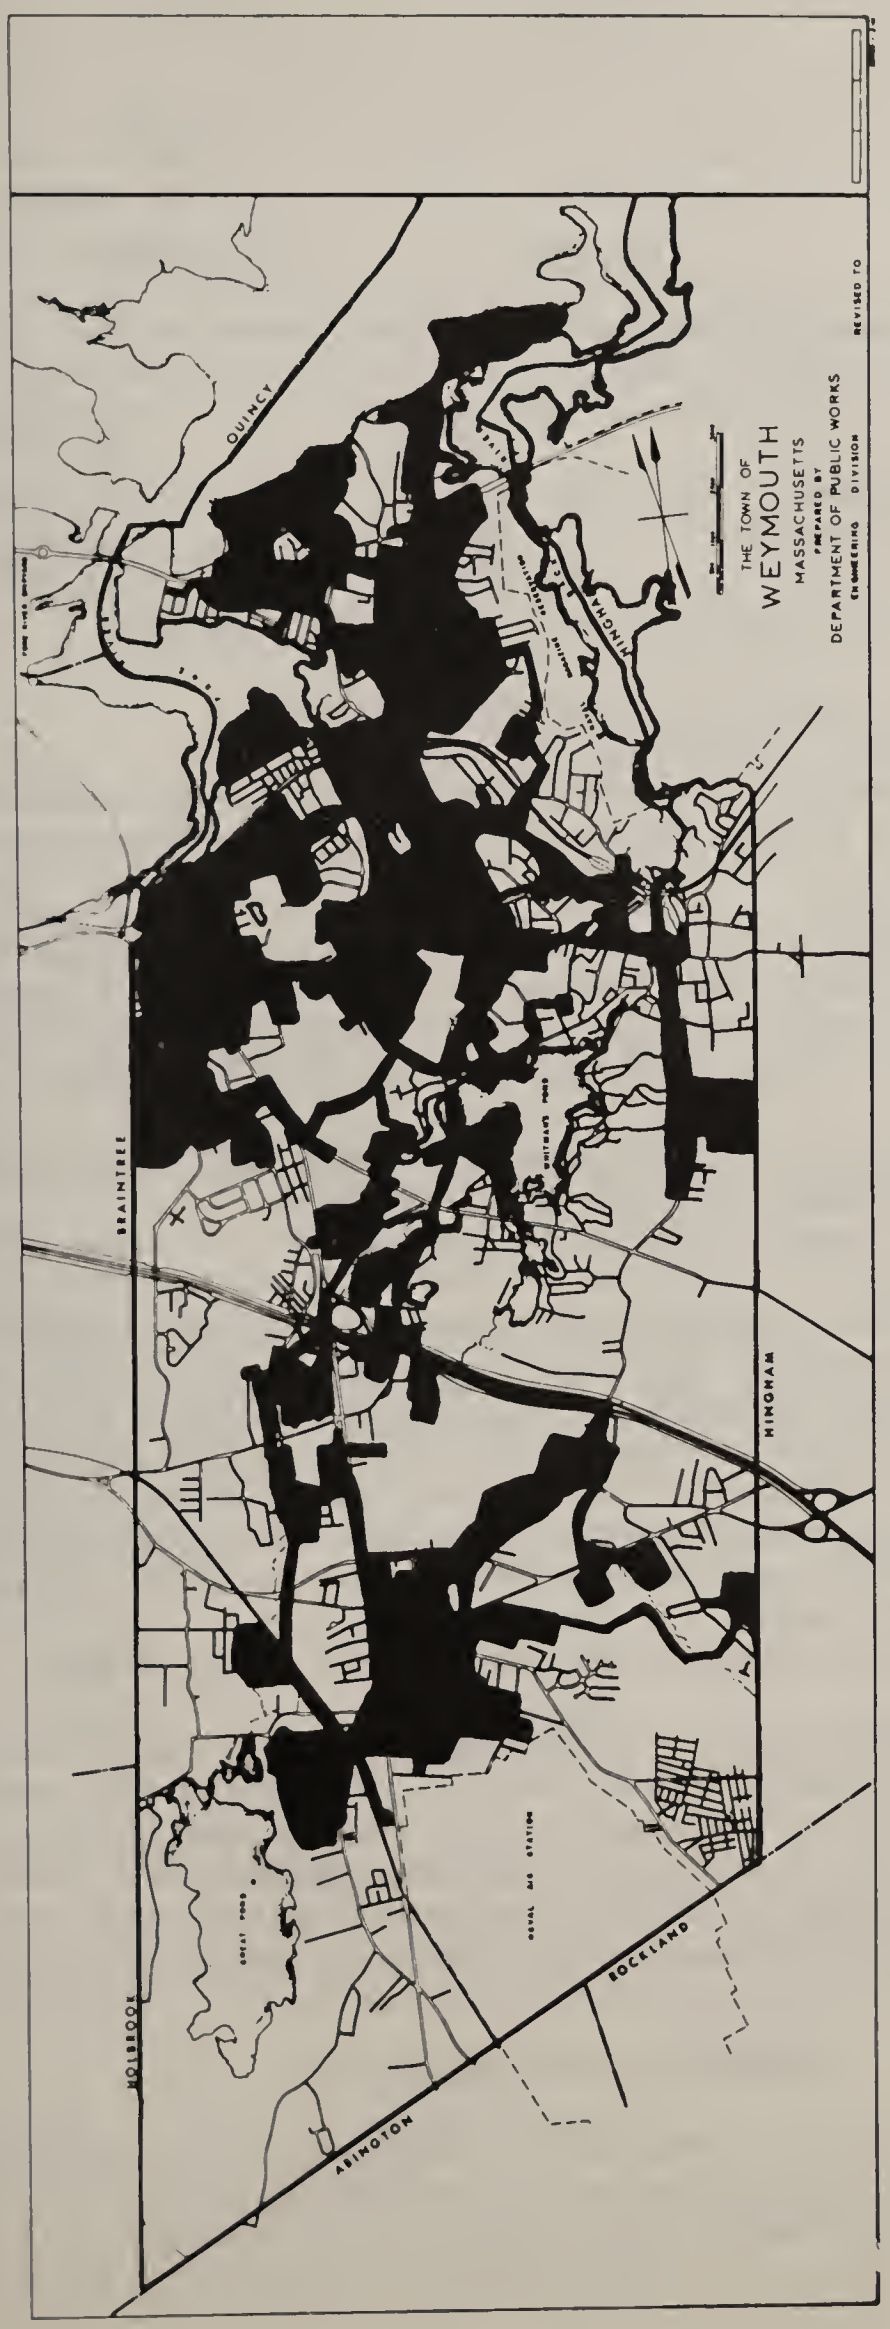

PROPOSED CONSTRUCTION 1970

The following 1970 sewer construction program is offered for consideration. The 1969 totals appear in parenthesis for comparative purposes.

	1970				(1969)
	Other	Common	Partic.	Total	
1. Maint. & Operation	140,500	5,000	85,000	239,500	
(1969)	(130,468)	(15,000)	(65,000)		(210,468)
2. Supplement to previous year Program	-	-	-	-	(61,500)
3. Paving 1968-69	-	30,000	5,000	35,000	(28,000)
4. Engineering	-	20,000	5,000	25,000	(30,000)

	Other	Common	Particular	Total	(1969)
5. Washington St. area					
King Ave. (27)					
Kensington (15)					
Front St. (16)					
Total		109,000	14,000	123,000	
6. Wessagusset School					
Parking lot easement					
1/3 North St. (9)					
Litchfield (2)					
Bradley (27)					
1/2 Lovell (8)					
Total		94,500	12,100	106,600	
7. Newbert - Alroy area					
3/4 easement					
Alroy (18)					
Newbert (19)					
Keating (11)					
Roberts (13)					
Total		133,000	15,500	148,500	
8. Danbury Rd. Area					
1/2 easement					
Cherry (17)					
Cummings (12)					
Danbury (16)					
Andrew (12)					
1/2 Pine (7)					
Total		107,500	20,300	127,800	
9. Ralph Talbot area					
Bradford Rd. (15)					
Ralph Talbot (18)					
Total		51,500	11,500	63,000	
10. Pearl St. - part					
Pearl & Total (16)		15,000	3,500	18,500	
11. Union St. School area					
Walkway easement					
1/2 Constitution (12)					
1/2 Bald Eagle (2)					
Courier (17)					
1/2 easement to school					
Total		97,500	9,250	106,750	
12. Pleasant St. trunk		148,000		148,000	
13. Summer St. trunk		67,000		67,000	
14. Mill River trunk		100,000		100,000	
15. Putnam & Lafayette					
Putnam (22)					
Lafayette (11)					
Total		31,000	5,000	36,000	
Total Construction- Items 2 through 15		1,004,000	101,150	1,105,150	(945,000)

This program includes 30,440 feet of sewer and will directly serve for immediate hookup to 345 homes. The proposed trunks will extend sewer ability into many areas of problems; example, 1969 sees the completion of the Healy Road pumping station. The proposed trunk on Summer Street to this station will eventually open up the entire Briarwood and Homestead areas.

SHADED AREA INDICATES LAND MASS OF WEYMOUTH SERVED BY SEWER SYSTEM

December, 1969

	Other	Common	Particular
Article 1	$140,500		
Article Common		$1,004,000	
Division		5,000

The department recommends the following articles:

	1969	1970 Prop.
Article 1	130,468	140,500
Article Common Sewer	775,000	1,010,000
Article Particular Sewer	170,000	185,000
Totals	$1,075,468	$ 1,335,500

MASTER DRAINAGE PROGRAM

Hopefully, 1969 saw the end of money demands for two major drain projects, the Smelt Brook in the Landing and the Final Phase of the Weymouth Back River Flood Control.

1. Smelt Brook drain - This project consists of an additional and "king-sized" drain intake in the parking lot adjacent to the railroad. It also includes a 96" pipe outfall under the railroad out to Fore River. This construction cost is shared 50% State, 25% Braintree and 25% Weymouth.

 How much protection does this offer the Landing and the merchants?
 A. It will give some relief under all conditions.
 B. With heavy rains, flood tide and northeaster, the relief will be markedly reduced.
 C. This new drain, in the writer's considered opinion, will NOT relieve basement flooding, the culvert under the Landing and the intake at Brook Road, Braintree, is TOO SMALL. In heavy rains there will be some surface flooding and much below surface flooding. The merchants of Weymouth Landing are advised to equip themselves with necessary tools, pumps, sandbags, etc. and/or discontinue using the basement areas for valuable continual storage and/or other operations.

 This present construction should be completed spring of 1970.

2. Back River Flood Control - Low bid and necessary engineering and contingencies amounted to $1,164,330.50. The Town of Weymouth is responsible for 50% of this cost. This required a special town meeting in December in order to raise and appropriate $130,606.13, the Town's total share being $582,165.00. It is estimated that this project will take 18 months and should be started late winter or early spring 1970.

PROPOSED 1970 DRAINAGE

Each heavy rain or quick thaw reproduces complaints from long-standing drainage problems and, in some cases, introduces new problems. Public Works has advocated that each year a sustaining drainage program be supported. Most years, because of other financial commitments, funds have been voted down.

In many cases, relief cannot be given until hydraulic improvements have been made to the approaches of the area. Drainage is much like sewerage - dependent upon gravity and A PLACE TO DRAIN IT TO. Many residents and some officials find this difficult if not impossible to comprehend. The wet falls of 1955, 1958, 1962, 1965, 1968, and 1969 further evidences historical testimony in itself as to the problems that continue to face the Town. Drainage, as with sewerage, is expensive.

In 1970 the department once again offer - the Torrey Street drain as a recommendation. This includes the area of Fogg Road, Columbian Street, Tower, Torrey, Burton Terrace, Main Street, Park Avenue West.

Article	Drainage	$100,000
Article	Drainage (Back River)	$ 1.00

STREET ACCEPTANCE PROPOSED 1970

Petitioned

		Footage	Estimated Cost		Recommendation
1.	Avonia Ave.	300'	$12,850		Yes
2.	Harvard St.	200'	10,555		Yes
3.	Century Road	560'	18,500		Hold - Planning Board
4.	Jacqueline Rd.	735'	17,000		Hold - Litigation
5.	Kipling Rd.	355'	10,500		Hold - Planning Board
6.	Oak Ridge Cir.	-	* -		No Plans
7.	Orleans Road	275'	6,700		Yes
8.	Patterson St.	575'	**54,500	**	Yes
9.	Rosina Rd.	500'	24,900		Yes
10.	Vinson St.	400'	26,500		Hold for sewer
			$182,000		

*Oak Ridge Circle will require a sizeable repair cost and will be estimated if and when plans are submitted.

**It is recommended that Patterson Street be done over a two-year period - voting the sewer monies ($24,500) in 1970, the highway and water monies in 1971 ($30,000).

Total Recommended 1970		Total Held Over	Total Petitioned
Water	$ 8,500	$ 15,000	$ 23,500
Sewer	51,400	60,100	111,500
Highway	19,500	27,500	47,000
Total	$ 79,400	$102,600	$182,000

MISCELLANEOUS ARTICLES

A.	Sidewalk Program 1969 construction: Pine St., Ellis Circle to Hingham line; Pond St., Derby to Main Street; East St., Wharf to Commercial	$ 30,000
B.	Dutch elm disease tree removal	5,000
C.	Water main reinforcing and cleaning	150,000

E.	Road widening & sidewalks - Wessagusset Sch. Bld. Com.	115,000
F.	Air Conditioning Public Works Offices	25,000
G.	Cleaning Whitman's Pond (weed & algae)	18,000
H.	Wessagusset Beach extension - Park Commissioners	15,000

MASTER HIGHWAY PLAN - TO DATE AND PROPOSED 1970

1969 Construction - planned - Middle Street from Broad Street to Lake Street, Hanover Street to the Expressway Bridge.

This road was originally planned for 1968 construction; however, the county did not complete taking until spring of 1969. The telephone company had heavy construction commitments on this road so priorities were shifted. The monies are in escrow and at the present writing bids will be taken in February 1970.

1970 Proposed Construction

1. Chapter 90 - It is recommended that 1970 Chapter 90 monies be assigned to the reconstruction of Pleasant Street, from Water Street, East Weymouth to the Expressway. The county landtakings are complete. The Town is pressing construction of same and reconstruction of water in preparation for road work. The state is in the process of design.

2. Master Highway. In combination with the flood control work in East Weymouth, it is recommended that Water Street be reconstructed from Pleasant Street to Commercial. This will allow Water Street to be used as detour and Pleasant Street to be closed when the flood control culvert crosses Pleasant. Following the construction of the flood control, it is recommended that Pleasant Street from Jackson Square to Water Street be reconstructed.

3. Financing.
 A. Chapter 90 - reimbursable 50% State; 25% County.
 B. 1970 - There are two sources of highway monies from the State 100% reimbursable.

Section 4 Chapter 768 Acts of 1969	$ 36,232.51
Section 5 Chapter 768 Acts of 1969	108,697.53
	$144,930.04

Estimates

Water Street - Variable width - plan to develop 40' with 3' shoulder on Herring Run side, 7' sidewalk on residential side, leaving a 30' clear roadway. Possible walls at Myrtle Street - extensive work on Herring Run walls.

500' $75,000

Pleasant Street - 50' width - no real problems other than extensive fill and entrances to Iron Hill and Shawmut Streets.

950' $95,000

	Carole A. Vanasse
	Claire Stephens

1969 PROGRESS

Contract No. 681 and 691 reinforcing and extension of mains completed.
Cleaned and painted Randall Avenue Standpipe.
2,000.00 Gallon standpipe at Reed Avenue under construction. To be complete in 1970.
Water Treatment Plant Testing Laboratory completed.

PROGRAMS PROPOSED FOR 1970

Continue water shed forestry program.
Well field exploration.
Continue flushing program.
Reinforcing and extensions 6,300'.
Remove wash water tank at the rear of Water Treatment Plant.
Clean and line approximately 2,000' of 14" water mains.
Continue installing remote reading devices.

SUMMARY OF HISTORICAL STATISTICS

Year Ending December 31, 1969

Population	1968 Census:	53,000
	1969 Estimated:	55,000

Origin of Construction - First formed in 1825 as a private company; the Weymouth Aqueduct Corp., dissolved by legislature in 1873. Reformed by Special Town Meeting in 1883. The original 34 miles of pipe line and the, then, new Reed Avenue standpipe were turned over to the newly formed Board of Water Commissioners in December 1885. Now owned by the Town of Weymouth as a division of Public Works, the division is self supporting - not from tax money but water sales revenue. (Water is nature-given; the charge is for cleaning and delivering and setting up for insurance against fire).

Prime Source of Water Supply - Weymouth Great Pond, with Whitman Pond cove as auxiliary supply.
Water Volume of Great Pond (Full) - 1,026 million gallons
Usable Volume of Whitman Pond Cove - 2.5 million gallons per day safe yield.
Maximum Capacity of Water Treatment Plant - 9.0 million gallons per day.
Average daily consumption (1969) - 4.073 million gallons per day.

Supplementary Water Supplies

Low Service — #1 Circuit Ave. Well - Constructed in 1944 24" diam. Gravel Packed Well Depth - 66 ft. Well Screen 700 GPM @ 105 Ft. T.D.H. (Total Dynamic Head) 25 H.P. Motor

High Service — #2 Main St. Well - Constructed in 1951 24" Diam. Gravel Packed Well Depth 55 ft. - 15 ft. Well Screen 700 GPM @ 225ft. T.D.H. 60 H.P. Motor

#3 Whitman Pond Well - Constructed in 1959 24" diam. Gravel Packed Well Depth 42 ft. 500 GPM @ 275 ft. T.D.H. 50 H.P. Motor (with emergency gasoline engine).

#4 Winter St. Well - Constructed in 1963 24" Diam. Gravel Packed Well Depth 49 ft. - 10 ft. Well Screen 700 GPM @ 200 ft. T.D.H. 60 H.P. Motor (with emergency diesel engine).

Water Storage Tanks

High Service System — #1 Reed Ave. - 40' Diameter x 75' High, Capacity .75 million gallons. Constructed in 1885.

#2 Park Ave. - 49' Diameter x 90' High, Capacity 1.25 million gallons. Constructed in 1957.

#3 Essex St. - 37' Diameter x 128' High, Capacity 1.0 millon gallons. Constructed in 1948.

Low Service System — #1 Monatiquot St. - 45' Diameter x 120' High Capacity 1.4 million gallons. Constructed in 1931

#2 Randall Ave. - 55' Diameter x 30' High Capacity .5 million gallons. Constructed in 1949.

#3 Great Hill - 65' Diameter x 20' High Capacity .5 million gallons. Constructed in 1959.

Total Water Capacity 5.4 million gallons.

Method of Water Treatment - Raw water is pumped to the Water Treatment plant by any one or combination of the three low lift centrifugal pumps* from the raw water intake structure at pondside. The raw water intake structure has two sizes of screens to remove trash (sticks, leaves, fish, eels, etc.). The larger screens have openings of 1 1/2 inches. The fine screens have openings of 3/16 of an inch.

*Raw Water Pump #1 - Fairbanks Morse - 3000 GPM - 1150 RPM - 50 HP Motor
*Raw Water Pump #2 - DeLaval - 2000 GPM - 1150 RPM - 25 HP Motor
*Raw Water Pump #3 - DeLaval - 1800 GPM - 1170 RPM - 20 HP Motor

Raw water then flows to the flash mix tank where it is detained for two minutes in order that it may be complete mixed with several chemicals set out below:

a) Liquid alum — for coagulation
b) Hydrated lime — for Ph control

c) potassium permanganate — to remove manganese
d) Chlorine — to disenfect

This solution now passes through the Primary Flocculation Tank (15 minute detention) and Coagulation Tanks where additional mixing takes place at a slower rate. Following these tanks, the water then slowly flows through Sedimentation or Settling Basins (capacity 897,000 gallons) where any one particle of water is detained for at least three hours and where the "Floc" (a sticky gel just heavier than water) settles down through the water absorbing colored matter, bacteria, insoluble material and most visible impurities.

Water from the surface of the Settling Basins is then brought into the Filter Gallery by gravity where all water is filtered through 30 inches of sand, four 3-inch graduations of gravel (ranging from 3/16" to 1" in size) past three different sizes of procelain balls (1 1/4" to 3") from which it falls through voids in the concrete support slab to the storage clearwell below. (capacity 353,000 gallons).

The clear, filtered water is now corrected for acidity by the addition of lime to raise its Ph to a reading of about 7. 8. Chlorine is added again, just enough to be detectable but not enough to be distasteful, in the extreme ends of the distribution system. This precaution is a requirement of the State Health Department.

Finished water is pumped from the "Clear Well" into the distribution system by any combination of three High Lift Pumps and one Low Lift Pump.

a) High Lift Pump #4 - Fairbanks Morse - 1900 GPM - 1750 RPM - HP Motor
b) High Lift Pump #5 - DeLaval - 1400 GPM - 1760 RPM - 75 HP Motor
c) High Lift Pump #6 - DeLaval - 1800 GPM - 1755 RPM - 100 HP Motor
d) Low Lift Pump #8 - DeLaval - 1750 GPM - 1750 RPM - 25 HP Motor

Water quality tests are made at least once each hour by the plant operator on duty. Twelve different samples are delivered twice each month to the State Health Department for analysis, In addition, the department retains an independent testing laboratory to collect and analyze a minimum of 45 samples per month. taken from various sampling points throughout the Town. These tests are taken as added protection for the Weymouth water user.

Tests Run by the Water Treatment Plant Operators

Tests on Raw Water	Tests on Finished Water
Turbidity	Color
Color	pH
pH	Chlorine Residual
Iron	Manganese
Manganese	

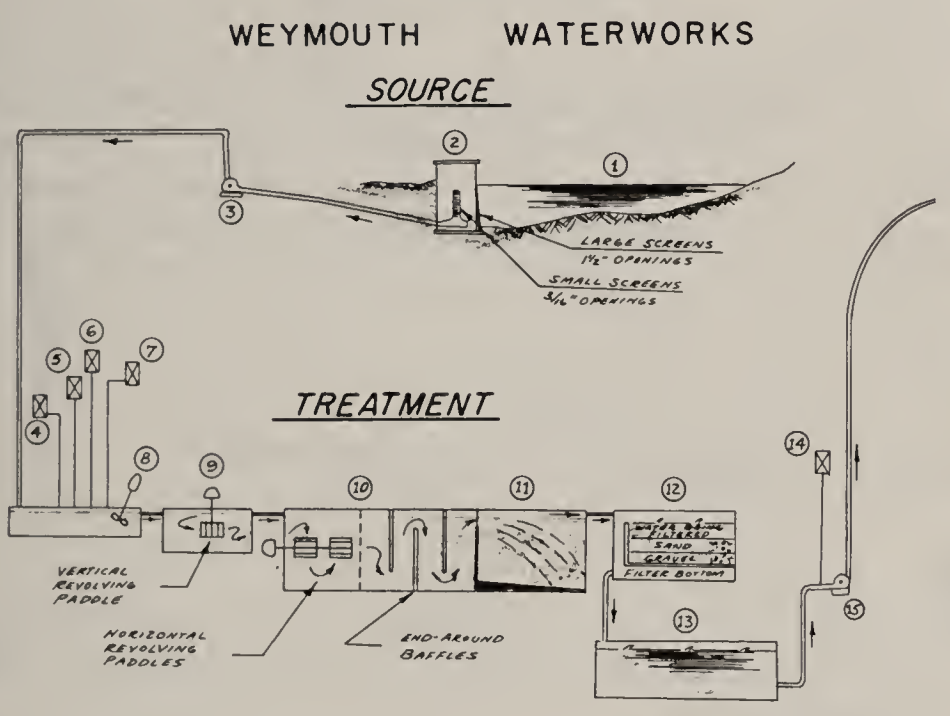

pH is an expression of Hydrogen ion Concentration. This tells us if the water is acid or alkaline. A reading below 7.0 is acid. A reading above 7.0 is alkaline.

Middle Street Booster Station (for low service)

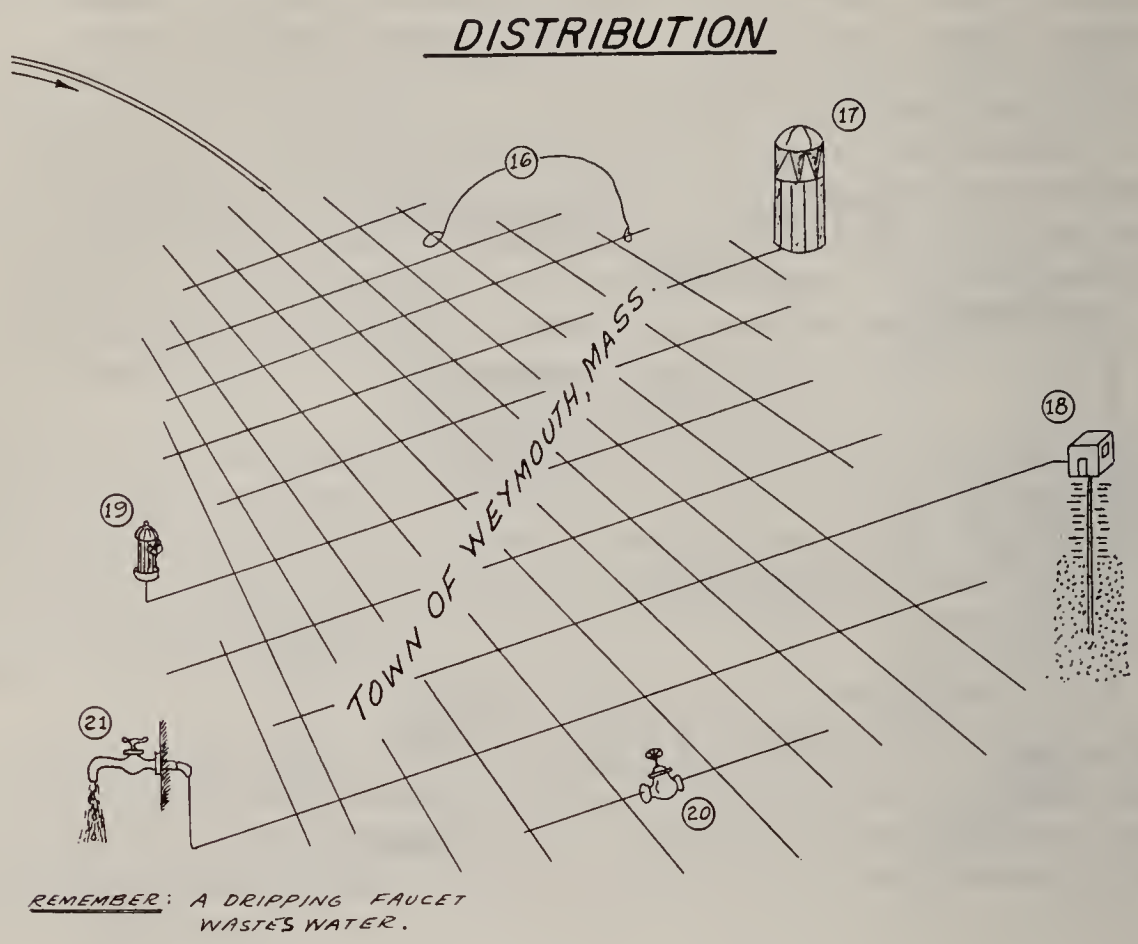

2 Fairbanks Morse Pumps 1000 GPM - 40 HP Lincoln Motor

Washington Street Pumping Station (Whitmans Pond Cove to Great Pond)

Peerless Pump 3100 GPM - 125 HP General Electric Motor
Peerless Pump 1700 GPM - 60 HP General Electric Motor

1. Wemouth Great Pond (Whitman Pond as auxiliary supply)
2. Raw Water Intake Structure (with screens to remove "trash")
3. Raw Water Pumps (3 each)
4. Chlorine feeder & supply line (pre-chlorination)
5. Alum feeder & supply line (2 ea., 1 as standby)
6. Lime feeder & supply line (3 ea., 1 as auxiliary)
7. Potassium Permanganate feeder & supply line (helps remove manganese)
8. Flash Mixer (provides quick mixing of chemicals with raw water in about 2 minutes)
9. Primary Coagulation & Flocculation Tank
10. Final Coagulation & Flocculation Tank
11. Sedimentation Basin (settles out suspended materials)
12. Rapid Sand filters (12 each)
13. Clearwell (retains plant output before being pumped into distribution system.)
14. Chlorine feeder & supply line (post-chlorination)
15. Finished water pumps (Provide proper pressure at your water faucet)

16. Distribution System (All of the pipes, valves, etc., there are underground and you don't see, but are all most necessary. - 186 miles in the ground)
17. Standpipes (Water Storage tanks that store water and help give good pressure, you have six)
18. Wells (you have four that are used for extra water when needed)
19. Fire Hydrants (you have 1005, each)
20. Gate Valves (you have 2405, each)
21. The Faucet in your home. (This provides, through the long involved process you have seen, cool, clear, clean water for your use)

Distribution Mains

Extended 1969	18,852 Feet
Replaced 1969	1,473 Feet
Total mains now in use	186.77 Miles
Number of hydrants added 1969	16
Total hydrants in use (exclusive of private)	1,005
Number of gates added 1969	66
Total Gates in use	2,405
Number of blow offs	166
Number of services installed in 1969	103
Number of services metered	13,268
Number of services active	13,249
Percentage of metered services active	99.5%
Total gallons Great Pond Water Treatment Plant	1,362,444,000
Total gallons Circuit Ave. Well	20,340,000
Total gallons Main St. Well	52,900,000
Total gallons Whitman Pond Well	32,310,000

Total gallons Winter Street Well	13,590,000
Total gallons Washington St. Pumping Station	246,307,000
Total gallons processed	1,481,548,000
Average daily consumption per capita, gals.	73.8
Total gallons through domestic meters	927,923,125
Total gallons through commercial meters	312,723,750
Total gallons measured	1,240,646,875
Proportional gallons accounted for by meters	83.74%
Weymouth Treatment Plant Water 1969	$78.00/M.G.
Weymouth Well Water 1969	$148.00/M.G.
Whitman Pond Cove Emergency Supply (to Great Pond)	$30.00/M.G.

In 1969 the remote meter reader program progressed in excellent fashion, with the installation of 736 outside units as opposed to only 243 units installed in 1968 and 32 at the programs inception in late 1967.

Benefits of this program are many; increased revenue through faster replacement of old, slow registering or stopped meters, elimination of estimated bills, facilitated meter reading and with no need to gain entry, the home owner is not inconvenienced.

Another much needed program was initiated late in 1969 -- a regular schedule of exercising the 2405 gate valves in the Town to insure proper operation when needed. A total of 433 gate valves, particularly the larger sizes were operated, stems oiled and their boxes cleaned out and raised flush with the street surface. This program has already proved its worth in time of emergency, with gate valves having received attention being "at the ready"--easily found and proper function insured.

Along with gate valves, hydrants are attended under this program. 70 of the 1,005 hydrants in Weymouth have been inspected and tested.

INDUSTRIAL DEVELOPMENT COMMISSION

REPORT OF THE INDUSTRIAL DEVELOPMENT COMMISSION

Honorable Board of Selectmen
Town of Weymouth
Weymouth, Massachusetts

Gentlemen:

The impact of tight money, which cast a pall over the building industry, during 1969, was felt in Weymouth. The total value of building permits for industrial, business and apartment construction amounted to $3,353,046 - a considerable sum, but down $3,428,000 from the previous year.

Some of the industrial projects which this Commission helped develop and support were:

Easter Corporation (Smith Print) 25, Woodrock Road (Weymouth Industrial Park) value $ 121,845

Demarkles Realty Trust, 425 Washington Street.
Retail store value $ 34,800

Tech Realty Trust, 83 Woodrock Road (Weymouth Industrial Park)
value $ 48,000

J. W. Swanson, 230 Washington Street
Bakery value $ 40,000

Edward Flibotte, 1390 Main Street
Mercantile building value $ 24,640

Edward Cullinne, Woodrock Road (Weymouth Industrial Park)
Industrial Building value $ 76,000

A. R. Schofield, 55 Woodrock Road (Weymouth Industrial Park)
Warehouse value $ 332,000

Weymouth Savings Bank, 383 Bridge Street, No. Weymouth
Bank value $ 138,861

J. W. Singarella, 1379 Washington Street
Warehouse value $ 16,800

Apartment house construction project in which the Industrial Development Commission participated during 1969 include:

The Cocoran-Darmon project on Rockway Street, at a value of $ 48,000.

The Schofield Suker Realty project at 1080 Main Street, with a value of $2,040,000.

The changes to our Weymouth Zoning By-Laws, passed at the Special Town Meeting last Fall, should have a very significant and beneficial effect on industrial development in Weymouth during the next few years. First of all, Weymouth met the competition, posed by other cities and towns, by allowing buildings to cover up to 80% of the land and secondly, rezoned some 90 acres adjacent to the South Weymouth Naval Air Station from residential to industrial

usage. Your Commission supported these changes as well as a change in the zoning of over 120 acres of heretofore industrially zoned land to residential: from Forest Street to the Braintree line and Summer Street from the Expressway to West Street back to the Braintree line.

The consensus of the banking community is that the tight money situation will ease somewhat in 1970. Consequently, your Commission will pursue a vigorous advertising campaign to let realtors and developers know of the zoning changes mentioned above. We look forward to a banner year in which many of the projects we have worked on will become realities, broaden our tax base, and provide jobs for our people.

We extend our thanks to the Board of Selectmen and all other town officials who have contributed to making the past year a successful one for the Industrial Development Commission.

TWENTY-FIRST ANNUAL REPORT FOR THE YEAR ENDING DECEMBER 31, 1969

To His Excellency, Francis W. Sargent, Governor of the Commonwealth of Massachusetts, The Honorable Board of Selectmen of the Town of Weymouth, The Department of Community Affairs and the Citizens of the Town of Weymouth:

Transmitted herewith is the Twenty-First Annual Report of the Weymouth Housing Authority for the year ending December 31, 1969 in accordance with

Section 26D of the General Laws of the Commonwealth of Massachusetts.

We are very appreciative of your cooperation during the past year.

Sincerely yours,

John L. Striano
Executive Director

GENERAL OUTLINE OF ADMINISTRATION POLICY

Weymouth Veteran's Housing Project 200-1 and 200-1A

This Development was built with the proceeds of bonds of the Weymouth Housing Authority guaranteed by the Commonwealth of Massachusetts.

The first tenants moved in November 1st, 1950 and the project was fully occupied by December 1st, 1950.

On January 6th, 1953 construction was started on sixty (60) additional units which were completed and fully occupied on March 20th, 1954, giving the Authority a total of 208 units. Our entire project is contained on approximately eighteen (18) acres of land on both sides of Lake Street, East Weymouth, composing of forty-six (46) buildings. This Authority maintains an office and garage as well as maintenance quarters to house personnel and certain types of equipment.

DECLARATION OF POLICY
under the
UNITED STATES HOUSING ACT OF 1949

It states that:

> "The general welfare and security of the Nation and the health and living standard of its people require housing production and related community development sufficient to remedy the serious housing shortage, the elimination of sub-standard and inadaquate housing through the clearance of slums and blighted areas, and the realization, as soon as feasible, of the goal of a decent home and a suitable living environment for every American family, thus contributing to the development and re-development of communities and the advancement of the growth, wealth and security of the Nation".

The Weymouth Housing Authority set it's first objective toward alleviating the housing problem of the Veteran through State Chapter 200 (Veteran's Housing).

Confronted with the complex problem of need for clean, adaquate accomodations for veterans in the low income brackets, your veterans, married but a few years, are forced to live apart or in a crowded conditions, not meant for living quarters. There are still others with three or more children who are unpopular with landlords because they are the parents of pre-school age children.

We are still receiving applications form veterans of World War II, the Korean War and in greater number from the boys of the Vietnam Conflict, some of these boys want homes for their families while they are still in Vietnam, others have returned from Vietnam and want good, clean homes for the family while they get established in a job.

Before a family is provided with housing under Chapter 200 the conditions of eligibility must be investigated and certain requirements, as defined by law, must be met. There are no exceptions to the above rule and the Housing Authority may not use its own discretion. We are accused, at times, of having too much "red-tape" by the Authority must fulfill its obligations which are imposed by law and routine is inescapable.

RENTS

The rents paid by the tenants are variable or proportional rents, so called because each rent is established as a fixed proportion of the income.

The Law (Chapter 200, Massachusetts Acts of 1948) established a preference in favor of low-income Veterans of World War II and provides for an Annual subsidy of 2 1/2% of the project cost for forty years by the Commonwealth of Massachusetts so that low rents can be charged. The rents, therefore, must be related to the income and family size so that small families with larger incomes will receive less subsidy than large families with small incomes. This principle of charging a rent which is in accordance with the ability of the tenant to pay produces the following results:

1. Makes it possible for the subsidy to be distributed among the tenants on a fair basis of individual need.

2. Makes it possible for families with low incomes to obtain a larger percentage of their total income for other purposes than would be possible under a fixed rent schedule.

3. With fixed rents all tenants, regardless of income, and family size, would receive the same amount of subsidy.

4. The rent charged bear the following relationship to the tenants' net family income.

 18% for families with less than three minor dependents.
 14% for families with three or more minor dependents.

 No rents can be charged below the following amounts which are established as a minimum rent.

 For families with less than three minor dependents : $ 45.00
 For families with three or more minor dependents : $ 41.00

 Tenants are ineligible for continued occupancy and are required to move from this project if ther income exceed the following limits:

 Families with less than three minor dependents: $5,200.00
 Families with three or more minor dependents: $ 5,600.00

LAKEVIEW MANOR DEVELOPMENT

The records reveal that 54 families have moved from this project during the past year; in most cases, into homes of their own. The demand for occupancy of our apartments continue at the same level as of previous years; although, as before mentioned, we are now providing occupancy for town residents who entered the service after January 31st, 1955 - Vietnam conflict.

There are 700 minors in this development, most of whom attend schools in the Town of Weymouth, which is one of the finest in the Commonwealth and thus the children are able to obtain the best education available.

Having enough land adjoining our property we have an agreement with the Town of Weymouth which enables them to lease this land for parks and play areas for the children for $1.00 per year. The playgrounds are supervised and during the summer months are used to a great extent.

Approximately 200 feet from our project, which is available for our children, the town has supplied recreation and swimming area which is also supervised. Swimming instructions are given free of charge.

As you can see by this report the Authority not only has made available good, clean and safe housing by also takes an active interest in the welfare and upbringing of our future citizens.

This project which is known as "Lakeview Manor" is situated on Whitman's Pond and is attractive to the fisherman and the boating enthusiast.

HOUSING FOR THE ELDERLY

After seeking, for several years, land that would be suitable for an Elderly Housing Project, the Town of Weymouth gave us a piece of land next to the Central Junior High School on Broad Street, for the building of an 80 unit Housing and recreation development. Construction was started August 1964 and in August 1965 the buildings were completed and fully occupied.

The rules and regulations, that one must be over 65 years of age, income not to exceed $2,500 for a single occupancy and $3,000 for a double occupancy, were adhered to and at present there are many on the waiting list.

In March of 1966 we went before the Town meeting requesting permission for construction of 75 more units for the Elderly. We were granted this request. Survey for land was taken, locations selected and submitted to the Division of Housing for approval. The site selected was zoned for residential so an appearance before the Appeals Board was arranged for a variance. In act of 1966 we were granted variance to build multiple dwelling units on this parcel of land. At this writing our second Housing for the Elderly is within weeks of occupancy.

Occupancy will be January 1969 for our 667-2 project. We still have 165 applications in our files requesting apartment for the Elderly. At a Special Town Meeting in November 1968 we submitted an article in the warrant requesting permission to construct a third Elderly Project 667-3 with 80 units. The Town voted to accept article so we are now in the preliminary stages for our 667-3 project. Our tentative target date for completion of this project is 1970.

The Weymouth Housing Authority will do all in its power to continue our help to the Elderly Citizens of Weymouth and give them the feeling of independence and also that they are needed in the Town for their councelling and wisdom.

Respectfully submitted,

John L. Striano, Exec. Director

RENTAL ASSISTANCE PROGRAM

Formerly 707 State

In our 1970 report we stated that our target date for 667-3 was 1970, however, due to the curtailment of money we were unable to proceed with this program.

The ever increasing demand for housing for the elderly prompted the Weymouth Housing Authority Commissioners to take action to alleviate the existing emergency in the Town. Special meetings were called and the result was our application for an intermediate program of Rental Assistance. On August 15, 1969, we received our acceptance for Rental Assistance.

As a result a great deal of work was instituted on a crash program; Applications, consultations, signing of leases with tenants and landlords and we were able to submit a list of thirteen (13) applications for approval and on December 23, 1969 we received a check for $3,129.00. This program will start as of January 1, 1970.

This program clearly indicates to us that if enough effort is put into a program, the end result will mean that we have helped out people and alleviated an existing emergency in our Town.

Weymouth Housing Authority

John L. Striano, Exec. Director

WEYMOUTH REDEVELOPMENT AUTHORITY

Left to Right: Richard W. Blaxo, Treasurer; Robert D. Hunt, Clerk; Wilbur G. Tirrell, Chairman; Edward J. White and William M. Hoxie (State Appointee)

REPORT OF THE WEYMOUTH REDEVELOPMENT AUTHORITY

January 9, 1970

Honorable Board of Selectmen
Weymouth
Massachusetts

Gentlemen:

The activities of an agency concerned with urban redevelopment are required to be consistent with the land use policy of the municipality, a policy which is generally expressed by the Zoning By-laws. In 1969, the town adopted a new By-law, containing provisions which reflect changes in land uses which have occurred since the original By-law was adopted in 1940. This major step taken by the town has made more sweeping changes than any single redevelopment project could ever produce. Many changes were inevitable and necessary, others may prove to be of doubtful value. Moreover, the new zoning districts in the town have not been the result of planning by municipal agencies, but rather the result of reaction to pressures from private interests.

Weymouth will no longer be a town characterized by the single family residence. It is unlikely that there will be the normal and traditional transition from single family to double and triple residences, which growth of a town usually produces. It is also clear that so-called industrial development is not likely to take place under the new zoning, while the next decade will produce a tremendous growth in population with the construction of high density residential developments.

During the past year, the Board of Helath reported to the Board of Selectmen the existence of substandard living conditions in certain areas of low and medium cost housing. It is unlikely that the new Zoning By-law alone will be enough to encourage the private elimination of these conditions, at least in a way which will also provide suitable housing for the persons involved, at a cost which they can afford.

During this past year both Federal and State agencies have stressed the great need for low cost housing within and close to core cities. It appears doubtful if any industrial projects such as the development of Libbey Park will ever again receive state approval. At the close of the year, it is now apparent that funds, even for housing projects are not likely to be available in Massachusetts during this coming year.

Respectfully submitted,

Wilbur G. Tirrell, Chairman

WEYMOUTH FIRE DEPARTMENT

Deputy Chief Donald F. Tilden, Deputy Chief Norman E. Dorey, Chief James O. Stevens,
Deputy Chief John J. Haslam and Deputy Chief James F. Connor.

REPORT OF THE FIRE CHIEF

December 31, 1969

The Honorable Board of Selectmen
Weymouth, Massachusetts

Gentlemen:

I herewith submit the Annual Report of the Fire Department for the year ending December 31, 1969.

The Department responded to a total of one thousand seven hundred eighty six calls listed as follows:

Residential	82
Non-Residential Assembly	6
Mercantile	2
Manufacturing	4
Garages and other Buildings	19
Grass or Brush	609
Autos, Boats, etc.	102
False Alarms	164
Smoke Scares, Accidental Alarms, etc.	280
First Aid, Accidents & Emergencies	469
Mutual Aid	49
	1786

The number of False Alarms this past year "164" has shown a marked increase over the number recorded the previous year. These malicious acts are not only an expense to the Town, but also endangers Firefighters, pedestrians, and motorists while fire apparatus is responding to them.

Most important a false alarm could cause a fire death or large fire loss if a serious fire did occur and apparatus would not be available for quick response due to this act. This past year we received excellent cooperation from the school authorities and police department which helped apprehend some of the offenders of this crime. With the help of these departments, cooperation from any citizen who observes a false alarm being pulled and a better educated public I should like to reduce false alarms to a negligible amount.

The present complement of the Fire Department consists of 120 men listed as follows:

Chief, four Deputy Chiefs, five Captains, fourteen Lieutenants, ninety-three Firefighters, one Superintendent of Fire Alarm, one Signal Maintainer and one Master Mechanic.

Firefighter Richard Johnson and Willard Frank resigned from the Department this past year. Both men were competent, loyal and dedicated to the Department during their stay of employment and I take this time on behalf of myself and all the members of the Department to wish them success and best of health in their new endeavors.

The personnel of the Department made fifteen hundred thirty six inspections during the year covering Nursing Homes, Hospital, Schools, Mercantile Buildings,

Manufacturing Buildings, Oil Burner Installations, Flammable Fluids Storage, Blasting, Fireworks and others. Two hundred forty two more inspections were made this year in these buildings than the previous year. This is and indication of the growth of the town requiring more buildings to be inspected. At present in Weymouth there are 50 Apartment Houses, 32 School Buildings, 19 Churches, 8 Nursing Homes, 60 Public Housing Units and 563 Businesses all of which we are required by law to inspect, some as many as four times per year.

Part of our Training Program is geared to inspections of buildings so that all men know the essential factors of Fire Inspection. Fire Prevention is directly related to Fire Inspection and that is the primary purpose of the Department to prevent fires from starting by detecting hazards and having them corrected so that fire will not occur. The low number of serious fires in the above mentioned buildings this year is an indication of the effectiveness of the Department's Fire Prevention Program.

The Town of Weymouth is strictly a residential town having a population of 54,972 people. The vast majority of these individuals live in 12,445 homes. Statistics from the National Fire Protection Association reveal that 84 percent of all fires in buildings occur in residential buildings. To help combat this staggering loss I have started a Home Inspection Program as a public service to the home owners of the town. The Program is voluntary on the part of the home owner and very simple. Permission is requested from the home owner to inspect the premises and if granted two firemen accompanied by the occupant of the building inspect the first floor, basement and outside buildings. If any hazards or dangerous conditions are found they are pointed out to the occupant. The Fire Department does not keep any records or disclose any information regarding the inspection to anyone else. This program is conducted solely for the benefit of the occupants of the dwelling as a personal public service. This year the Department was invited in to inspect 3,341 homes in South and North Weymouth. Next year I intend to expand this service to other areas of town.

The Junior Fire Marshall Program has commenced its seventeenth year. It includes pupils from the sixth grade in all elemtary schools in the town. There are over 1300 pupils involved and they are visited and instructed in classes four times a year by Firefighters who are trained to instruct these children to recognize and correct hazards they might have in their homes.

They are also told how to report a fire, plan an escape route from their house in case of fire and what is required of them in an event they are performing the role of baby-sitter if an emergency occurs. Aside from this they are given inspection blanks to help guide them to make a fire inspection in their own home as well as their neighbors. They are encouraged to draw posters relative to Fire Prevention and write compositions on this subject. Graduation is held at the end of the year and awards are granted to the individuals displaying the best performances. This has proven to be a worthwhile program not only in Weymouth but throughout the entire country as it is a proven fact that parents and grown-ups heed what children say despite the so called generation gap.

This is the second year of the Invalidism Program that has been instituted in conjunction with the Weymouth Lodge of Elks. Under this program an identifying sticker, the symbol of the "Maltese Cross" is attached to the front door of a home where an invalid, deaf, dumb or blind person resides. Many people have taken advantage of this program this past year. We believe there

Are others who would qualify for this service and we welcome the opportunity to serve them. The cost is nothing just call your Fire Department and we will do the rest.

We have entered the space age and made much progress by putting a man on the moon. In order to accomplish this great feat education, study, determination and work had to be exploited to the fullest. The Fire Service today has a similar problem. We are required to have a knowledge of chemicals, plastics, synthetics, radio active material, new construction materials and other sophisticated hazardous material that is synonymous with our present way of life. The Fire Department is also required by the Department of Public Safety to know, enforce laws and keep records relative to Fuel Oil, Oil Burner Installations, Fireworks, Garages, Explosives, Plastics, Liquefied Petroleum Gas, Flammable Fluids, Compounds, Solids and Gases and Tanks and other Containers for liquids and gases.

In order to cope with this detailed, complicated problem in a competent efficient manner a good education is an essential requirement. Massasoit Community College which offers fire science courses in Fire Prevention, Fire Protection anf Fire Laws are providing us with many of the solutions to the above problems. Last year at this time seven men from this Department were attending classes there. This year the figure has been increased to twenty-three men. Two Officers of this Department have been awarded $250.00 scholarships for their achievements at the College. They are Captain Gerald Hackett and Lieutenant James Halpin. These two men are the only men in the entire New England area to receive such an honor and are a credit to themselves and the Department. However, I wish to congratulate all the men going to this institution. They are dedicated individuals as they have used their own time and effort to gain knowledge that will not only benefit themselves but the Department as well. These men share the fruits of their education with other members of the Department thus making the entire operation function in an efficient, business like manner.

Two new men attended a six week course at the Central Massachusetts Fire Training Academy in Stowe, Massachusetts. This academy is geared to training new recruits of Fire Departments in all essential phases of Firemanship that a new trainee would be required to know in order to perform his job as a Firefighter in an effective manner. The Department now has a total of three men who have graduated from this academy.

Training in the Department goes on fifty-two weeks a year. The program is formulated by the Drill Master under the supervision of the Chief. All drills are uniform in nature, checked by the Drill Master and a report of their results is forwarded to the Chief in writing. Aside from this schedule a six week period during the spring is set aside for "Out Door Training". Apparatus, portable ladders, hose with water under pressure, foam, forcible entry equipment, street locations, fire problems in "Target Areas" throughout the town, inspection techniques, and all other equipment in the Department is discussed under instruction to familiarize all members with the above mentioned subjects.

On March 18, 1969 a new 1000 gallons per minute Mack Diesel Pumper was delivered to the Department. After a training and breaking in period by the members of Station #1 this pumper was put in commission April 26, 1969 at Station #1, North Weymouth. This pumper took the place of a 1952 Maxim Pumper that was running from this station. We have a similar Mack Diesel Pumper running from Station #2 for over a year with excellent performance.

I wish at this time to extend my thanks to our Legislatures, to The Honorable Board of Selectmen, The Board of Public Works and its Director, The Superintendent of Schools, the Chief of Police, The Building Inspector, The Gentlemen of both Committees Appropriation and Personnel, The Department heads of all Town Hall Divisions and to The Town Counsel.

Respectfully submitted,

James O. Stevens, Chief
Weymouth Fire Department

REPORT OF SUPERINTENDENT OF FIRE ALARM

January 6, 1970

Chief James O. Stevens
Weymouth Fire Department

Dear Chief:

I respectfully submit my Annual Report of the Fire Alarm Division for the year ending December 31, 1969.

The alarms transmitted over the system are listed as follows:

Bell Alarms	453
Second Alarms	3
False Alarms	147

Ten Fire Alarm Boxes have been added to the system at new locations within the Town.

Approximately 9,000 feet of 20/C "Fig. 8" Signal Cable has been installed between Fire Alarm Headquarters and the Weymouth Landing Station. This cable will replace the open line wire serving the Fire Alarm and Police Signal circuits in that area, and will allow for additional circuits in the near future.

A new telephone system has been installed between Fire Alarm Headquarters and the Police Station, this provides a direct emergency line between the two departments.

This past year a new Fire Alarm Register was installed at Police Headquarters. This instrument automatically and permanently records all alarms transmitted over the Fire Alarm System.

A Mutual Aid circuit to the Town of Braintree has been installed allowing automatic response of apparatus between Towns.

The Fire Alarm Sub-Station at Station #1 has been completed and is ready to be put into operation. This new equipment will provide five new circuits in the North Weymouth area.

I wish to extend my sincere thanks to all the departments of the Town for their many services rendered to this Division this past year.

Respectfully submitted,

Walter E. Turner
Superintendent of Fire Alarm

JOSEPH B. O'KANE
Chief of the Police Department

REPORT OF THE POLICE DEPARTMENT

January 10, 1970

Honorable Board of Selectmen
Weymouth Town Hall
75 Middle Street
East Weymouth, Massachusetts

Gentlemen:

I respectfully submit the following as my sixteenth annual report of the activities of the Weymouth Police Department for the year ending December 31, 1969.

Without question some of the most vital and perplexing challenges facing police departments today are those of keeping pace with a rapidly changing world and the effects these changes are making in the character of law enforcement. New methods and techniques must be employed to meet the ever increasing demands for prevention of crime and protection of life and property. All of this must be done within a framework of constantly changing legal complexities and restrictions and at a time when citizen requests for the ma service functions of police are at an all time high.

During the year 1969 many hours were spent in consulation, investigation, research and study in the many areas of police operation. As a result new equipment was obtained and new procedures adopted all of which were formulated and designed to make the Weymouth Police Department more effective, more responsive in dealing with current problems and better prepared to cope with those arising in the future.

Of particular note is the $15,000.00 federal grant to the South Metropol District, which is joining of Weymouth Police with Braintree, Milton and Quincy police for purposes of mutual aid. This federal grant, under the Safe Streets Act, will encompass the funds necessary for the initial steps in the development of a regional police computer system. This project, known as the "Suburban Police Automatic Information System" (SPAIS), is a pilot project for police departments all over the country. Officers from the four departments have been working for over a year and a half in developing the ground work necessary to advance this endeavor.

Two applications for Federal Grants totalling $9,952.70, from the National Highway Safety Program have been submitted by the Weymouth Police Department. Approval of these grants would provide additional radar equipment, hand radio units and a completely outfitted van type rescue and accident investigation vehicle.

The Weymouth Police Department has received a new terminal for joining the Public Safety Teleprocessing System which will replace the present teletype system about March 15, 1970. The new system will link all police and related agencies together in a vast high speed network of police information and communications. This system through its computer, will provide police with instantaneous response to police inquires and unparalled speed of communication and will allow inquiring directly into the files of the National Crime Information Center in Washington, D. C.

As the increasing complexities of police work demand more sophisticated

technology and a broader knowledge of the social sciences, department personnel are encouraged to pursue advanced education. It is well known that educated personnel generally perform more effectively than those who find it barely within their ability to keep pace with present demands. To this end members of the department attended specialized courses at Babson Institute, Northeastern University, Massasoit Community College, Quincy Junior College, the Municipal Police Training Schools held at Brockton and Quincy Police Academies, the F. B. I. Firearms Instructiors School and many other training conferences and seminars. In addition, the regular "In Service Training" programs were conducted for all members of the department and will be continued in 1970.

The latest F. B. I. Uniform Crime Report, released December 12, 1969, recorded and eleven percent increase in the crime index nationally during the first nine months of 1969 over the same period in 1968. The northeastern states experienced a thirteen percent overall rise with larceny, rape, and robbery showing the greatest increases, Daytime burglary of homes, increased eleven percent nationally. Weymouth experienced an eleven percent increase in the Crime Index offenses. Reported to Weymouth Police were 318 offenses in 1969 as compared to 284 offenses in 1968 and 456 offenses reported in 1967. The most frequently committed crimes were burglary, larceny and auto theft.

In the Patrol Division a reassignment of areas patrolled was effected during 1969 for a greater town wide coverage and backup assistance by one patrol to another when needed. During the year 1969 officers of the Patrol Division made 5,884 investigations. They inspected 5,580 buildings (closed homes, etc) in addition to regular Patrol inspections on which 338 buildings were found open and secured. 55 defects in streets were reported, 18 fires were discovered and 88 missing persons located. This Division also responded to 1,128 ambulance calls and 286 service calls (lockouts, general help, etc.) and served 2,032 warrants and summonses for out of town departments.

Selective traffic enforcement, most of which was done by radar patrols and motorcycle surveillance, was a primary function of the Traffic Bureau. A continuous check was made on all school crossings and school bus routes by the Safety Officer assigned to this Bureau and this officer also supervised the organization of the school safety patrols. The twenty-one women School Traffic Supervisors, also directed by this Bureau, did a commendable job in carrying out their assignments. This Bureau worked constantly throughout the year with other town departments on traffic functions and prepared many reports, plans, and necessary statistical material for both State and town use. 220 traffic arrests, 3,574 traffic citations for moving violations and 2,217 parking tickets were processed by this Bureau in 1969. Periodic inspection of taxi stands and taxi cabs were made and the issuance of proper cab, stand and operator licenses were also handled by this Bureau.

The Bureau of Criminal Investigation provides the officers for the investigation of crimes that have been or are in the process of being committed. These officers are also given many diversified assignments both of an enforcement and service nature. 3,418 investigations were made by officers of this Bureau during the past year and $156,566.12 in stolen property was received. Court prosecutions handled by this Bureau were as follows: 170 Juveniles on 227 complaints and 1,651 adults on 2,360 complaints were arraigned in the District Court. 22 juvenile complaints and 206 adult complaints are still pending in the District Court. Total fines imposed in the District Court amounted to $38,970.00. 118 cases were disposed of in the Superior Court with 30 felony and 58 misdemeanor cases still pending in this court. Many and varied services were also rendered by this Bureau to other Town departments during 1969.

In all Weymouth Police Department investigated 9,302 complaints of every nature during 1969 compared with 8,823 in 1968 and 8,122 in 1967.

The use and abuse of harmful drugs, particularly marijuana, by the teenagers and youths in their twenties continued to be of special concern to the Police Department in 1969. Three officers attended the State Police Narcotics Training School and returned to the department to intensify department efforts in this area. of enforcement. More than fifty informational programs have been conducted for community groups by officers of the Detective Bureau.

I wish to express my appreciation to the members of the Weymouth Police Department for their loyalty, dedication to duty and efficiency in carrying out their assignments.

My appreciation is also extended to Attorney Francis L. Kelly who, as Town Counsel, rendered many legal services and assistance to the Police Department and to Director of Public Works, Arthur J. Bilodeau for his assistance in traffic signs and markings and to all Town Officials for many courtesies.

I particularly wish to express my sincere thanks and appreciation to each and every member of the Board of Selectmen for their confidence, whole-hearted cooperation and constant support extended to me and to the members of the Police Department during the past year.

Respectfully submitted,

Joseph B. O'Kane
Chief of Police

CIVIL DEFENSE

ELTON B. GIVEN, JR., Co-Director; HERBERT W. CAUSER, Director; and IRVING WAITZ, Secretary.

REPORT OF THE CIVIL DEFENSE COMMISSION

The Honorable Board of Selectmen
Town of Weymouth, Massachusetts

Gentlemen:

The Committee of Civil Defense is pleased to submit its annual report covering activities for the year 1969.

This was somewhat an active year for those directly involved in Civil Defense. At the request of the Civil Defense Agency, there was however no public participation.

Weekly drills were conducted by the Communications Division as well as monthly drills as requested by the State. In addition, several tests were conducted by the Federal Civil Defense Committee to test lines of communications in the event of an Alert. These tests included State, Local Police and members of the Local Civil Defense.

All equipment has been maintained and is in good repair. Following the tragedy at Whitman's Pond in 1968, two outboard motors were purchased for the Rescue division. These were assigned to the Fire Department, also this division was provided with an additional Walkie-Talkie.

Many of our twenty-one (21) public shelters have been inspected. Both areas and supplies were found to be in satisfactory condition.

In addition to regular meetings, there have been monthly meetings at area 2D headquarters located in Stoughton, Mass. During the year considerable amounts of material have been purchased through U. S. Government surplus, which has been assigned to various Town Departments.

During the year a check on Weymouth homes which was conducted by the Corps of Army Engineers was concluded. Approximately 60% of all home owners returned the questionnaires. The result of the survey indicates that 766 homes have a protection factor of 10 to 19 (poor), 11,350 show a PF of 20 to 39 (good) and 218 homes show a PF of 40 to 100 (excellent). Including the 21 Public Shelters which have a capacity of 7500, the approximate number of persons having reasonable protection against radio-active fallout is in the vicinity of 44,000.

We wish to thank the School, Fire, Police and Public Works departments for their cooperation. We also wish to thank all those who have contributed their time and effort to make Civil Defense a useful adjunct to the Town of Weymouth.

Respectfully submitted,

Herbert W. Causer, Director
Elton B. Given, Jr., Associate Director
Irving A. Waitz, Secretary

January 21, 1970

The Honorable Board of Selectmen

East Weymouth, Massachusetts

The Memorial and Veterans Day Committee submits their final report.

The Joint committee from the Veterans organizations appointed were:

Bartlett M. Bulman	George R. Bean Post 401 A. L.
Raymond R. Benedetti	Weymouth Post 79 A. L.
Kenneth MacNeil	Wessagusset Post 1399 V. F. W.
Ronald H. Poulos	John D. Martin Post 9260 V. F. W.
John Gallian	Ralph Talbot Chapter 65 DAV
Alfred J. Dion	Order of Purple Heart Chapter 320
Mrs. Jennie E. Gay	Reynolds Relief Corps 102
Mrs. Clara B. Wooten	Past Dept Pres Daughters of Union Veterans

Due to a change in the laws of the Commonwealth of Massachusetts, Memorial Day program was carried out on May 26th. Prior to that day, flags were placed on all Veterans graves, and large wreaths of fresh flowers placed near Veterans monuments in Cemeteries, Memorial plaques had flags and small wreaths. A wreath was placed on Lt. Ralph Talbot plaque in the State House by Representative William A. Connell, Jr.

Memorial services were held at Weymouth Great Hill on Sunday, May 25th honoring the men who died at sea, and Harbor Master Thomas Smith assisted with the wreath thrown into the water.

Due to the late appointment, and the resignation of one member, with small attendance at meetings, the Committee worked under difficulties in planning Memorial Day programs. However, Commander Raymond P. Benedetti of Weymouth Post 79, American Legion was appointed to fill vacancy for Veterans Day and he served as Co-Chairman, and Past Commander Bartlett M. Bulman as Chairman. New flags were placed on graves and markers for Veterans Day.

The inclement weather on November 11th cancelled the parade, and shortened exercises were held in East Junior High School Auditorium, and an excellent address given by Commander Robert G. Greeley USNR of the South Weymouth Naval Air Station. Because of this change $482.26 was returned from the appropriation of $800.00.

The Committee appreciates the cooperation given by the Board of Selectmen, School Department, Police and Fire Departments, Board of Public Works, and Veterans Graves Officer Mr. Harold Anderson, and thank all who participated in honoring all Veterans - living and dead - on these two days.

Respectfully submitted,

Bartlett M. Bulman, Chairman
Raymond P. Benedetti, Co-Chairman
Clara B. Wooten, Clerk

January 22, 1970

Honorable Board of Selectmen
Town of Weymouth
Massachusetts

Gentlemen:

The Youth Needs Study Committee established by the Board of Selectmen in October of 1969 has established as its immediate goal an open forum of dialogue between youth and adults. It is hoped that this dialogue will result in an assessment of the kinds and number of programs which the community should make available to its teenage population.

The Committee realizes that any meaningful and enduring program must be considered from two perspectives. First, the emphasis should not be solely on what the community can do for its youth, but what the young people can do for the community and themselves. Secondly, priorities must be carefully considered so that the more essential needs of the teens will not be by-passed in an attempt to satisfy and immediate impulse.

We suggest that a permanent Youth Needs Committee be established consisting of both adults and teenagers. We further suggest that areas of concern include the following: Police Relations, Student-School Relations, Drop-In Centers, creative workshops, and investigating the availability of federal and state funds.

Respectfully submitted,

Leonard E. Tagg

Ivan A. Nelson, Building Inspector

William A. Archibald, Assistant Building Inspector

REPORT OF THE BUILDING INSPECTOR

January 12, 1970

Honorable Board of Selectmen
Weymouth Town Hall
75 Middle Street
East Weymouth, Mass. 02189

Gentlemen:

I herewith submit my annual report for the year ending December 31, 1969. The following is a list of the New Building and Alteration Permits issued in 1969:

NEW BUILDING PERMITS ISSUED

No. of Permits	Type of Building	Estimated Cost
42	1-Family Dwellings (21 with garages)	$ 871,396
3	Apartments (288 units)	960,000
3	Warehouses	433,540
1	Veterinary Hospital	250,000
17	Elevators	218,900
2	Water Tower & Sewer Pumping Stations	224,750
1	Bank	138,861
45	Swimming Pools	133,666
1	Printing Plant	107,520
3	Gasoline Service Stations	58,000
2	Turbo Gen. Enc. & Elec. Control House	53,000
3	Marina, Boat House & Yacht Club	50,880
1	Vocational School	50,000
1	RCA Service Center	48,000
1	Recreation Building	40,000
1	Bakery	40,000
1	Retail Store	34,840
2	Commercial Garages	30,600
1	Chapel	26,000
13	1 and 2 car Garages	16,950
20	Signs	13,334
1	Temporary Office Building	12,000
2	Clock Shop & Gift Shop	9,000
12	Sheds, Storage Houses & Stable	7,617
1	Building Moved	10,000
		$ 3,838,854

ALTERATION PERMITS ISSUED

489	Interior & exterior renovations	2,428,782
	TOTAL	$ 6,267,636

FEES COLLECTED

	New Buildings	$ 4,978
	Alterations	2,966
		$ 7,944

In comparing our list of new buildings for this year with past reports, it is interesting to note the change in type of structures in that there have been but 42 permits for new single family dwellings issued which is caused by the scarcity of sites and the cost of land for this type of construction.

Warehouse and industrial building has increased this year.

Permits for new apartment dwellings have been fewer during the past year as a result of contemplated changes in our zoning and building by-laws. Permits for new elevators have increased as many apartments complexes are of the multi-floor type which require these services.

An important accomplishment in the past year has been the enactment of a complete new zoning by-law and revisions to our building code, both of which have been sorely needed by our Department over the past ten years. Our new zoning laws will allow good building projects to go forward without the delay that has been experienced over the past several years. The more restrictive land use for apartment buildings establishes control as to apartment dwellings and our designation of fire zones has enabled the enforcement of stricter fire preventive regulations.

Chronological changes are continuing in building materials which require constant surveillance as to their strength and flammability. This year the much heralded Weymouthport project will probably go forward which will help to alleviate the shortage of housing.

This year is the first full year during which the Department has had the services of the present Assistant Building Inspector. This valuable assistance has helped the Department render the services of providing enduring safety in buildings.

The valuation of new construction over the past ten years exceeded seventy millions of dollars and it appears that this may be but a fraction of the building volume during the next decade.

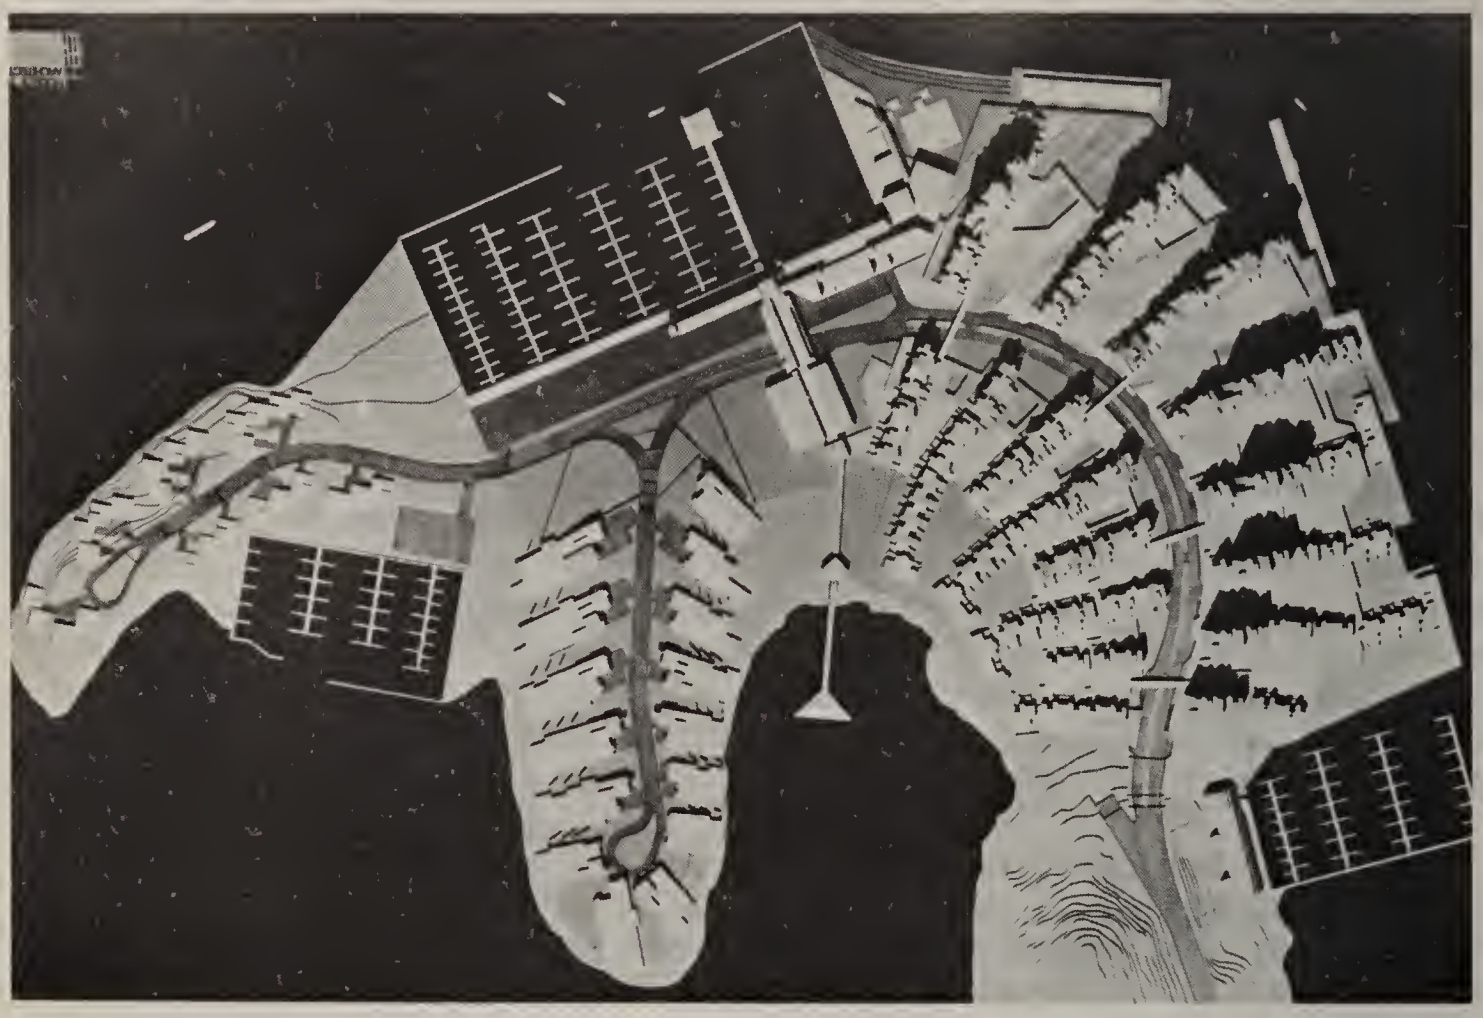

I would be remiss in courtesy should I not show my appreciation to those on the Zoning By-Law and Building Committees who worked so diligently to update the various regulations. Members of both committees were well chosen and every meeting produced a wealth of data to guide the deliberations.

In this era of high priorities, public relations are at the top of our list, and this is accomplished by the cooperation we receive from all the Town Departments, Boards and Committees for which we are very appreciative.

Respectfully submitted,

Ivan A. Nelson

REPORT OF THE WIRING INSPECTOR

January 7, 1970

Honorable Board of Selectmen
75 Middle Street
East Weymouth, Massachusetts 02189

Gentlemen:

Submitted herewith is my annual report for the year ending December 31, 1969:

Violations by electricians	15
Visits to fire jobs	6
Conferences with Mass. Electric Co.	36
After-hour emergency jobs	3
Service locations	50
Call-in instructions by electricians	200 approx.
Inspections of nursing homes	6
Instructions on job	35 approx.
All permits are recorded in a permanent file as to date of approval.	

A total of 1,079 wiring permits were issued with receipts for permit fees totaling $6,965.

Each and every permit requires at least one inspection. New dwellings require from three to four inspections during construction. Apartment houses require from three to six and sometimes more while under construction. Approximately 2,000 + inspections were made with an average 8.5 per day.

Office hours are maintained daily from 8:30 to 9:30 A.M. and 1:00 to 2:00 P.M. and on Monday evenings from 7:00 to 9:00 P.M. to pick up calls and answer questions.

I wish to thank the Board of Selectmen and other Town Officials for all courtesies and assistance given this department during the year 1969.

Respectfully submitted,

Merle S. Averill
Wiring Inspector

REPORT OF THE GAS INSPECTOR

January 9, 1970

Honorable Board of Selectmen
75 Middle Street
East Weymouth, Massachusetts 02189

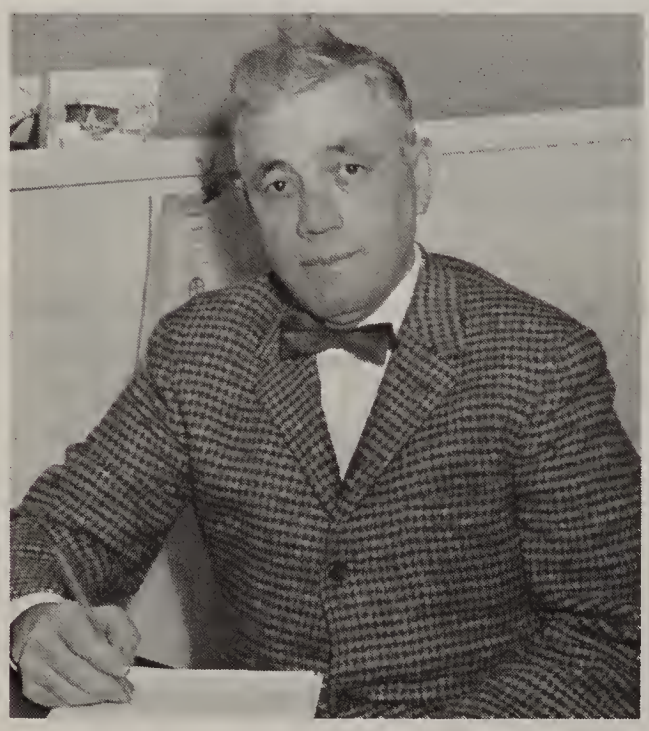

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1969.

A total of 690 gas fitting permits were issued during the year and approximately 1240 inspections were made.

Receipts for permit fees deposited with the Town Treasurer amounted to $1,555.00.

I wish, at this time, to thank your Board and all Town Departments for the cooperation and courtesies extended to me during the year.

Respectfully submitted,

Fred Valicenti
Gas Inspector

REPORT OF THE INSPECTOR OF ANIMALS

Strays Returned	52

Mileage 14,758

204 Court Notices
Attended 12 Conferences at Quincy District Court.

Respectfully submitted,

Francis R. Cashman

PERSONNEL BOARD

Left to Right: ANDREW J. BULLOCK; JAMES C. HOYT; WILBUR F. WEEKS, Chairman;
ROBERT W. FLANIGAN, Vice-Chairman; NORMAN M SMITH, Clerk; and
LESTER L. BELCHER, Personnel Officer

REPORT OF THE PERSONNEL DEPARTMENT

January 12, 1970

Honorable Board of Selectmen
Town of Weymouth
Massachusetts

Gentlemen:

The Personnel Board, Personnel Officer and Town Collective Bargaining Negotiator in active cooperation with all town departments and employees were able to close the year 1969 with labor relations in good order.

The year was not without problems, but strict and fair adherance to the maintenance of the Town's Personnel By-Laws was the aim of the Personnel Board.

Board meetings are regularly scheduled the second Monday evening of each month, but this was our most active year and 37 full board meetings were held with 97% of full attendance.

The Personnel Officer held regular office hours each Monday evening between 7:00 and 9:00 o'clock.

Sixty-six cases that consisted of changes in classification, approval of new employees, handling of requests and settling of grievances were processed by the Personnel Office and the Board.

Collective bargaining for the town with employee unions representing the Police, Fire and Public Works employees was ably handled by Mr. Joseph F. Harraghy under Personnel Board direction in cooperation with the head of the respective departments through authorization by the Board of Selectmen.

The Town's responsibility to all employees within and without union representation was respected by the Board in its decisions.

The Personnel By-Law, which was completely revised under the direction of the Personnel Board in 1967 with the assistance of Charles M. Evans and Associates and continued by vote of the 1968 Town Meeting with limited revisions, was again continued by vote of the 1969 Town Meeting with the following revisions:

Nine percent general increase.
Six rate classification changes.
Revised holiday pay clause for Public Safety Group.
Addition to bereavement leave.
One day emergency leave.
Increased overtime rates for Police.

Firefighters received overtime at time and one-half by state legislation, plus a change from 48 to 42 hours per week by referendum.

The Personnel Board members thank Mr. R. Chester Lopaus for his excellent work as Board member. His resignation was received with sincere regret.

We welcomed the appointment of his successor Mr. James C. Hoyt, who is well qualified for the position and is demonstrating his sincere interest in town

affairs.

The Personnel Board thank all town employees and officers for the cooperation and assistance extended.

Respectfully submitted,

Wilbur F. Weeks, Chairman
Robert W. Flanigan, Vice-Chairman
Norman M. Smith, Clerk
James C. Hoyt
Andrew J. Bullock, Jr.
Lester L. Belcher, Personnel Officer

REPORT OF THE HARBORMASTER

1969

On April 18, 1969, the police boat, for Weymouth was launched for the season. On December 3, 1969, the police boat was hauled out.

DURING THE SEASON	TOTAL PEOPLE
1 Raft towed in	2
25 Out Boards towed in	59
14 Power Boats towed in	56
35 Sail Boats towed in	78

Stood by 22 boats while repairs were made

BOATS RECOVERED

14 Row Boats found and 11 returned
28' Steel Craft found and returned

The 28' police boat, performed a wide range of miscellaneous services during the year. These services included pulling boom out on two oil spills and investigating 7 others.

I would like to thank all town departments and residents of Weymouth that cooperated with me in fulfilling my duties as the harbormaster.

Respectfully submitted,

Thomas C. Smith
Harbormaster

REPORT OF THE SHELLFISH WARDEN

January 5, 1970

Honorable Board of Selectmen
Weymouth
Massachusetts

Gentlemen:

The clam digging in Weymouth during 1969 got off to a very bad start due to many oil spills, that grossly contaminated all Weymouth beaches. With the prevention of all oil spills, there is a good chance in the future Weymouth flats may be opened for family use.

Again many thanks to the Selectmen, Police Department and Harbormaster for their cooperation.

Respectfully submitted,

Charles W. MacMurray
Shellfish Warden

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen
Weymouth Town Hall
Weymouth, Massachusetts

Gentlemen:

My annual report for the year ending December 31, 1969 is as follows:

Scales tested and found to be correct	179
Scales "condemned" for not meeting standards	2
Gasoline pumps tested and found to be correct	265
Gasoline pumps labeled "not sealed"	6
Gasoline pumps "condemned"	1
Home delivery fuel oil meters tested & sealed correct	50
Balancing weights tested and found correct	528
Adjustments made to all weighing and measuring devices	141
Sealing and adjusting fees submitted to our Town Treasurer	$1278.45

My sincere thanks is extended to the Board of Selectmen, the townspeople, and business merchants for kind cooperation afforded me this year.

Respectfully submitted,

Robert J. Sheehan
Sealer of Weights and Measures

BOARD OF HEALTH

Seated: ANTRICE VAN KEUREN, Chairman
Standing: ANGELO R. DeLUCA and FRANCIS R. CASHMAN, Clerk

REPORT OF THE HEALTH OFFICER

Board of Health
Town of Weymouth
Massachusetts

Gentlemen:

I herewith submit the annual report of the Health Department for the year ending December 31, 1969.

HEALTH OFFICER

The following is a list of the communicable diseases reported to this Department in 1969:

Animal Bites	253
Chicken Pox	5
German Measles	8
Hepatitis	1
Measles	1
Meningitis	2
Mumps	15
Scarlet Fever	5
Tuberculosis	5
Dysentery	1
Salmonella	16

Receipts from various licenses: $1,321.00
Reimbursement: Premature Infants - $558.09 - Total Receipts : $1,879.09

A total of 541 Burial Permits were issued to Funeral Directors.

Six Public Polio Clinics were held in 1969. 53 Doses of Trivalent Oral Vaccine were given to pre-school children. All children attending school in Weymouth received Trivalent Vaccine if they had not been previously immunized.

Dairies and Milk Plants were inspected regularly. Samples of milk, cream and food products were taken and laboratory tested. Eating and drinking establishments were inspected and swabs taken of the glasses, dished, spoons, etc.

Bathing beaches were tested for bacteria monthly during the summer.

The Board of Health meets the first Monday of each month at the Health Department Office.

PLUMBING INSPECTOR

During the year 935 Plumbing Permits were issued.
Receipts for permits were $4,393.00.
During the year 36 permits were issued for septic tanks.
There were 289 connections to our sewage system.
During the year 1.169 inspections were made.

Permission slips returned to have teeth cleaned - 2,532

Cash Received - $173.35

Respectfully submitted,

Henry F. Godin
Health Officer

REPORT OF THE DIRECTOR OF VETERANS' SERVICES

December 31, 1969

The Honorable Board of Selectmen
Town of Weymouth
East Weymouth, Massachusetts

Gentlemen:

I wish to submit to your Board our Annual Report for the year ending December 31, 1969.

Our Department has been very active during the year, and in addition to the handling of Veterans' Benefits for the Town we have processed many Federal applications for widows of veterans for pensions, etc. We keep many of the Federal forms on hand plus information on same. This saves the veteran a time consuming trip to the Federal Building in Boston very often.

Our expenditures for Veterans' Benefits were approximately the same as last year. However, due to the strike of the Boston Gas Company we were obliged to request a small additional amount to take us through the year.

Our permanent case load remains fairly constant, and if we have temporary cases due to illness or hospitalization they do not remain on for too long a period of time due to veteran's eligibility for sick benefits, unemployment compensation, workmen's compensation, or disability under Social Security. We find that the existence of these various programs is most helpful in reducing the expenditures under our program. Also there are programs available which retrain a veteran if he is without a gainful occupation, and while he is being retrained he is paid a weekly wage which may be supplemented under our program in order to maintain his family properly.

The Medicare program is beneficial to those on our rolls 65 years of age or over. We pay the monthly cost which, at this time, is $4.00, and this covers 80% of their medical expense - with the exception of prescriptions - after the first fifty dollars is reached. This cuts down our medical expense considerably.

We are still faced with increased costs of nursing homes and hospitals. These rates seem to be on the increase each year. These rates are established by the Rate Setting Commission of the Commonwealth and we are notified accordingly when new rates are established.

Once again I wish to take this opportunity to thank your Board and the other Town departments for the continued cooperation and courtesy extended to us during the year.

Respectfully submitted,

Louise Taylor, Director
Department of Veterans' Services

WEYMOUTH COUNCIL ON AGING

Front Row: MRS. MURDO M. DOWDS; MRS. CARL H. PETERSON; MRS. GEORGE E. PRUDEN, Executive Secretary; and MRS. DORIS M. TOBEY

Second Row: MARIO NICOLAI; EDWARD J. FLYNN; MICHAEL A. CIGNARELLA; HERBERT W. CAUSER, Chairman; and EDWARD S. GRAY

Absent Members: MRS. LUTHER W. ELDRIDGE, Vice-Chairman; VIRGINIA C. NELSON, Clerk; ANSTRICE VAN KEUREN; and ALFRED W. CADMAN

REPORT OF THE COUNCIL ON AGING

In March Ruth K. Cain, who was the first chairman of the Weymouth Council on Aging, informed the Board of Selectmen and Council, that she had served nine years and would not accept reappointment. Her decision was accepted with regret. The Council expressed their sincere appreciation of her inspiring service and unanimously voted Ruth K. Cain Honorary and Consulting Member of the Council.

In cooperation with the Weymouth Board of Health, Local Doctors agreed to give Flu shots by appointment, to Weymouth residents over sixty-five, for a fee of two dollars.

A day-time educational program "History of Weymouth", which is co-sponcered with Tufts Library, continued for the fourth year their Wednesday morning study group.

On Sunday, Febrary 2, 1969 a Music appreciation hour "The Many Faces of Music" was held at Tufts Library. A Tea and Social Hour followed. The weather man smiled and it was well attended.

In line with the National Council on Agings request to stimulate the use of leisure time an Adult Education Poll was made. Most of the Questionnaires returned indicated a desire for a sewing class, as a result the Weymouth School Committee permitted the use of two schools for 3 to 5:30 and supplied an instructor in sewing. One class was held in the spring and two this fall. Thirty-six ladies completed the classes and ninety-four garments were made.

Letters were sent to Senator Weeks and Representatives Connell and Ambler, quoting a new Law passed in Vermont that became effective July 1, 1969 which gives credits or refunds on rent to people over sixty-five whose incomes are $4,500.00 or less. We believe this Law or a similar one, if it were on the books in Massachusetts, would greatly benefit people with limited income.

To encourage walking among out Senior Citizens, the Council publicized the nature walks at the Great Ester, which were sponsered by the Weymouth Park Department. Many took advantage of these trips.

A joint picnic was held at Weston Park in August sponsored by the Council with the cooperation of the Tufts Library and the Park Department. The Five Friendship Clubs and persons over sixty-five were invited. This has become an annual event and is well attended.

During the period the MBTA was at Central Junior High School to issue half fare passes to persons sixty-five and over, the Council publicized it and furnished transportation as needed.

In cooperation with Senator Weeks a "Talk In" for Senior Citizens was held at the Central Junior High School for residents of Norfolk and Plymouth Counties, over 600 attended.

The Council maintains an office at the Town Hall Annex, 402 Essex Street, Weymouth, Phone 337-6457. It is open from 9 to 12 noon, Mondays and Fridays. You may call or phone, we will endeavor to assist you, or advise you where to go for assistance.

The Council regrets the passing of Thomas P. Delahunt. Mr. Delahunt was a charter member of the Weymouth Council on Aging. His thoughtfulness and conscientious efforts are sorely missed.

Council Members attended several conferences held through out the year in different parts of the state, on various problems and opportunities affecting the aging.

We wish to express our appreciation of the interest and cooperation shown by many individuals and groups within the town, their help makes Weymouth a place where one can truly enjoy growing older.

Respectfully submitted,

Amelia H. Eldridge, Vice-Chairman
Betsy Pruden, Executive Secretary

REPORT OF THE HISTORICAL COMMISSION

January 7, 1970

Honorable Board of Selectmen
Town of Weymouth
75 Middle Street
East Weymouth, Massachusetts 02189

Gentlemen:

Herewith submitted is the ANNUAL REPORT OF THE WEYMOUTH HISTORICAL COMMISSION for 1969.

Development of the Town Exhibit Room in the Tufts Library continued to be the principal project of the Historical Commission during 1969. The magnitude of the project coupled with some unforseen delays has advanced the planned opening date of last Spring to tentatively late June of this year. However, considerable progress has been made. The-diorama that will house the dugout canoe is well on the way to completion. The art work is completed and development of the isometric projection is underway. An audio system is being installed so that visitors will hear a brief story of the dugout canoe. Painting of the murals depicting historic sites and episodes of Weymouth history are in process. Two of these murals have been completed. In addition a large scale map of early Weymouth is being prepared and when completed will show isometrically the plan and division of land of Weymouth in the period 1635 - 1663.

The diorama, murals and map are being prepared by the Weymouth High School Art Department under the direction of Mr. Philip Dolan, Director and the immediate supervision of Mr. Steven Chop who together with his students have spent many long hours of work on these projects.

We regret to announce that because of business reasons Mr. Charles E. Adams, Jr. found it necessary to resign from the Commission. The Commission is greatly indebted to Mr. Adams for his outstanding contribution as a professional engineer in helping to develop and apply the techniques used in preserving the dugout canoe. In addition he devoted many man-hours in helping to plan and construct the Town Exhibit room.

Respectfully submitted,

Chester B. Kevitt,
Chairman
Eleanor Cooney
Darrell Smith

"NO SCHOOL" ANNOUNCEMENTS

"No School" announcements are given by several radio stations as early in the morning as possible, normally by 6:45 a.m. "No School" may apply to all schools or it may apply only to the elementary schools, Grades I-VI, as stated in the announcement.

Pupils and parents are urged to listen to radio stations WJDA, WRKO, WBZ, and WMEX. Please do not call town officials on the telephone - instead, call a friend or neighbor if your radio is not in working order.

On rare occasions only, afternoon sessions in the elementary schools will be cancelled if a severe storm develops in the forenoon. This cancellation will be announced by radio also.

NOTE: Special classes will follow the schedules of the building in which they are located.

GENERAL ANNOUNCEMENTS

Meetings of the Committee

Regular meetings of the School Committee are held on the first and third Tuesdays of each month (except August) at the Administration Building at 8:30 p.m.

Entrance Age

No child will be admitted to school unless he or she has reached the age of five years on or before the thirty-first of December preceding.

A birth certificate is required for entrance to the first grade.

Children entering Grade I for the first time will be admitted only during the first two weeks of school.

Vaccinations

No child shall be allowed to enter the first grade without a certificate of successful vaccination.

Employment Certificates

Employment Certificates, educational certificates, and newsboys' badges are issued at the office of the Superintendent of Schools in the Administration Building from 8:30 to 4:30 p.m. every weekday, except Saturday.

All persons must make personal application and present a birth certificate.

REPORT OF THE WEYMOUTH SCHOOL COMMITTEE

To the Citizens of Weymouth:

The Town of Weymouth continues to grow, and education is becoming more and more complex with the rapidly changing times. Your School Committee is deeply concerned with State and Federal laws and proposed legislation in the area of education. It has been, we feel, the purpose of this legislation to help the school systems and faculties, to help in the cost of school construction, and above all to help improve the education of our young people. However, every school system is not the same. Needs and problems differ and no one set of rules or regulations is always applicable to every school system. Legislation has been introduced, again this year, to set the minimum starting salary of teachers. The School Committee is opposed and we have indicated our feelings to the legislators. It is not a good policy to first require collective bargaining between school committees and employees and then, in turn, enact legislation that controls the minimum wage. I do not wish to spend any more time in this report on collective bargaining. However, it is important that you be advised of the time and effort spent this year in the negotiation of a new contract. Your School Committee and Administrative Staff held 49 meetings with the Weymouth Teachers' Association with the results that a good contract was signed.

This year has seen the beginning of several new building programs as well as the continuance of others. We will have a new South High School by September of 1970. We have appointed Mr. Wilbur F. Stanton as Principal this year in order that he may become involved with the programming and staffing of the school. We feel most fortunate to have Mr. Stanton with us.

The William Seach School addition, as well as a new elementary school in South Weymouth on Union Street and a new elementary school in North Weymouth on Pilgrim Road are no longer a dream but will soon become a reality. The construction of the new annex to the Vocational Technical High School is well on its way.

The growth of our Town as reflected in the increased student enrollment, and the need for new buildings and additions, staffing of the new facilities, and changes in educational programs and equipment unfortunately cost money. The School Committee is ever aware of this growing burden on the taxpayers. We have given a great deal of time and effort in order that Weymouth will receive a dollar value for a dollar spent.

The Committee realizes full well that the Committee is just a part of this great school system. We are most fortunate to have an excellent administrative staff: Dr. Leon H. Farrin, our Superintendent of Schools, and his able assistants Mr. William J. Longridge, Jr., Mr. Harold G. Olson, and Mr. David J. Hines. Many thanks go to them for a job well done. Our faculty and staff must be congratulated for their excellent work throughout this past year. It has been said that a chain is no stronger than the weakest link. We are very proud of our personnel and their contributions to educating the children of Weymouth.

Following is a report of the 1970 operational budget together with the expenditures for 1969:

Account Classification	1969 Expenditures	1970 Estimates

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Weymouth School Committee and the Citizens of Weymouth:

I respectfully submit my fourth annual report as Superintendent of Schools of the Town of Weymouth.

Education in Weymouth moved ahead on many fronts in 1969. The reports that follow describe the unusual progress that has taken place in curriculum, personnel, buildings, and communications.

With the coming of the 1970's, we look forward to the results of the labors of recent years. The most exciting change is in the new curriculum at the high school level. Students will enjoy greatly expanded offerings, more relevant subject matter, and a more flexible course of study. The elimination of such barriers as grade levels and rigid course tracks will enable students to select courses that meet individual interests, needs, and abilities.

The opening of the South High School in September 1970 and the assignment of all students in grades 10 - 12 to North High School and South High School will provide adequate facilities for that age group. The removal of all 10th grade students from East Junior High School and the reassignment of other junior high students will return the four junior high schools to their normal capacities, thereby permitting more desirable class size and improved education at the junior high level also.

The opening of the Seach School addition in September 1970 will provide some relief at the elementary level. The Union Street Elementary School and the Wessagusset Elementary School, both in the planning stages, implement two more steps in the long-range plan for meeting the need for elementary school classrooms.

These three new elementary schools will include six of the kindergarten classrooms required by 1973. The school committee and administration are currently working on plans for providing the other needed kindergarten rooms.

In the area of personnel and programs, the Special Education program has been expanded to include many more children who have been tested and found to qualify for this special program. Teachers have been added for perceptually handicapped children and the emotionally disturbed. The creation of the position of Elementary Resource Specialist has proven most successful.

Appointment of a Coordinator of Health Education to devote full time to the problems of drug abuse, alcohol, and tobacco education has proven to be a real step forward in these critical areas. The new coordinator has been working with students, teachers, and community groups. An adult education program in drug abuse and an in-service training program on this topic for teachers have been organized.

On-campus recruiting in many colleges has attracted a dramatic increase in the number of teacher candidates who are interested in a career in Weymouth.

A monthly Staff Newsletter has been instituted to keep teachers informed on the changes taking place in a fast-growing school system that is now listed among the largest in the Commonwealth. Expansion of the in-service

training program has helped teachers to keep abreast of a changing curriculum in a changing world. Teachers and students are becoming more involved in policy-making. Data processing is being used increasingly to provide information quickly and accurately and to free personnel for less routine duties.

New work-study programs have been designed to keep students in school as long as they are able to profit from instruction, while, at the same time, giving them experience in the world of work.

Vocational-Technical School students are speeding completion of the construction of a Child Care Training Center to expand vocational offerings for girls. The course started this year on a limited basis and has proven to be popular.

Much has been done. Much remains to be done. Additional school construction is needed to provide space for projected enrollment increases and to reduce class size. A more favorable teacher - pupil ratio is necessary. More support personnel are required to meet the needs of all children and to give classroom teachers the assistance and advice of trained specialists. Salary schedules must remain competitive if we are to retain our present well-qualified teachers and to attract competent additions to our staff. We must expand our vocational facilities and provide more courses for girls as well as boys. All children should have the opportunity to attend kindergarten and to use a school library.

There are those who say that we cannot afford to keep going at our present rate. I would say that we cannot afford not to. There are others who say that we should accelerate our rate of improvement. It is difficult to achieve a satisfactory balance between these two opposing points of view. I think that those who have been involved in the decision-making process in the Weymouth Public Schools have exercised wisdom and prudence in determining priorities. We have moved ahead on many fronts.

I would like to pay tribute to a dedicated and capable School Committee and staff. Our teachers, administrators, nurses, secretaries, maintenance men, custodians, cafeteria people, and bus drivers have all cooperated to make our school system one of which we can all be proud.

The reports that follow touch upon some of the highlights of the past school year. We would be pleased to provide additional information to any citizen who is interested in a specific program, policy, or procedure.

Respectfully submitted,

Leon H. Farrin
Superintendent of Schools

PERSONNEL AND CURRICULUM

Report of William J. Longridge, Jr., Associate Superintendent

In submitting this, my first annual report as Associate Superintendent of Schools, my third with primary responsibility for personnel and curriculum, I should like to acknowledge my appreciation to the Weymouth School Committee and the Superintendent of Schools for the opportunity to work in an atmosphere of creative, constructive, and cooperative endeavor, and to the department heads and school administrators for their willingness to identify common problems, suggest solutions, and help provide the leadership so vital in a system as large and complex as the one we serve. Only in an environment such as this could the accomplishments of the past year have been achieved and can the promise of the future be so bright.

I. PERSONNEL RECRUITMENT

This year has seen a continued increase in the numbers of applications for teaching positions in the Weymouth Schools. In just two years, the number of applicants has increased from 972 (1967) to 1437 (1968) to 2462 (1969) - an increase of more than 250%. Two factors underlie this startling increase; first, an increasing number of certified teachers being produced by teacher-training institutions; second, the effects of on-campus recruiting which this year took the writer to some twenty-seven colleges in five New England states. These visits result not only in increased knowledge of - and interest in - the Weymouth Public Schools among seniors and graduate students, but also serve to cement personal contacts with school faculty and placement officials which will continue to direct the best teaching candidates toward consideration of the Weymouth Schools.

To fill the ninety-six openings (seventy-four replacements and twenty-two additional staff members), more than one thousand interviews were held, many observations were made of experienced teachers and student teachers, and more than five thousand individuals were contacted to provide references for candidates under final consideration. More and more, principals and department heads were involved in the initial screening process.

Characteristics of the candidates finally selected include:

1. Ten held Master's degrees or higher;
2. Thirty-nine colleges and universities were represented by the successful applicants ranging from Maine to California, Florida to Nebraska;
3. Forty elementary, fifty secondary, and six special education appointments were made;
4. Thirty-three male and sixty-three female applicants were appointed;
5. Fifty-two appointees were experienced, forty-four were beginning their full year of teaching;
6. The teacher turn-over rate of 12.8% represents a sixteen percent reduction from last year and is roughly two-thirds that of the state average turn-over.

It is interesting to note that to the best of available knowledge, only three of the seventy-four replacement vacancies resulted solely from teachers moving to teaching positions in other systems.

II. GENERAL SUPERVISION

The last annual report outlined the formulation and implementation of an organized program of classroom visitation, supervision, and evaluation at the secondary level. This same type of program is also fully operational at the elementary level under the supervision of the Director of Instruction for Elementary Education and the elementary school principals. All supervisory visitations are followed by teacher -supervisor conferences stressing both strengths and weaknesses observed. Written reports are provided for both teacher and for central administration. This program also provides invaluable information as a basis for both re-election and tenure decisions.

III. CURRICULUM DEVELOPMENT

Inasmuch as the reports of the Director of Instruction, Grades 1 to 6; the Director of the Vocational-Technical High School; and the Coordinator of the Special Education Services have outlined in detail the changes occurring in their respective areas, this report will deal with the secondary program only.

This year has marked the culmination of almost a decade of planning by hundreds of individuals to develop a philosophy, a format, and the working details of a new high school program of studies. With the opening of South High School in September of 1970, space will finally be available to present the type of modern secondary program required in today's world. With relatively few exceptions, the entire program will be available at both North and South High Schools.

Early in the planning stages, three major criteria were developed by which to evaluate any specific course, departmental offering, or sequence of courses. First, the program should be sufficiently flexible to provide for individual pupils' strengths, interests, and needs that had been all too often stifled or poorly serviced by a rigid three-track (college preparatory, business, general) system. Second, the program should involve major expansion to provide courses more suitable for upper and lower range students. Third, each offering within the program should be examined with a view to up-dating material and increasing the relevance to the student while retaining the acquisition of basic skills and knowledge as part of the course.

While the over-all philosophy and design of the program were taking shape, the grass-roots work of individual course development began. In 1961, the first of almost fifty summer curriculum development institutes began. Involving more than three hundred institute participants in areas of English, social studies, foreign language, mathematics, science, and home economics, the institutes revised some courses, and, in many cases, designed completely new courses.

Reassured that South High School would, in all probability, be ready for September, 1970 opening, the final problem of arranging the working details for the program could be approached. Three viewpoints were needed: the Guidance Department has to insure that all students would continue to meet the entrance requirements which colleges and businesses place upon Weymouth graduates. The high school administration had to devise a new system for scheduling students into this much more complex program of studies. And department heads had to guarantee that the content of courses would be improved sufficiently to justify the adoption of the elective system and provide each pupil with the kind of education he needs. In all three areas, outstand cooperative success has been achieved. Every student in the two

academic high schools will be able to elect a personalized course of study which will better reflect his individual abilities and interests.

The final program design achieves three important objectives. First, its flexibility allows each student to design an individualized program in which he can examine single courses for their value to him and in which he can build upon his strengths and interests. Second, because the new program expands the number of course offerings for 74 to almost 155, it provides courses more suitable for upper and lower range students who previously had encountered artificial barriers to the types of courses they could elect within the three-track system. Finally, the expanded course offerings, several of which are one semester (half year) in length, enabled planners to up-date courses and make them more relevant in the specific areas than was possible with the survey type courses formerly taught.

Within the framework of the new elective system, Weymouth students must continue to meet certain State requirements. For example, under State law, a graduate must have completed three years of English. A student will achieve this standard in English by electing 6 semester courses from the 25 to 30 offered. The fundamentals which a student should study are still an integral part of every elective in every department. The elective system merely allows students to cross-elect their studies with greater ease. For example, if a college preparatory student wishes to take typing or an industrial arts course, he can more easily do this. If a business student has a strong interest in literature, he can accelerate his electives in this area. As the year ends, the process of presenting election information both to students and to parents is beginning.

The high school teachers' response to the elective system has been extremely encouraging. Although the increasing breadth of course offerings will necessitate that they teach under a non-rigid schedule, their enthusiasm for the change is high. As a matter of fact, the teachers have been pressing for a multiplicity of up-dated courses for a very long time.

At all of the planning meetings, the guidance department, department heads, and the high school administrators contributed to the development of the broad outlines for the elective system. Each department head met with his staff regularly to develop specific courses which his department felt it should offer. Cooperative efforts between departments have produced courses which move toward the humanities. Courses in art and music, which were formerly purely elective have been expanded dramatically. At the new South High School, students bound for engineering and technical colleges will now be able to elect some industrial arts training whereas these students formerly never had the opportunity to do shop work.

Many small details of adjustment to the new program remain to be solved. But these problems will be solved because of the dedication of staff members. One fact is now obvious: the program of studies has now become a living thing, requiring constant evaluation, continuous attention, and alert revision. No longer can we have the luxury of a program that is unchanging, easily renewed from year to year, and dedicated only to a non-existent "average" student.

WEYMOUTH HIGH SCHOOL
REPORT OF JOHN F. MARTIN, Principal

Mr. Wilbur F. Stanton, Principal of South High School, and
Mr. John F. Martin, Principal of North High School

While the enrollment has reached an all time high, the entire faculty has been engaged in a significant study to reorganize and prepare a relevant course of study to be used in September, 1970, in the North and South High Schools.

The English Department now lists twenty-five semester courses in its new curriculum offering to students. Added to its accomplishments are the publication of a Handbook of Usage, which is available to all students, the introduction of a pilot program in reading and speech for juniors, tutoring and individualized instruction for students, including foreign exchange students, and a pilot program in film-making. Members of the staff attended area and national conferences dealing with new directions in the teaching of English. They also sponsored the South Shore Conference in English which teachers from twenty-one communities attended. The Drama Festival at Natick attracted two hundred and forty students. The Dramatic and Theatre Arts Clubs performed before appreciative audiences. The Debate Club participated well in interscholastic competition and the Reflector and the Campus, expanded both in size and scope, won regional and national first place awards.

The Social Studies Department conducted its fourth Summer Curriculum Institute to improve its instructional program. Students were given the opportunity to participate and, by expressing their viewpoint, contribute materials to be included in the curriculum. A new course, Contemporary World Affairs, was developed for the twelfth grade at this institute. It includes four areas of study relevant to today's world. The Afro-American; Suburban-Urban Affairs; Law and Responsibility; Ideology and World Affairs. A two-part course was introduced at the tenth grade level with one semester devoted to the study of The Shaping of Western Society and the second devoted to the study of Tradition and Change in Four Non-Western Societies. Also introduced in the twelfth grade was a semester course in Comparative Economics. At both levels the "inquiry method" of learning is used. This is a pupil-centered method and results in pupil involvement in the thinking process. There were many opportuni-

ties for pupil involvement during the year. In cooperation with the State Department of Education, the department sponsored the annual Student Government Exchange Program with Attleboro High School. The Political Affairs Club participated in the Model United Nations Conference in Washington, D.C., and scheduled many closed circuit television programs including a fashion show, news broadcasts, interviews with foreign students, and a forum discussion about lowering the voting age to eighteen years.

The Home Economics Department has added the Nursery School and Kindergarten Aide Program to its curriculum. Designed to prepare girls to work in nursery schools, kindergartens and day-care centers, the course provides students with a basic understanding of the physical, mental, and social development of the child as well as children's music, literature, and arts and crafts. Students are familiarized with nursery school and kindergarten programs, methods and materials through observation and laboratory experience. This year the girls are gaining experience assisting in first grade classes in Weymouth. The girls have participated in several outside contests and educational trips. Last year, one of our students, Linda Breen, was the winner in the Creative Fashion Council contest.

As a result of a constant monitoring of feedback from faculty and students and through an intensive investigation in its summer workshop, the Mathematics Department has developed a curriculum which is tailored to meet the individual needs of the student. Units ranging from the mastery of basic mathematical skills to that of programming and computer operation are now available to students. The Mathematics Laboratory is being utilized not only to teach computer programming but also to serve as a base for independent study, plus a place where students can be tutored by their classmates. Students from the Electronics Course of the Vocational Technical High School are taking advantage of the laboratory. They not only are learning programming, but are also able to service the computer as a result of the highly technical skills they possess. To offer additional outlets for competent students, the Math Club sponsors a team which is in competition with other high schools in the district.

The Foreign Language Department has now completed the second year of a pilot program with the Encyclopedia Britannica Spanish Course and has adopted the three-year sequence for all classes. Students of Spanish will profit from the added dimension of culture which will now be introduced as an integral part of the course by films and filmstrips of native Mexicans and Spaniards. Since these films and filmstrips were made on location in foreign lands to correlate with lessons, students will have an opportunity to understand and imitate native speakers. In addition to its French and Spanish Clubs, the department co-sponsored the Mardi Gras Festival, where international pavilions representing eighteen foreign countries were decorated to display arts, costumes, music and foods of each of these nations. All clubs in the school were represented. To reward excellence in achievement in languages, book prizes were awarded to graduates for proficiency in French, Latin, Spanish and Russian.

The Business Education Department continued to place major emphasis on developing vocational competency necessary for the employment of students upon graduation. It has also implemented its instruction to train students, through short intensive courses, to develop skills which can be used at the college level. The Overhead Projector is used to present shorthand theory and acceptable dictation techniques, and also to present the steps in the development of the bookkeeping cycle and illustrate the more difficult concepts in advanced accounting courses. Audiomatic Listening Stations are employed to

provide dictation simultaneously for various speeds. It provides dictation at higher rates for students whose individual needs exceed class speed and remedial dictation for those with speed difficulties. Throughout the year speakers from various businesses instructed our students in the concept of modern business employment. In-School interviews were scheduled to determine job preference, and arrangements were made for interviews, as well as follow-up on interview results. The department also arranged for Federal and State Civil Service Examinations, which were given at the school. The Future Business Leaders of America is an active club sponsored by this department.

The teachers in the Science Department have also been busy preparing a new curriculum for next year. They participated in summer institutes, in-service institutes, national, state and local science teachers' conferences. Through an arrangement with the Oak Ridge Associated Universities, the department sponsored a program on atomic energy. A lecture entitled "This Atomic World" was presented to the entire student body and was followed up by small group discussions in science classes during the remainder of the day. A number of industrial scientists visited the department, giving talks on timely subjects, including Engineering as a Career, Industrial Chemistry, Atomic Power Plants, and Optics. To enrich their scientific background, groups of students were taken on field trips to science conferences, industrial plants, university science laboratories, and science lectures, many of which were organized by the Science Club. Independent study was used again last year, and an introduction of the laboratory approach to teaching biology was begun in the tenth grade. Window displays arranged by biology classes during the year have received favorable comment from visitors.

The Distributive Education and Work Study programs are available to those students who qualify under the prescribed regulations. Classwork and work experience are included in the total educational picture.

Clubs and organizations contribute much to the educational background of a high school The Student Council played an active part in revising the Dress Code after it had conducted a survey of the student body. Our Conservation Club and Junior Moral and Spiritual Values Committee received state citations for their outstanding work in the community. As student newspaper, N. O. W. is published weekly. A chapter of the National Honor Society has been established and received its charter. Among the other active organizations which serve the needs of students are the Audio Visual, Chess, Film-making, Future Nurses, Future Teachers, Key, Pep, and Ski Clubs.

The following awards were given in June:

The Monday Club of Weymouth in Memory of the Past Presidents - Kristin Bergfors
The Monday Club Nursing Scholarship - Jean Henderson
The P. M. Club, Evening Division of the Monday Club - Ann Neiland and Carol Tribou
The Old Colony Club of South Weymouth - Gail Batchelder
P. M. Division of the Old Colony Club of South Weymouth - Martha Wilson and Gail MacSwan
Weymouth Catholic Club - Annie E. Scollard Scholarship - Maureen Walsh
Weymouth Sons and Daughters of Italy Scholarship - Lauren Fushi
Nevin School - Grace B. Simmons Scholarship - Dorothy Lang

Central Junior High School Pupils' and Teachers' Scholarships - Gail Batchelder and Pamela Finn
South Junior High School Staff and Pupils - Helena F. Reidy Scholarship - Janet Daniele
South Junior High School Chapter of the National Junior Honor Society - Ellen Delorey
East Junior High School - Paul O. Ritchie Scholarship - Kathleen Czochanski
Weymouth High School Student Council Scholarships - David Killory and Stephen McIsaac
Weymouth High School Teachers' Scholarship in Memory of all Deceased High School Teachers - Steven Pierce
Weymouth Teachers' Association in Honor of Flora Haviland McGrath - Mary DeCoste
Weymouth Teachers' Association in Memory of Parker T. Pearson - Kevin Tierney
Weymouth Teachers' Association - Philip Mazzola
Class of 1964 - Alvah Raymond Memorial Scholarship - Robert Sullo
Class of 1965 Scholarship - Paula Robbins
Kiwanis Club of Weymouth - Claire Turner, Dorothy Lang, Cheryl Nixon, Mary Prendergast
Hunt School Parent-Teachers' Association - Charles Y. Berry Memorial Scholarship - Joan Pagnono
Hunt School Parent-Teachers' Association - Edward F. Tracy Memorial Scholarship - Sharon Sweeney
Weymouth High School Key Club - Peter Mahler
Peter Saraceno Scholarship - Anthony Wilcox
Future Nurses Club - Herberta Stockwell Scholarship - Linda Cardone
CAMPUS Acheivement Award given by Madeline and John Hobbs - Susan Swart
Weymouth Garden Club Scholarship - Linda Berkeley
Weymouth High School Music Parents' Association Scholarships - John Brack and Stephen Centola
Chief Timothy G. McCarthy Scholarship sponsored by the Weymouth Permanent Firemen's Association - Elaine Webb
Fraternal Order of Eagles Aerie No. 2899 - Carole Geddis
Fraternal Order of Eagles Aerie No. 2899 Ladies Auxiliary - Cheryl Nixon
Bicknell Junior High School - E. Leo Madden Scholarship - Donna Kreitman
Pingree School Parent-Teachers' Association - Rosamond E. Cunniff Scholarship - Janet O'Connor
Fulton School Parent-Teachers' Association - Alice E. Fulton Scholarship - Kathleen Flaherty
William Jason Holbrook Scholarship - Dianne Deacon
Class of 1969 Memorial Scholarship - Christine Colby
Weymouth High School Alumni Association - Alice W. Dwyer Scholarship - Linda Breen, Louisa E. Humphrey Scholarship - Linda Morgan, Mary C. Humphrey Scholarship - Laurie Mechan, Frederick W. Hilton Award - Linda Maynard, Wallace L. Whittle Award - Doris Scarpelli, Scholarships - Janet Babcock and Susan Lowe
Weymouth Rotary Club Award - John Boucher
Meritorious Progress Award given by the Class of 1921 - Walter Smith
Weymouth Art Association Scholarships - Karen Mortenson and Susan Swart
Weymouth Rotary Club Scholarships - Ann Proulx, Doric Scarpelli, Claire Turner
Daughters of American Revoulution Good Citizenship Award - Wendy Kemp

WEYMOUTH SOUTH HIGH SCHOOL

Report of Wilbur F. Stanton, Principal

A new principal's first task is to become familiar with his community. Orientation to Weymouth was accomplished in great part by assisting to establish the districts to be served by each of the two high schools next September. Several things had to be taken into consideration.

Most important was an equal division of students. Many schemes were tried before the present divider was decided. By using precinct lines dividing 7, 10, and 3 from 6, 12 and 8, which roughly parallels Washington Street, an almost equal number of students will be attending each high school. The final tally indicates approximately 1400 students each in Weymouth North and South with about 400 in the Vocational Technical High School.

The new curriculum to be offered on the secondary level was established only after the expenditure of thousands of man hours on the part of teachers, students, department heads, guidance personnel and administrators. Taking some nine years in all, the final culmination of this tremendous effort is an exciting program of studies which should go far in meeting the needs of the secondary level youth of Weymouth.

Collecting the information necessary for setting up the new elective program has taken much time. This information had to be correctly programmed into the computer to insure that all of the class schedules were correct.

Purchasing movable equipment and supplies for the new building is a serious business. A careful study of the samples from competing companies and wise choices means that the best dollar value will be realized.

Routine tasks such as determining room and locker numbering schedules are necessary so that master scheduling of the entire program can be accomplished even though some of the facilities are, to date, in existence only on the architect's drawings.

The determination of staff needs depends in part on the subject selection of the students. Recruitment then becomes an extremely important phase of our work. Colleges, teacher agencies, and other reliable sources are tapped in a search for the best qualified personnel available to staff the new school.

Close cooperation between the school and community make the task of preparing for a smooth opening in September 1970 an interesting and enjoyable experience.

WEYMOUTH VOCATIONAL TECHNICAL HIGH SCHOOL

Report of John F. Collins, Director

In its legislation, the Congress of the United States is emphasizing the need of vocational education for a greater number of high school students. Reflecting this emphasis, Weymouth's vocational education program has grown steadily over the past several years. Enrollment in September 1969 was 429. Of this enrollment, fifteen are enrolled as postgraduates in Grade 13 and eight are enrolled as post graduates in Grade 14. Because of the crowed conditions and the demands of Weymouth Students for vocational instruction, only two non-resident students were accepted in the sophomore class, making a total of twenty-three non-resident students.

In order to accommodate more students at minimum expense for additional shop space, a cooperative one year pilot project was initiated for the auto body and structural design departments. Under this State-approved program, seniors are allowed to work at their trade in companies that enter into an agreement with the State Department of Education. Actual work experience takes the place of their regular shop instruction at the school, but instruction must continue as if they were in actual attendance at school. Participating companies must follow a course outline approved by both the Weymouth Vocational Technical High School and the State Department of Education to insure that students will receive well-rounded skill training. To be approved for placement in a cooperative program, seniors must meet strict requirements of the school in scholastic achievement, good attendance, and general school citizenship. After one year of trial, this project will be evaluated by the instructors of the school to determine if cooperative courses should be continued or expanded.

This past year the first of several programs planned for girls was begun. A two year program for junior and senior girls was established in Kindergarten and Nursery School Aide Instruction. As a pilot project, the program enabled Weymouth to receive considerable financial assistance from the Bureau of Vocational Education.

Weymouth is the first community in the state, and perhaps in the nation, to design a building specifically for child care instruction. The Child Care Center is a single story building, 30 x 60 feet, with a walk-out basement. It is of colonial design, located adjacent to the North and Vocational Technical High Schools at Chard and Maple Streets. The planning and construction of the building is being done by students. Practically every department is involved: the architectural department worked on plans and specifications; the carpentry students are doing the actual construction; the sheet metal department is responsible for heating and ventilating; the cabinetmaking students are manufacturing all of the juvenile furniture; the electronics department is constructing a sound system designed to evaluate teaching methods; the structural design students through their knowledge of surveying, established boundaries and located the position of the building; even the girls are participating, for they are responsible for color coordinates and the furnishing of the kitchen and dining areas.

In order to meet State Department of Education requirements, vocational-technical education must require of its students productive work on a level acceptable to industry. The Child Care Center project comes as close to this requirement as possible. Practical training on projects such as this makes our graduates much sought after by industry. They experience no difficulty finding employment in the field of their choice or in continuing their education, if they so desire. Of the seventy-seven graduates, twelve entered the military service, seven continued in full-time school and the balance of fifty-eight entered the industry at a median hourly salary rate of $2.34.

The Auto Body Department completed 211 jobs. Work experience ranged from repairing near total wrecks to the complete painting and finishing of a car.

The Auto Repair Department repaired 465 cars. Instruction in this department ranges from tune-up to a complete engine overhaul.

Many pieces of school furniture, kitchen cabinets, built-ins, and other fine furniture were constructed in the Cabinetmaking Shop. One hundred and forty-nine projects were completed and provided practical trade experience.

In addition to working on 244 projects of various types, the carpentry students completed a nine room, drop entrance ranch, including three baths, a laundry and porch, for Mr. and Mrs. Obert Forss on Northern Avenue, South Weymouth. The estimated value of this home is $32,000.00. As part of this course, the house was designed under the drafting instructor's supervision, Technical skills taught include design, and plan and blue print preparation.

The Electronics Department worked on 74 projects. Instruction in this course is of a technical nature with emphasis on laboratory experience. Instruction includes circuit construction, testing and evaluating with the various pieces of test equipment necessary for understanding basic electronics. Theory, electronic drafting, algebra, physics, geometry, and calculus are studied so that the students can enter industry directly or continue their education.

Most of the school department printed material is produced in the Graphic Arts Department. This year the students produced 427 jobs, ranging from English Work Books, to the School Magazine The Reflector. Instruction is given in lay-out and design, paste-up and other related areas.

As part of the house construction project, students in the Sheet Metal Department fabricated and installed the forced warm air heating system. In this department 325 jobs of a practical nature were completed. As part of the class activity, students prepared all drawings necessary to perform the work.

The Structural Design and Structural Drafting students prepared working blueprints of many types of construction, remodeling and expansion projects, including possible expansion classrooms. This course is highly technical, and students are well received by the engineering firms for the knowledge they possess.

Vocational training in Weymouth, unlike many communities, offers a total academic program to its students. Regardless of what course a person selects on the secondary level, he receives a basic course of study in English and Social Studies. These are an effective complement to a skill training.

To observe the world of work in action, vocational students visit plants and exhibitions as an important phase of their instruction. This past year the cabinetmaking students visited the Theodore Schwamb Co. in Burlington, a well-known architectural woodworking shop, and the Universal Cabinet Company, manufacturers of restaurant furniture. The electronic students visited the NEREM Electronic Show held in Boston and observed first-hand new advances in technology. Sheet Metal students toured the Charles P. Blouin, Inc., plant in Burlington and viewed automation as part of the heating industry. Students from the Graphic Arts Department visited Cecil Wrightson Typograph Company, well known for their typography, and the New England Printing Show held in Boston, where the latest production equipment was observed.

Another important phase of instruction is Driver Education. This past year fifty-six students received behind the wheel instruction. To supplement on-the-road instruction, time after school, on Saturdays, and during the vacation periods was used.

The Auto Repair Department participated in the Annual Plymouth Trouble-Shooting Contest held at the Southeastern Regional Vocational Technical School. The object of the contest is to rectify a malfunction installed in the car and drive the car around the track. Winners were judged on accuracy, speed, and craftsmanship. Local contestants were Dennis D'Allessandro and John Estano.

The school is very proud of its students. Besides receiving many scholarships, several of the students received outstanding recognition during the year. The Massachusetts Jewish War Veterans of the United States awarded its Good Brotherhood Award to David Tourigny for his contribution to school and community life.

Frank Gilpatrick, a member of the Auto Body Department, was awarded the Reuben A. and Lizzie Grossman Award in recognition of outstanding leadership and service to the school and community. In addition to a bond, his name was engraved on the permanent plaque prominently displayed at the School.

Representing Weymouth on Printing Career Day, sponsored by the Printing Industries of New England, David Coates and Charles Ayer from the Graphic Arts Department were guests at the Rapid Service Press of Boston. Certificates of merit were awarded for proficiency in their printing achievement.

Richard Knudsen and Daniel Hankard took part in the Massachusetts High School Student Safety Conference sponsored by the National and State Safety Council, held at the University of Massachusetts.

Newell Richards took part as a delegate on the Student Government Day held at the State House.

Richard Grieves was the recipient of the drafting award sponsored by instructors for outstanding achievement in drafting.

David Heyl of the Automotive Department received the Edwin C. Young award for outstanding scholarship and craftsmanship. In addition to a cash award, his name has been engraved upon a plaque displayed at the school.

Receiving Annual Weymouth Vocational Technical High School Teachers' Club Merit Awards for achieving the highest rating in school citizenship and scholastic achievement were the following: Frank C. Gilpatrick, Auto Body; Thomas E. Cullen, Auto Mechanics; Richard Karstunen, Cabinetmaking; Bradford C. Shannon, Carpentry; Mark G. Rosenhek, Structural Drafting; Gary R. Cadman, Electronics; Frank M. Martin, III, Graphic Arts; Michael S. O'Brien, Sheet Metal.

To provide the people of Weymouth an opportunity to observe the Weymouth Vocational Technical High School in action, students and faculty held their Annual Open House on May 1, 1969. Shops were operating, and products manufactured by the students during the year were on display.

A Manpower Development Training Act program (MDTA) was conducted by the Electronics Department. Ten students graduated this past August, and

currently twenty men are being retrained for entry into the electronics industry as electronic mechanics. The Federal Government underwrites the entire cost of the program. The class meets six hours each day at the conclusion of the regular school day and continues for 1,250 hours over a forty-two week period.

Trade Extension evening school classes were conducted in the following areas: apprentice carpentry, blue print reading, electronics, engine tune-up and offset lithography. One hundred and seven people enrolled for these classes.

Mrs. Henrietta E. Wheeler - Head of Home Economics Department

THE ELEMENTARY SCHOOLS
Report of Helen C. McGovern, Director of Instruction

The development and implementation of programs of study have been the focus of attention in the elementary area. These programs emphasize the use of multi-media materials and activity-oriented instructional procedures.

SCIENCE

The summer science institute completed the three year development of a science program for the elementary grades. The primary prupose of the program is to develop an understanding of basic concepts and their importance in this age of rapid scientific advancement. These basic science concepts are developed through pupil participation in experiments and activities. Children are encouraged "to investigate, think, speculate, look, observe, experiment, read, check and re-check facts and ideas." It is through the development of imaginative and creative thinking that the students engage in "the never-ending process of seeking accurate knowledge about our universe."

In addition, the program is based on a multi-text approach. Its content overlaps from grade to grade. Books on different grade levels and on different reading levels are used within the class.

SOCIAL STUDIES

The efforts of the third social studies institute were concentrated on designing a course of study for the primary grades and on the development of recommendations for further revision in the social studies program for the intermediate grades.

The outline for the primary grades centers on concepts in social science with emphasis in Grade 1 placed on People at Home; in Grade 2 on Families and Social I Needs; and in Grade 3 on Communities and Social Needs. In addition, the committee compiled suggested activities and maps to be used in the classroom as a suplement to the course of study.

These materials are being used this year at the Athens and McCulloch Schools on an evaluative basis.

Also developed by the Committee were the following recommendations:

1. That social studies be taught in Grades 4, 5, and 6. This would discontinue the present practice of differentiating between history and geography.

2. That a multi-text approach be used in these grades.

3. That the social studies for Grade 4 be oriented around life in different climate areas.

4. That Grades 5 and 6 follow a history-oriented outline with integrated geographic concepts.

These recommendations will be studied and definite decisions made before September of 1970.

ENGLISH

An additional summer institute in elementary curriculum development concentrated its efforts on English.

Over the years we have used English guides which were expertly developed and have proven most valuable. After much discussion and evaluation of the existing guides, the institute members felt that the major need in elementary English was in oral and written composition. As a first step, they decided to develop suggestions for vocabulary building.

After examining several basic approaches to vocabulary building, the committee agreed that an approach using generic words would give greater latitude in providing for individual differences of pupils and in using the talents of teachers to the greatest advantage.

The aim of the program is to give prolonged and intensive study in vocabulary with moderate but steady progress.

The outline is being used this year in the four schools represented on the institute committee.

ELEMENTARY RESOURCE SPECIALIST

A new service has been provided for elementary teachers this year. Since September, Mrs. Marcia Gould has been available to all teachers to discuss and demonstrate new approaches to teaching.

She has developed multi-media resource materials in the areas of science, literature, and social studies. These materials are available for use in the classroom.

Mrs. Gould has worked with teachers in planning and executing programs in many other curriculum areas. The materials developed in this cooperative manner are available to teachers throughout the system.

PREP PROGRAM

The first grade readiness program call PREP (Pupil Readiness for Education program) has proven to be a most worthwhile activity. Designed to help children adjust to the first grade, the program serviced sixty-five students during the school year and 210 pre-first grade students during the summer session.

The students were offered many activities which helped to develop their readiness for first grade. Emphasis was placed on the development of self-confidence. In addition, those students with particular speech problems received therapy which was specifically designed and programmed for them.

The elementary schools continued to progress in many areas. The remedial reading teachers provided an outstanding service to those students who were in need of extra help. The elementary school library facilities were extended to two schools. Elementary school libraries have now been established at the McCulloch School, the Seach School, the Nevin School, the Jefferson School, the Humphrey School, and the Washington School. The teachers and principals continue to work cooperatively and efficiently to serve the students in the elementary schools.

ART

Philip S. Dolan, Director of Art

Recognizing the child as a creative being is a fairly recent development in education. Children have always been creative, but until this century and especially during the last twenty to thirty years, this fact was not readily accepted. Education was thought of as a process of transmitting a certain body of knowledge to the student. This was and still is an important part of education, but now education recognizes that the student has valuable ideas of his own, that he is unique, and that his uniqueness needs to be fostered.

The artist and the teacher of art discovered and accepted the child as a creative person and have, therefore, developed the philosophy and methodology that promotes creativity in education. They encouraged the expression of ideas, of perceptions, of feelings. It is gratifying to see that creativity is now being brought more into other areas of instruction.

Some highlights from 1969 follow:

Weymouth students again made a fine showing in the Scholastic Art Awards Exhibition. High School students won 9 Gold Keys, 5 Blue Ribbons, and 15 Awards of Merit; East Junior High, 1 Gold Key, 1 Blue Ribbon, and 4 Awards of Merit; Central Junior, 2 Gold Keys, 1 Blue Ribbon, and 5 Awards of Merit; and Bicknell Junior, 2 Awards of Merit.

Throughout the early months of the year, various schools held art exhibitions in the Tufts Library. A very fine exhibition of ceramics and scratchboard drawings from Central Junior High drew interest during the month of April. In May, enameling, jewelry, ceramics, drawings, paintings, and graphics from the High School were featured. A changing exhibition of art work from East Junior and the Annex appeared during the summer months.

Starting in September, the Art Department in cooperation with Tufts Library set up a monthly schedule of art exhibitions from all levels of art instruc-

tion. The Art Department thanks the library for making it possible to place the unusually fine art work of our students before the public.

On a monthly basis, the Art Department also supplies the Administration Building with art work. In June, our elementary art supervisors arranged a colorful and attractive exhibition of elementary art there. Because it was so well received, some school or level of art instruction is now featured every month.

In conjunction with the Norfolk County Teachers Convention in October, the high school staged an exhibition of art work.

In June, Weymouth was one of ten South Shore School Systems to exhibit at the Art Expo sponsored by the Braintree Shopping Plaza. A very worthwhile endeavor, it gave a large viewing public a wonderful opportunity to see the scope and depth of contemporary art education. It is hoped that this will be an annual event.

In May of this year, the Weymouth Director of Art, Mr. Philip S. Dolan, was elected vice president of the Massachusetts Art Education Association. Mr. Carl A. Dolan, art teacher at Central Junior High School, was re-elected treasurer of Massachusetts Art Education Association, a post he has held for a number of years.

Under the very capable direction of Mr. Stephen J. Chop, High School students are completing large paintings of Weymouth's historical points of interest. These will eventually be part of the exhibition in the room set aside for the Indian dugout canoe at Tufts Library. They are also working on a relief map of early Weymouth, showing the topography, early trails, settlements, and waterways.

An addition in the Art Department staff now makes it possible to provide art instruction to all our special classes.

MUSIC

The music program in Weymouth schools offers opportunities for every student to develop appreciation, knowledge, and experience with music, according to his interests and capabilities.

With the help, guidance, and example of the music specialist, the elementary classroom teacher provides these experiences with singing, listening and creative work. Mrs. Doreen Lapierre of the Weymouth Music Department was asked by the Norfolk County Teachers' Association to give a demonstration lesson at the Convention this year. With a sixth grade class from the Humphrey School, she presented a demonstration music lesson in listening, illustrating most effectively the use of the tape recorder and other visual aids in the music class. On this same occasion Mrs. Elizabeth Hodges, also of the Weymouth Music Department, gave an excellent presentation of the work she is doing with music for the Special Education classes.

Among the objectives of the junior high school general music class are the following:

1. to help junior high school students develop a positive attitude toward music as a means of expression, as a study worthy of their effort and attention, and as a recreation;

2. to initiate and encourage group discussion of every facet of music and musical experience, and of the relationship of music to today's life;

3. to provide opportunities for individual and group participation in musical activities, such as playing the autoharp, guitar, or tone instruments, and writing original music compositions;

4. to introduce a large variety of listening experiences in order to encourage the growth and development of each student's perceptive and discriminative abilities in listening to music;

5. to introduce a variety of kinds of music into the students' listening experience and to show the relationship between today's popular and folk music and other types of music, both classical and contemporary.

The elementary instrumental program continues to grow. All students in grades four, five and six have the opportunity to receive instruction on a band or orchestral instrument, providing they have an instrument to use. Over one hundred beginning instrumental classes were scheduled in the seventeen elementary schools last September. These beginners will receive periodic progress reports and may qualify later in the school year for the Weymouth Solo & Ensemble Festival, for their own school instrumental ensemble, or for the town-wide All-Star Band or Orchestra.

The 11th Annual Solo & Ensemble Festival was held in February with well over 400 Weymouth students participating. The All-Town Elementary Orchestra and All-Star Elementary Band once again gave evidence of excellence in achievement at their Spring Concert.

Over 40 students subscribed to the Youth Concert Series at Symphony Hall. Concerts were presented by musicians from Boston Symphony Orchestra on three Saturday mornings during the school year.

An Exchange Concert was arranged between the Weymouth and Middleboro Music Departments. It featured combined orchestras, choruses and bands from the two schools.

All instrumental and choral groups were given opportunities to perform at individual schools, civic events, seasonal and special occasions and on request from numerous community organizations.

A particularly unique event took place late in the year when the High School Concert Choir sponsored a Madrigal Dinner with the assistance of the Music Parents' Association. A great deal of individual creative effort on the part of students and director resulted in an extremely enjoyable evening.

The opening of South High School will enable the Music Department to expand curriculum offerings in music for all high school students. Members of the music department staff have participated in the planning of this new curriculum.

A large number of students qualified by individual competitive auditions for one or more of the very selective area-wide festivals and concerts. The number of participating students was as follows:

Southeast District Concert	(Stoughton)	21
All-State Concert	(Plymouth)	5
New England Solo & Ensemble Festival	(Boston)	7
New England Concert Festival	(Portsmouth, N.H.)	2
All-Eastern States High School Band	(Washington, D.C.)	1

Winner of the National Choral Award -- Diane Connolly
Winner of the John Philip Sousa Band Award -- Karl Berg
The Weymouth High School Music Parents' Association presented scholarships for further study in music to John Brack and Stephen Centola.

PHYSICAL EDUCATION AND ATHLETICS

Physical fitness has been the main theme for the physical education program in all Weymouth Schools at all grade levels. It has become increasingly evident among students that good physical health usually results from fine physical conditioning and that formal calisthentics is one means of gaining better physical health. However, in Weymouth we have not lost sight of the fact that formal calisthentics and conditioning activities can be overstressed. Good physical conditioning is fully supported; yet physical education at Weymouth also includes all aspects of the physical potential of a person including motor skills.

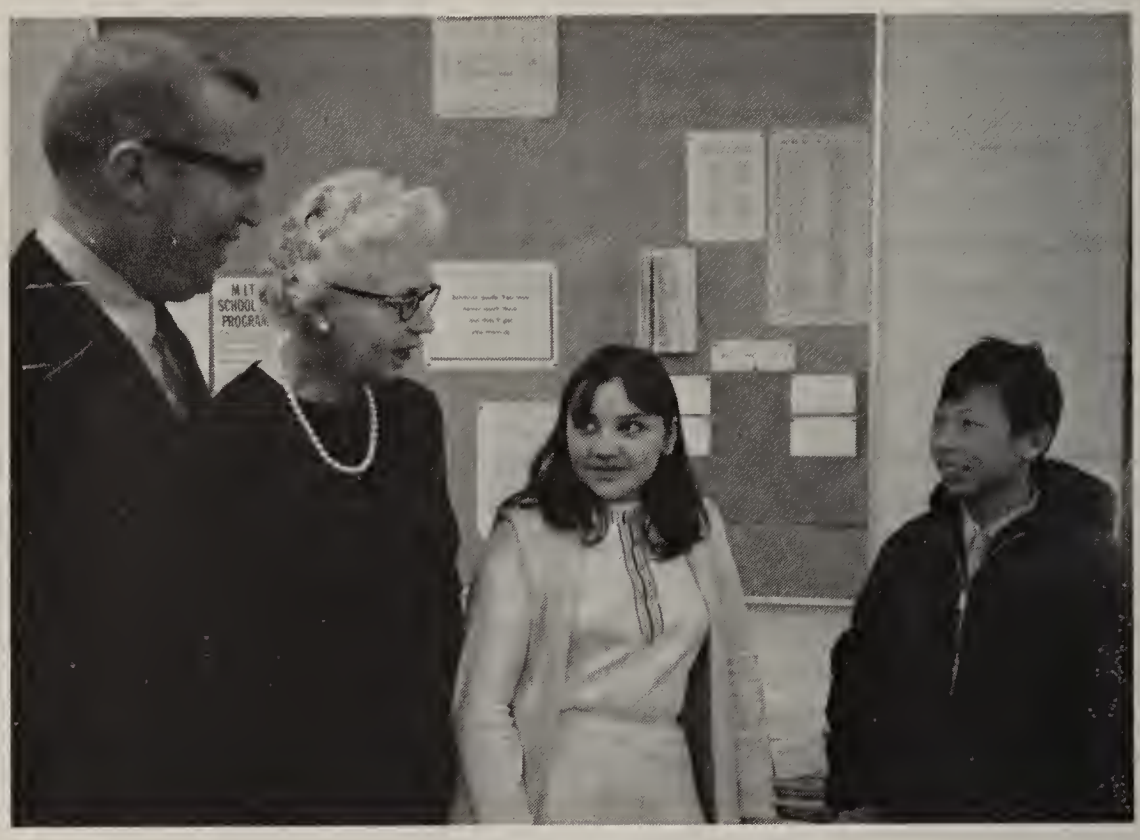

We are trying to make the physical education program a well-balanced one.

The Special Classes pose a problem. Because of lack of personnel, many of our special class pupils have not had the advantages of a physical education specialist. Our current policy is to integrate those who are capable of doing the work into our regular gym classes. Obviously, there are some pupils for whom this is not feasible. With an additional teacher it would be possible to have separate gym classes with activities geared to the special abilities of these pupils.

The lack of floor and storage space at Bicknell Junior High has made it necessary to divide gym periods between boys and girls. In some cases, this has resulted in overcrowding.

Participitation and interest in athletics has remained high. The girls' gymnastic team won the State Team Championship at Springfield. There are now thirteen sports at the Senior High School and five sports in each of four Junior High Schools. There have been repeated requests for additional boys' and girls' sports. However, the lack of space both indoors and out prohibits this. Expansion of the two present carryover girls' sports, Gymnastics and Tennis, to the Junior Highs could be initiated after the athletic program is stable at the two Senior High Schools.

GUIDANCE

Assistant Director of Guidance Robert D. West and Director of Guidance Virginia Nye discuss special programs with foreign visitors to Weymouth Schools.

During the past year, members of the Guidance Department have been engaged in the six functions of guidance of which counseling is the most important. Through counseling sessions it is hoped that the student will make plans for the future, will make wise decisions, will share his feelings, and will discuss his current attitudes. All this is done with the hope that each student will realize that full and free self-expression is the basis for self-understanding and healthy behavior. The counselor's aim then is to increase the individual's capacity for greater self-knowledge and, thus, self-direction.

The guidance counselor spends many hours with administrators, teachers, representatives of schools, colleges and industry, and specialists such as the school psychologist, adjustment counselor, nurses, attendance officer, private psychiatrists, psychologists, the clergy and clinics, in order to help many students become better adjusted to school and community living.

More than ever, the counselors have found themselves working with parents, trying to help them better understand the problems which their children may be having. An attempt is made to work out a course of action which will be satisfactory to both student and parent.

In order to become acquainted with each student, the Guidance Department has its own inventory card which is started in the seventh grade and terminates in the twelfth grade. On this card we note each year any pertinent information regarding health, hobbies and sports, interests, clubs and organizations, likes and dislikes in subject fields, part-time work experiences, and vocational and educational plans. On the reverse side of this card are copies of the yearly report cards, test records, personal quality ratings by teachers, and summer school data. All of this information gives us a picture of the student as a person.

Each year our educational vocational information materials are updated. We have annual subscriptions to professional journals as well as to Chronicle Guidance Services, Careers, Inc., B'Nai B'rith Vocational Service, Lovejoy's College Guide as well as the Scholarship and Vocational Guides, the Dictionary of Occupational Titles, and the Occupational Handbook from the Department of Labor. Up-to-date college catalogues are kept on hand.

Testing is carried on is Grades 8, 9 and 10 on a group basis. Individual tests are given when it is deemed necessary or if the parent requests it. At the eleventh and twelfth grades, national tests such as the Preliminary Scholastic Aptitude Test, the Scholastic Aptitude Test, the Achievement Tests of the College Board, and the National Merit Scholarship Test are given to all students who wish them or need them in order to be accepted into a school of higher learning.

In the senior year, placement plays an important part in the counselee's life. This may be either in the field of education or in the world of work. In the class of 1969, 35.8% went on to four-year colleges, 27% on to other post-secondary school programs, 4.5% joined the armed services, 28.2% were employed while 4.5% were classified as miscellaneous.

New this year and winning community support and approval is the method used for securing part-time jobs for students. The firm having a part-time opening contacts the school, and if it is within our definition of a proper job, we post it on the bulletin board. A double postal card is then sent to the employer, and he informs us of acceptance or rejection and the continuing availability of the job.

Each year in December, we send out follow-up letters to the class which graduated the previous June, asking them to let us know where they are, what they are doing, and if they have any suggestions as to how we at Weymouth High can better serve them. For the past few years, their most frequent comment is, "Please have more counselors who can spend more time with us." This remark applies not only to the senior high counselors by to the junior high counselors as well because they are the ones who start these young people on their way toward high school and their future. The results of the follow-up study are released in November of the following year, and many colleges and universities have used our study in their graduate classes as examples of proper methodology.

Every member of the guidance department has attended many professional meetings and several have served or are serving on committees or as officers. The director and assistant director have spent many hours with the administration and the heads of departments planning and discussing the new curriculum which will go into effect in September of 1970 when the new high school opens.

SCHOOL PSYCHOLOGIST

Evaluating children, interpreting the findings, conferring with parents, principals and teachers is the responsibility of the school psychologist.

Mental Ability Testing

In the elementary schools, group mental ability tests are administered to children in Grades 1, 3, and 5. The purpose of this testing is to obtain an assessment of the child's potential for learning. When the results are properly used, there is an understanding of the child's strengths and weaknesses. An adjustment

of the academic program can be made to meet his needs. However, with large classes it is not always possible to individualize the instruction for all.

Mental Ability Tests Administered

Group

Grade	Number Tested	Test Administered
1	1100	SRA Primary, Mental Abilities
3	1088	Otis-Lennon, Elementary 1
5	1098	Otis-Lennon, Elementary 11

Individual mental ability tests are given to those children scoring low on the group tests.

Individual tests measure more than the general over-all abilities. They identify and define more qualitatively the assets and deficits in the learning power of the child.

Individual tests help to identify the child with a specific learning disability. Such a test is required by state law as a part of the diagnostic study done on each child recommended for special tutoring.

Individual tests are also a state requirement for those children recommended for placement in one of the special education classes for the trainable or educable. Subsequent testing is required of each special class student every second year.

Approximately 400 individual testing sessions were held during the school year.

Achievement Testing

Achievement tests are administered during May and June to children in Grades 3, 4, 5, and 6. A profile chart for each child graphically shows his growth in the basic subjects from year to year.

A study of the Child's achievement as related to his potential is made by the classroom teacher. If the level of achievement is not commensurate with the level of potential, the teacher may recommend the child for a diagnostic evaluation to determine the probable cause for underachievement.

Group Achievement Test - Iowa Test of Basic Skills

Grade	Actual Grade Level	Median Composite Score	Number Tested
3	3.8	4.4	1037
4	4.8	5.2	1079
5	5.8	6.3	1036
6	6.8	7.8	1062

Children with Special Needs

To many people, learning may seem to be a rather simple matter - one just applies himself and does it. However, learning is a most complex process and to many of our children a very frustrating experience. We, as educators, are becoming more and more aware of the close relationship between the emotional stability and the physical and neurological adequacy and intellectual growth.

In our classes are children of average or better than average ability, who, because of an emotional involvement, a physical disability, or neurological impairment are unable to achieve to their fullest potential.

To identify such children early, to procure for them the necessary treatment or therapy, to provide for them or to adjust to them a meaningful program of instruction requires the cooperative efforts of the school, the family doctor, the hospital or clinic.

On our staff are four tutors who work with the children diagnosed as having special needs. This tutorial program is in its second year.

Prep Program

The influence of the pre-school years cannot be over-emphasized. The experiences of the children during these early years have a significant effect upon his intellectual growth and pattern of behavior.

The behavior, habits, and attitudes learned from and nurtured by parents during the first six years are of the utmost importance in insuring school success.

The rate of growth and development during these years determines to a great extent the rate of academic growth to be attained in school.

Each year there are a number of youngsters entering Grade I who are not ready for the emotional, social, and academic demands made of them. They find it difficult to separate from the security of home or to adjust to a large group situation; they are unable to relate effectively to their classmates - they do not know how to play or share with them; they are shy and withdrawn or over aggressive and rebellious; they resent authority and discipline.

For such children school becomes a very trying and frustrating experience. They begin to sense failure and act out against it. To allow them to remain in such an atmosphere for the remainder of the school year would create in them a lasting negative attitude toward school and learning.

To avoid the development of undesirable and unfavorable attitudes and behavior patterns, a program of readiness is set up for these children. They are referred by the classroom teacher, evaluated by the school psychologist, and observed in the classroom by the school adjustment counselor. The results of this thorough study are presented to the director of instruction who sets up the readiness program known as Prep.

For the 1969-70 school year five classes of 16 children each are involved in the program.

The interest and concern of each classroom teacher and the cooperative endeavors of those in the specialized areas have done much to provide the best

education possible for all the children in the Weymouth Public Schools.

ADJUSTMENT COUNSELOR

Referrals:	Elementary	150		
Secondary:	(Jr. High and High School)	110		
	Vocational	10	Total	270
Consultations:	Elementary	108		
Secondary	(Jr. High and High School)	125	Total	233
Home Visits				225
Conferences regarding specific pupils				
	Elementary	125		
	Secondary	115	Total	240

Agencies with which the Adjustment Counselor has worked closely for the past year are as follows: Public Welfare, Division of the Blind, Division of Child Guardianship, Family Services, Social Service, Children's Hospital, Floating Hospital, Massachusetts General Hospital, Carney Hospital, Massachusetts Mental Health Center, Catholic Boys' Guidance Center, Protestant Youth Center, Massachusetts Rehabilitation Commission, United Community Service, Quincy Juvenile Court.

In the past year a closer working relationship with welfare department personnel has provided more consistent help for the school-age child who is also served by this department.

Principals, Teachers, Guidance Counselors, other school personnel and parents serve as sources for referrals concerning children with adjustment problems.

First Grade Program

Visits are made to first grade classrooms to detect children who were experiencing poor school adjustment in the first two months of school. This is the fourth year this procedure has been in progress. It is a worthwhile endeavor, for children who would be failures in the first grade for various reasons are taken out of their regular classes and placed in PREP classes where they grow in readiness and required skills for first grade work. As a result, the number of children who are now seen in grades 4 or 5 with poor self-image, frustrations, and other problems is diminishing. Success builds on success. PREP certainly does this for the immature, insecure child who for various reasons cannot meet the initial demands for grade 1.

Referrals from the secondary level continue to increase and be the area of concern at this time.

It is evident that the pressures which exist in our current society are affecting the attitudes and the behavior of children, age 12 - 17, in grades 7 - 12. This past year, an increased amount of time has been given to this age group. The search to find one's identity and attain reasonable vocational goals are resolved in these years. Successful resolution of these phases of growth and development depend on the foundation begun in the home, the school

and the world we live in. The pupil who meets with an unsuccessful resolution or a poor school adjustment is often a child of a broken home, an unsupervised home, or insufficient parental interest. The task at hand is to instill confidence, meaningful goals, and better home communication, particularly parent - child. This requires an increase in maturity and self-understanding. Some children can achieve this; others become frustrated and turn their energies toward non-fulfulling activities. Drugs play a role in their easy accessibility, but not as a direct cause. The maladjusted person is an easy prey for drugs as a solution to his problems. The use of them is symptomatic of a deeper situation.

AUDIO - VISUAL

From Left to Right: Mr. John I. Rudolph, Director of A-V Instruction, Mrs. Shirley M. Young, Secretary and Mr. Aaron S. Sedman, Technician.

The Department of Audio-Visual Instruction's twenty-third year of service to the schools of Weymouth was the busiest in its history.

The Instruction Materials Library continues to expand. The following chart indicated the three year growth of individual titles available from the center.

Type of Material	1967	1968	1969
Sound film Titles Owned	315	335	360
Sound Films on Permanent Loan	220	225	230
Filmstrips	4350	4400	4500
Duplicate Titles (FS)	650	660	660
Records and Tapes	700	725	750
Overhead Transparencies	450	475	475
2 x 2 Slides	300	325	325
8mm "single concept" films	75	60	110

A new Instructional Materials Catalog will be issued early in 1970. It will include all of the filmstrips, sets, 8mm single concept films and study prints currently owned by the system. All Instructional Materials are keyed to IBM cards for cataloging and inventory.

Educational television, via the 21-inch Classroom, WGBH-TV, Channel 2, was continued for the twelfth year. Over thirty-five programs were offered for students from the elementary to the high school level.

WHS-TV, the closed-circuit television facilities in the high school, were used very successfully during 1969. The Political Science Club has been actively engaged in producting programs for the student body.

The preview and evaluation program was continued during 1969. All materials which were purchased during the year were first previewed by members of the teaching staff. A large number of favorably evaluated materials were purchased during the past year.

The aid of the department was enlisted for many projects including the Senior Play, Athletic Banquets, Town Meetings, a large number of picture-taking assignments, plus various other activities throughout the town.

HEALTH SERVICES

Few people realize how extensive and varied a school nurse's work is. School Health Services are all designed to assist in protecting or improving student health and to secure information necessary to assist in adapting school programs to the mental and physical abilities and needs of each student.

The Weymouth School Health Services require the coordinated efforts of administrators, teachers, counselors, physicians, nurses, psychologists, and others if they are to succeed. They are designed to serve the following purposes:

1. To appraise the health status of students
2. To counsel students, parents and school personnel in health matters
3. To encourage the correction of remediable defects
4. To identify handicapped students
5. To help prevent and control communicable diseases
6. To provide emergency care for sick or injured students

Many of the services provided by the school health program are either required by State law or recommended by the Massachusetts Department of Public Health. Physical examinations are required in Grades 1, 4, 7, 10 and previous to the participation in competitive sports. If any defect is found, the parent or guardian is notified. He, in turn, should then consult the family physician. All pupils have their vision and hearing tested annually by a qualified tester, who uses methods approved by the Division of Maternal and Child Care Health of the State of Massachusetts. Weighing and measuring is done every year by school nurses in the elementary schools. In the junior and senior high schools, this is done by the physical education instructors. Parents are always informed of any abnormalities.

Immunization clinics for protection against diphtheria and tetanus are held annually for Grades 1, 5 and 10. Polio vaccine is given to such age groups and at such times as is recommended by the Massachusetts Department of Public Health.

The Norfolk County Tuberculosis and Health Association recommends when clinics for the discovery of tuberculosis are to be held. Parental permission is required before a child can participate in these two clinics. Finally, a Dental Health Clinic, sponsored by the Board of Health, is held annually for children in Grades 2, 3, 5, and 6. All pupils are examined, but only children whose families cannot afford to have work done by their private dentist may have work done by the school dentists and dental hygienist.

It need hardly be emphasized that 13,208 is a lot of children and a lot of future adults. Although it is primarily the parents' responsibility to keep a child physically and emotionally well, the school works with parents or guardians to achieve this goal of good health for all Weymouth children. At the center of this cooperative effort stands the school nurse. Very few people know the home and neighborhood of each child so intimately as the school health nurses. Because one of their major activities is home visiting they learn and understand what this home environment is and its relationship to a child's health. School nurses are, therefore, in an excellent position to act as liaison between the school and the home and the other community agencies.

Home instruction for the physically handicapped can be given by a visiting teacher. Parents should report to the school nurse and teacher, children who are or have been afflicted with any disability which would interfere with normal physical exercise or classroom performance.

The number of children with physical defects is amazingly high. Finding trouble is only the first step in any school health program. Unless the advice of health officials is acted upon by the parents, the program is of no value. In the health area especially, cooperative unverstanding between the school and the home is necessary for the child's welfare.

HEALTH EDUCATION

A program of education against the abuses of drugs, alcohol and tobacco is a new concept in public school systems. The exact content and method of presentation must, of necessity, be experimental at its inception, since no "cure-all" curriculum exists from which effective guidelines can be drawn.

The initial phase of health education in Weymouth is threefold: (1) visiting with experts and interested workers who are involved with these social problems, (2) initiating "pilot" courses of learning for youth and adults, and (3) instilling in the community a realization that educators are concerned.

Before a purposeful health program can begin, dialogue with informed people is essential for amassing pertinent data and literature. Knowledge by townsfolk that action has been taken to formulate and promulgate solid, practical, preventive education against drug, alcohol, or tobacco abuses is most desirable. Success which is attained primarily through an informed and cooperative citizenry is imperative. Open discussions by youth with presentations of all issues are taking place at the high school and junior high levels. Plans have been initiated to present an informative adult education course in our Evening School. Such learning is being sponsored by the Weymouth Junior Chamber of Commerce in conjunction with and under the advisement of the Health Education Coordinator.

Organizations consulted for program assistance include American Cancer Sociery - Massachusetts Division; American Heart Association - Southeast Chapter; American Medical Association - Boston Division; American Red Cross -

South Shore Chapter; American School Health Association; Boston Children's Hospital Clinic; Boston City Hospital Drug Treatment Clinic; Bridgewater State Hospital; Massachusetts' Attorney General's Office - Division of Drug Abuse Control; Massachusetts College of Pharmacy; Massachusetts Department of Education; Massachusetts Department of Health; Massachusetts Inter-agency Council on Smoking and Health; and Massachusetts Rehabilitation Commission.

Other organizations consulted were Massachusetts State Police, Massachusetts Tubercular Society, National Association of Retail Druggists, New England Memorial Hospital, Norfolk County District Attorney's Office, Norfolk County T. B. and R. D. Association, South Shore Mental Health Association, Teen Challenge, Weymouth Board of Health, Weymouth Council of Churches, Weymouth Junior Chamber of Commerce, and the Weymouth Police Department.

Individuals consulted for program assistance include Braintree, Lowell, Norwell, and Quincy, the Weymouth Public Schools, Adjustment Counselor, the Bureau of Narcotics and Dangerous Drugs, and the Drug Division of Federal Food and Drug Administration.

Weymouth is a pioneer in the area of health research as it pertains to drug, alcohol, and tobacco abuses. The Health Education Coordinator looks to the future with hope and a basic confidence that preventive education will be successful. Most of our youth want to know all the facts, and many of our adults are eager to assist and learn. Our slogan for drug abuse must be "NO KNOW - not NO NO!" and our goal must be Good Health through Good Practices.

HOME INSTRUCTION FOR PHYSICALLY HANDICAPPED CHILDREN

Home instructors bring the vast resources of the Weymouth Public Schools into homes and hospitals for children unable to attend regular classes. From January to December of 1969, 22 pupils in the elementary grades and 41 in the secondary grades receive instruction at home. Automobile accidents and playtime fractures seems to most frequently cause confinements at home. As one more disease comes under preventive control, the number of children contracting Rheumatic fever has dropped to one.

Educators stress that it is just as important for the children in the lower grades to keep abreast of their studies during illness as it is for those in the upper grades. Parents should understand the importance of home instruction in relation to a child's rapid readjustment upon his return to the classroom.

SPECIAL EDUCATION SERVICES

During the past year special education services to meet the educational needs of exceptional children in the Weymouth Public Schools have been expanded. Many people have helped facilitate these services.

Administrators, teachers, volunteer aides, civic groups, parents, and students have joined in a combined effort to upgrade the educational program for over 290 slow-learners, children with perceptual handicaps, and children with social and emotional problems.

In an effort to meet the needs of a number of handicapped children who were not benefiting from the integrated educable class program, an entirely new concept in special education was initiated with the establishment of two

transitional classes.

A new tutorial program for children with social and emotional problems was initiated to service the needs of a growing number of maladjusted and disturbed school children.

The special education department was awarded a state and federal grant in two years for the purpose of establishing the South Shore Instructional Materials and Resource Center. This "center" will be housed at the Fogg Library and will provide materials for use with handicapped children by teachers, parents, and college students of eight South Shore communities.

The Weymouth Satellite Rehabilitation Workshop - the first school program of its kind in the state - received its second annual license to train and rehabilitate severly handicapped teen-agers. In recent months, similar programs have been created in metropolitan and suburban communities by educators who had visited the Weymouth "shop" and used the Weymouth program to establish guidelines for organization and instruction.

"Operation H. E. L. P.", a volunteer program to Help Encourage Learning Potential, demonstrated for the second year how the school and the community can join in a cooperative venture to help children learn. The Weymouth Garden Club offers an outstanding garden therapy and nature study program to slow-learners in five elementary ungraded classes. Adult Girl Scout leaders provide valuable character building and personality development programs for severely handicapped girls. Boy Scouts train severely handicapped boys in first aid and safety education. Camp Fire leaders provide group activities for slow-learners of primary school age. Over 40 parents work in a volunteer aide program to provide motor coordination and visual tracking exercises for perceptually handicapped children. Honor students at each of the junior high schools and members of the National Honor Society and Junior Spiritual Values and Morals Committee tutor slow-learners and serve as Big Brothers and Big Sisters to severely handicapped children. Local employers continue to hire and train members of the Work-study Class. Of the twelve handicapped teen-agers "graduated" last June, nine hold full-time positions in the world of work.

The School Committee and Administration continue to demonstrate a firm commitment to provide needed services for the handicapped children of Weymouth. Teachers throughout the system continue to offer their skills, interest, and understanding in providing for the program of integration which is so vital to the personal, social and academic growth of each child. The Special Education Services staff continues to work enthusiastically, dedicated to the premise that all children can learn.

In a cooperative program with the South Shore Mental Health Center, Weymouth provides transportation to local clinical nurseries for retarded, cerebral palsied, emotionally disturbed and multiple handicapped children of preschool age.

Weymouth participates in furnishing day care services for severely handicapped and multiple handicapped children who cannot enter school.

We believe that classrooms for the slow-learners and/or retarded child should be located in regular school buildings. Exceptional children should be allowed and encouraged to participate in as many regular school activities as possible, especially when success is probable.

One hundred and sixty-seven slow-learners and retarded children are housed in thirteen classrooms in public school buildings. There are six classes for exceptional children of elementary school age, three classes for teen-agers of junior high school age and one class for teen-agers of high school age. There are also three classes for severely handicapped children of Weymouth.

One hundred and twenty children diagnosed as perceptually handicapped (commonly referred to as dyslexia) are being tutored three times a week by three tutors who travel throughout the school system.

Eight children who have social and emotional problems are being tutored in their schools in order to help them adjust, be successful, and remain in the regular classroom setting.

The success of the Special Education Program depends to a great degree on the many school system personnel who have joined and pooled their specific talents to provide a realistic and practical educational experience for the handicapped child.

SPEECH AND HEARING THERAPY

Weymouth Public Schools now has the services of five speech and hearing therapists. All the elementary schools and junior high schools are served by the speech and hearing program. Each fall, children with possible speech, language, or hearing problems are screened. Of the 1,355 children examined, 135 were referred for further evaluation, 384 were scheduled for re-checking, 443 were dismissed, and 391 were enrolled in therapy.

In addition, the speech and hearing therapists provided a speech and language evaluation and an individual hearing test for each child who would enter the first grade in the fall.

The problems remedied by speech therapy include poor articulation, delaye speech and language development, cerebral palsy, cleft palate, and stuttering. Hard of hearing children are given auditory training and lip reading. On a priorit basis, children are scheduled on the basis of need.

The speech and hearing program now has adequate personnel for treating children in the Weymouth Public Schools. The need for improvement now lies in the area of better remedial facilities and materials.

DRIVER EDUCATION

Driver Education is available to all students in the high school. They are required to attend thirty hours of classwork as well as six hours of behind-the-wheel training and six hours of observation time in the car. Emphasis is placed on developing proper attitudes, safety procedures, and driving skills. One of the benefits of this training is a substantial reduction in insurance rates, especially for boys.

Weymouth High School 1969	
Completed classroom work	360
Completed road training	330
Received their licenses	330

Summer Session 1969

The following dealers furnished the Driver Education Program cars for the year 1969: Jannell Ford Village, South Weymouth; Clark and Taber, Inc., Weymouth Landing; Granite Dodge Motor Sales, Inc., Quincy; MacKenzie Oldsmobile, Inc., Hingham.

SCHOOL LIBRARIES

With the increase in student enrollment throughout the Town has come a corresponding increase in demand for library services. All school libraries experienced the rising use of their facilities in books circulated, instruction given in basic library skills, and the need for extended shelf and storage space, for additional books and periodicals.

In the high school, the year 1969 saw a sharp increase in demand for specialized library services. Teacher requests for the preparation of subject bibliographies, reading lists, and instruction to their classes in research techniques reached an all-time high. During the year more than 12,000 library passes were given to high school students, permitting them to come to the library during their study periods. Hundreds of students were given special permission from their subject teachers to spend all or part of class periods working on individual or group library projects. Large numbers of pupils also used the library before and after school hours.

Although in the past two years the most important magazines have been placed on microfilm, they had been inaccessible to high school research students because the library did not own a microfilm reader. The acquisition of a Xerox 1013 Microfilm Reader has at last become a reality - a gift of the Class of 1959.

The High School library has continued its development into a first-rate resource center. 1,407 books have been purchased, processed, and are currently in circulation. Another 330 titles delivered during December still await processing. Emphasis in the selection of books was placed on backing up courses being offered for the first time this year -- in particular Black Studies, Russian Affairs, Film-Making--as well as preparing for the projected elective program of studies which will become part of the curriculum in September 1970. Other subjects now well-represented in the high school collection include drugs, alcohol, smoking, psychology, parapsychology, the consumer economics. These topics are of prime interest and concern to the students. The library also continues to expand and improve the research facilities of the library with the addition of items such as the Congressional Quarterly Service, Editorial Research Reports, and the latest editions of the Encyclopedia of the Social Sciences, Collier's Encyclopedia, and American People's Encyclopedia.

Throughout the Town, close cooperation between the librarians and school staff have given teachers the opportunity to make high-level use of library re-

sources in their classes. Each library is well-staffed with student volunteers who help their fellow students in finding, checking out, and returning library materials. An assistant librarian has been added to the staff of the Weymouth High School Annex and East Junior High School. An additional secretary to the school librarians is also needed.

South Junior High School reported an improvement in storage facilities with the addition of six movable double bookcases.

The allotment of Public Law 89-10, Title II funds this year amounted to $10,612.00. Central Junior High and South Junior High Libraries each had about $1,000 to spend. The balance was used to provide books for elementary libraries at the Humphrey, Jefferson, Nevin, Seach and Washington Schools.

STASTICS FOR 1969

School	Number of books	Added 1969	Total Circulation
Weymouth North High	13,905	1,737	46,122
East Jr. High and High School Annex	13,506	800	15,347
Bicknell Jr. High	4,840	57	10,800
Central Jr. High	7,458	881	10,550
South Jr. High	7,100	700	9,000+

EVENING SCHOOL

During the year 1969, two basic changes were made in the Evening School operation. First, course offerings were recognized under two principals; second, a 26-page booklet providing information about the Adult Education Program was printed and distributed to more than 1400 people.

In order to satisfy a requirement of the Division of Occupational Education in the Massachusetts Department of Education, all Evening Practical Arts Classes in the five schools were placed under the same principal as the Evening Trade Extension and Apprentice classes. Mr. Otto H. Mahn assumed his dual responsibility. All other evening classes, including commercial, academic, personal development, free and special classes were placed under Mr. Vincent J. DiSessa as principal.

The booklet included information about registration, dates of classes, "No School" rules and Make-up plans. Each course offered was described in two or three sentences. Also included were the day, hours, fee, school location and the name of the instructor. Thirty-six courses were described in the booklet. Registration by mail was possible by using the form printed on the back page. This booklet has apparently worked out well. An annual revision will be necessary.

A total of sixty-six classes were filled, and 1314 registrants took advantage of the expanded evening school opportunities.

The annual product displays of the evening practical arts and a few other classes were held on successive nights at South Junior High and at Weymouth High School. Members of clothing and dressmaking classes took part in style shows both evenings.

Enrollments by subject follow:

SUMMER SCHOOL

The eleventh session of the Weymouth Summer School commenced on Monday, June 23, 1969, with an enrollment of 577 and ran for six weeks, ending August 1. All classes met at Weymouth High School.

The summer school brochure was printed by the Graphic Arts Department of the Vocational School and was distributed in the schools. Registration began early in June and was completed by June 25. Newspaper and radio publicity helped to attract students.

Once again, Driver Education was the most popular course, with Sewing and Typing the next most attractive. About 62% of the students enrolled in courses to make up a deficiency or to review a subject; 35% took enrichment courses; and 3% took preview courses.

The 577 students represented the following schools: Weymouth public schools 508; Weymouth parochial schools 19; area parochial high schools 27; other public schools 17; college 5; and one adult student.

Small class sizes are the key to much of the progress students make in summer school. Elementary classes averaged 9; junior high school classes 10;

and senior high classes 9. Enrichment classes ran larger: art 16, sewing 20, theater workshop 13, typing 19, driver education 37 for the complete course, and computer math 8.

Four classes for the perceptually handicapped were conducted for grades 1 to 7. This was the only new offering in 1969. Two field trips - to the Museum of Fine Arts and to one of the Harvard museums - were made by the class in Origins of the Western World.

Open house was held on Thursday, July 31. It featured displays of the products of classes in art, sewing, typing, perceptual training and the computer; three one-act plays and a fashion show were also presented.

FEDERAL PROJECTS ASSET AND PREP

As part of its effort to improve the educational opportunities of children from low income families, in 1965 the federal government made funds available under Title I of the Elementary and Secondary Education Act. A community could qualify for monetary help under this title if it could show that a percentage of its student program come from low income families and if it would develop a special program to assist these children in overcoming their educational handicaps. Once the program was approved for funding, other children in the community could take advantage of it.

The town of Weymouth developed Project ASSET and a special pre-school readiness program called PREP (Pupil Readiness for Education Program). Both of these programs were initially approved and funded in 1965. For the last school year of 1968-1969, the Weymouth Public Schools received $84,395.36 for ASSET and an additional grant of $21,125.00 for the 1969 summer PREP.

Of the 675 students who participated in the ASSET program, 370 received instruction in remedial reading, 210 were provided with speech therapy, 20 participated in a work study program, and 75 received intensive instruction in winter PREP classes. Two hundred and ten pre-school children were involved in the summer PREP classes.

Children enrolled in both the winter and summer PREP classes were given a variety of experiences to develop those skills necessary for satisfactory first grade work. Class size was limited to no more than 15 so that the children received individualized attention and guidance in their preparatory work for letter, color, and number recognition. The children participated in the variety of games and musical activities to sharpen their coordination and ability to get along with others. They participated in many listening and speech activities to develop auditory and vocal abilities. Most important, the children learned to anticipate the first grade as an eagerly-awaited, rewarding and happy place away from home.

During the regular school year, children were tested in the elementary grades to discover if they required remedial speech or reading assistance. This facet of ASSET attempted to get at speech or reading problems before they interfered with regular class achievement or before they caused emotional problems for the child. Working with a limited ratio of pupils to a specialist, the reading or speech teacher could give each child intensive exercises and lessons to help him to overcome his particular problem.

In the high school, juniors and seniors who appeared to be potential dropouts from school were given remedial reading to help them improve their standing in their regular classwork. They were also scheduled for early release during the school day so that they could assist financially at home by securing a part-time job. Without this early release provision, many would have been required to leave school permanently to seek full-time employment. Each student received counseling and help in finding local employment.

All aspects of Project ASSET and PREP have demonstrated that much can be done to help children succeed in school. The key to the projects' success is that individualized instruction and imaginative programs do help children with educational handicaps. Their improved school work is the proof.

SALARY SCHEDULE FOR THE INSTRUCTIONAL STAFF

Effective September 1, 1969

Schedule steps	Bachelor's Degree	Master's Degree	Master's Degree plus 30 Hrs.	Doctorate	Period
1	$ 6,700	$ 7,200	$ 7,700	$ 8,200	
2	7,000	7,500	8,000	8,600	A
3	7,300	7,800	8,400	9,000	
4	7,700	8,200	8,800	9,400	
5	8,000	8,600	9,200	9,800	B
6	8,300	9,000	9,600	10,200	
7	8,700	9,400	10,000	10,600	
8	9,000	9,800	10,400	11,000	C
9	9,400	10,300	10,900	11,500	
10	9,800	10,700	11,300	11,900

REPORT OF SOUTH HIGH SCHOOL BUILDING COMMITTEE

The meetings for this committee were scheduled on a bi-monthly basis during the 1969 calendar year. The second Tuesday of each month was reserved for general business, and the fourth Tuesday used for progress inspections at the site and the preparation, receipt and approvals of the furniture and equipment contracts.

The site work contract was substantially completed by October 1969. The finished surface of the running track and the final manicuring of the athletic fields have been postponed until the spring of 1970. This contract will be completed within the budget specified for this portion of the work.

The General Building Contract has progressed smoothly. With the foundations substantially completed by the end of January, the contractor utilized the remainder of the next two months to erect the structural steel, thus enabling the masonry to start as early as possible in March in anticipation of completely enclosing the building for the interior finish trades late in the fall.

This schedule could not be adhered to because of a work stoppage by the carpenters that lasted for 43 calendar days and crippled the construction industry in Massachusetts during May and June. The contractor is at present one month behind schedule with the temporary heat turned on in mid-December, enabling the plastering and tile work to be started by the first of the year. The contractor has advised this committee in writing that it is their desire to deliver this project on time.

The Furniture and Equipment Contracts have been worked on diligently by both the Weymouth Public Schools and this Committee, and presently we have contracted 40% of the items contemplated under this expenditure. This allotment could be exceeded by 10% because of the inflationary market which presently exists; however, we anticipate that this will be offset by a NDEA reinbursement approved for special projects recommended for the school programs.

The estimated total project cost for the new South Senior High School as of January 9, 1970 is within the appropriated amount and itemized as follows:

Site Work Contract plus Change Orders	$	427,151.00
General Building Contract		4,940,270.00
Furniture and Equipment		439,173.00
Architects and Engineers Fees		303,903.00
Clerk of Works		35,000.00
Surveys, Test and Borings		3,000.00
Advertising, Specifications & Blueprints		6,000.00
Available Contingency		205,503.00
Total Appropriation Expenditures	$	6,360,000.00

Respectfully submitted:

David A. Jones, Chairman
Graydon L. Abbott, Vice-Chairman
Dr. Leon H. Farrin, Secretary
Francis E. Whipple
James G. Russell, Jr.
J. Francis Martin

Allan C. Emery, Jr.

REPORT OF
BUILDING COMMITTEE FOR AN ADDITION TO THE WILLIAM SEACH SCHOOL

The committee met 19 times during 1969.

Due to excellent cooperation among the Committee, the Weymouth Public Schools, the Architects (Edward J. Tedesco Associates of Winchester), and the general contractor (Wexler Construction Company, Inc. of Newton), construction is progressing satisfactorily. At this time, the project is approximately 75% complete, in accordance with the completion schedule provided by the general contractor prior to the start of the work.

The final major task for the Committee is the furnishing and equipping of the school addition. The bidding procedures for both of these items have been initiated, again with the cooperation of the administration of the Weymouth Public Schools.

The Committee anticipates no major delays. The addition should be ready for full utilization in September of 1970.

Respectfully submitted,

Charles V. Hickey, Chairman
Lincoln W. Ryder, Clerk
J. Norman Butler
Edward J. Brady
John P. Hackett
George Sabean
E. Biden Whitney

REPORT OF THE UNION STREET BUILDING COMMITTEE

The Union Street School Building Committee was authorized by a vote of the Annual Town Meeting in March, 1969. The Committee was appointed by the Town Moderator in May and organized on June 2, 1969. Its task is to prepare plans and specifications and obtain bids for the construction of a new elementary school to contain 18 classrooms, Kindergarten rooms, and other Special facilities on Town-owned land off Union Street in South Weymouth.

The Committee met 22 times in 1969. Several architects were interviewed, and the firm of Kenneth F. Parry and Associates, Inc., was engaged to prepare the plans and specifications; a contract was signed with the architect on August 7, 1969.

The School Building Assistance Bureau of the Commonwealth of Massachusetts approved the educational specifications and the site in September of 1969, and approved the preliminary plans in October, 1969.

Final plans and specifications are approaching completion. It is expected that the project will be put out for bids in late January, 1970. An article has been submitted for insertion in the warrant for the Annual Town Meeting of 1970 to provide funds for building and equipping this school.

Respectfully submitted,

Earl F. Hannafin, Chairman
Harold G. Olson, Secretary
Robert M. Adams
Robert E. DiCenso
Leo J. Reid
Edward J. Sweeney
Norman R. Wright.

REPORT OF THE WESSAGUSSET ELEMENTARY SCHOOL BUILDING COMMITTEE

The Wessagusset Elementary School Building Committee was organized by vote of the Special Town Meeting held on May 12, 1969. The Town Moderator announced the appointment of a seven-man building committee on September 10, 1969.

The Committee held its organizational meeting on September 18, 1969 and was charged by the Town Moderator with the responsibility of obtaining bids for the construction of a new elementary school of eighteen classrooms, kindergarten rooms and other special facilities, on town-owned land in the so-called Municipal Parking area in North Weymouth.

After considering a list of seventeen architects, interviewing seven and re-interviewing three, this committee voted unanimously on October 25, 1969 to employ the services of Drummey, Rosane and Anderson of Newton Lower Falls.

The Committee has met eleven times since its organization in September. In addition, the representatives of the Committee have met with the School Building Assistance Bureau of the Commonwealth of Massachusetts on Friday, October 31, 1969. Following this meeting, approval was received from the Bureau on November 19, 1969 of (1) the educational specifications and (2) the site.

Year's end finds the Committee reviewing preliminary schemes and drawings as presented by the architect.

A complete soils survey has been prepared by the firm of Goldberg and Zoino, Soils Consultants; three alternate plans for drainage and site development have been presented to this Committee; and tentative approval of a plan has been adopted. The Committee was pleased to learn that the soils engineers have found the site practical for the building planned in terms of both cost of preparation and layout.

Current plans call for early Spring advertising for bids and request for Town Meeting action in May or early June. If this schedule can be maintained, a September 1971 opening of Wessagusset Elementary School is entirely possible.

Respectfully submitted,

Richard W. Blazo, Chairman
William J. Longridge, Jr., Sec.
James W. Hickey
Wilfred B. Mathewson
William R. McKinney
David V. Sheehy
Eugene T. Smith

TUFTS LIBRARY BOARD OF TRUSTEES
WEYMOUTH, MASSACHUSETTS

In the passing of Barbara Senior Thayer, the Board of Trustees of Tufts Library has lost a faithful and conscientious member.

Mrs. Thayer served as a Trustee from March 1965 until her death in October 1969. She was appointed a member of the Tufts Library Building Committee in 1961.

In recognition of her association and work in behalf of the Library and the Town of Weymouth, the Board of Trustees gratefully records its appreciation by adopting the following:

> BE IT RESOLVED: That the Trustees of Tufts Library express their high appreciation of Barbara Senior Thayer's services and interest in maintaining the high standards of service to the reading public and the welfare of the Library.
>
> BE IT FURTHER RESOLVED: That a copy of this resolution be spread upon the records of the Tufts Library and a copy sent to her family and included in the Town Report.

Mrs. Barbara Senior Thayer

LIBRARY HOURS

The Tufts Library, 46 Broad Street, Weymouth
Open 9 A.M. to 9 P.M. daily. Saturdays, 9 A.M. to 5 P.M.
During the summer the Library is closed on Saturdays.
The Children's Room, 46 Broad Street, Weymouth
Open 1:30 to 5 P.M. Mondays and Wednesdays open until 9 P.M.
Saturdays, 9 A.M. to 5 P.M.
During school vacations the Children's Room is open 9 A.M.
Closed Saturdays, summer only.
North Branch, 220 North Street, North Weymouth
Open 2 to 6 and 7 to 9 P.M. daily. Saturdays 1 to 5 P.M.
Also open 9 A.M. to 12 noon Tuesdays and Fridays
East Branch, Jackson Square, East Weymouth
Open 2 to 9 P.M. daily. Saturdays 1 to 5 P.M.
Lovell's Corner Station, Pratt School, East Weymouth
Open 2 to 6 P.M. Tuesday
Nash's Corner Station, Nash School, South Weymouth
Open 3 to 6 and 7 to 8 P.M. Tuesday
Alice E. Fulton Station, Fulton School, South Weymouth
Open 3 to 6 and 7 to 8 P.M. Thursday, 3 to 5 P.M. Friday
Homestead Station, Homestead School, Weymouth and
Weymouth Heights Station, Adams School, Weymouth Heights
Open to School Pupils only

The Library and its branches are open for circulation of books, reference services and reading as noted above, except on Sundays and legal holidays.

LIBRARY SERVICES

The Library is for the use of all residents of Weymouth. Temporary residents are entitled to the same privileges as permanent residents. Non-residents may borrow books upon payment of an annual fee of $5.00.

A Library card entitles the holder to borrow books, magazines, pamphlets, pictures and phonograph records for home use. The Library card must be presented when books and records are borrowed.

The Children's Room at the Main Library and Children's Departments at the Branch Libraries provide books and reading guidance for the boys and girls. Children in elementary school are entitled to a card if the application is signed by a parent or guardian. Story hours for the younger children are held throughout the winter months.

Main Library:	Pre-school, Thursday 9:30 and 10:30 A.M. Grades 1-up, Thursday 2:15 and 3:30 P.M.
North Branch:	Pre-school, Friday, 10 A.M.; Grades 1-4, Friday, 3:15 P.M.
East Branch:	Pre-school, held at Humphrey School, Wednesday 10:45 A.M., Pingree School, Thursday, 10:45 A.M.
Fogg Library:	Pre-school, Tuesday, 10 A.M.

Book deliveries to shut-ins are available through Friends of Weymouth Libraries. Call the Main Library.

Reference Service is available at the Library or by telephone.

For the convenience of residents in the various parts of the Town there is a weekly exchange of books from all Branch Libraries. A Library card is valid at any Branch or at the Main Library. There is also a weekly exchange of books with the Fogg Library.

Telephone: The Tufts Library - 337-1402
North Branch - 337-1571
East Branch - 337-1677

REPORT OF THE PRESIDENT OF THE TUFTS LIBRARY TRUSTEES

The only capital outlay suggested by the Trustees of Tufts Library is a new branch building, to be located in East Weymouth. There is a great need of such a branch library building, but the Appropriation Committee has not yet recommended it. There are several sites, but none of them meet the requirements as to location, floor space, etc.

The Board of Trustees regrets the death of Mrs. Barbara Thayer last fall. She had been a member of the Trustees of Tufts Library since 1965 and was an active and faithful worker. She was also a member of the Building Committee for the new Main Library.

Also the Trustee regret to announce the retirement of Miss Alice Fulton. She has been a trustee since 1946 and Secretary of the Board most of that time.

Of a happier vein, the Trustees were pleased with the election of our Head Librarian, Mrs. Eleanor Cooney, as President of the Massachusetts Library Association. The Trustees wish her the best of success in this very responsible position.

Respectfully submitted,

Franklin N. Pratt
President, Tufts Library Trustees

REPORT OF THE TOWN LIBRARIAN

To the Board of Trustees of the Tufts Library:

Several trends stand out when one studies the statistics compiled on the use of Weymouth's public library during 1969. The number of registered borrowers is steadily rising. 40% of Weymouth's inhabitants have received a library card within the last three years. More adults are borrowing books from the Main Library, by-passing the branch libraries. Students are using the sub-regional and regional library centers directly. In 1968 we borrowed 249 books on inter-library loan. This year the figure dropped to 223, since Weymouth residents, as a part of the regional service, could now go in person to the Quincy or Boston libraries and borrow books directly for faster service. More non-book materials are being used. Loans of films and phonorecords continue to grow in number.

Use of the library for study and reference continued high, both at the Main Library and the North and East Branch libraries. The Young Adult Librarian, Miss Helen Nye, notes "Throughout the school year, the use of the Young Adult Room continues to be greatest Monday through Friday between 3:30 and 8:30 P.M. and all day Saturday. During college vacation periods it is used more extensively by college students and other adults who are taking courses. Reference help for younger pupils involvles helping them to locate assignment material and/or introducing them to the Reader's Guide to Periodical Literature, while older students often require aid in searching for reference material and/or material to be borrowed on inter-library loan. Students from high school through college age are now required to do more individual research, often on very current subjects and consequently librarians are getting increased requests for individual help. As well as supplementing the resources of the junior and senior high school libraries, we are often called upon for college and graduate school materials. The number of students from Massasoit Junior College, Northeastern University Evening School, Bridgewater and other near-by colleges, who come to the public library to do their studying and research seems to have increased."

The Reference Librarian, Mrs. Caroline Harris, reports that the library now has an extensive collection of telephone directories, covering New England and larger cities throughout the country. With the opportunity to call for help from the reference resources of the regional system, there are few people in search of information who can not be assisted by a call or visit to the library.

The Children's Librarian, Miss Dorothy Trussell, says that the visits from elementary school classes and story hours for both pre-schoolers and the children in the lower grades have occupied a great deal of staff time in the Children's Room and in the branch libraries. With the help of volunteers, six pre-school story hours are held each week throughout the Town. 2,507 youngsters in Grades 3-6 earned reading certificates this past year, in a program in which pupils report on their reading of library books to their classroom teachers. Our five libraries located in the elementary schools continue to bring library service to children and some adults in outlying section of the town.

Volunteers have carried on the service of delivering books to shut-ins and of stocking the library at the Housing for the Elderly. We are grateful to Mrs. Joanne Palmieri, Mrs. Louise Masters, Mrs. Dorothy Downs and Miss Loraine Page for their faithful performance of this task. Several young people

have given many hours of service to the library while earning community service awards in youth organizations. We appreciate their interest and help.

The Cataloger, Mrs. Grace Baldwin, reports a total of 126,855 volumes in the library system, including 7,720 volumes added during 1969. About 700 of these were gifts from individuals and organizations.

The Meeting Room has been used extensively by civic groups and committees, as well as by library-sponsored activities. In this room the Weymouth Art Association has hung outstanding shows of paintings by local artists. The Art department of the Weymouth Schools has furnished several interesting exhibits, from enameling crafts by the Adult Evening School Classes to colorful drawings by young children. Last August the playgrounds again held a display of summer craft work in the Meeting Room. Through out the year the branch libraries have also featured displays by talented townspeople.

The library staff has experienced several personnel changes. Charles Mc Colough, head custodian, retired after a number of years service, both at the North Branch and the new Main Library. Mrs. Ruth Roulston, whose excellent library displays at the North Branch Library were appreciated, also retired. As Town Librarian, I would like to express my appreciation to both the staff and the Trustees for another year of excellent teamwork in trying to provide library service to all the citizens of Weymouth.

Respectfully submitted,

Eleanor T. Cooney
Town Librarian

GIFTS OF BOOKS TO THE TUFTS LIBRARY

The Trustees gratefully acknowledge gifts of books and other library materials from the following persons:

Mrs. Howard Albion; Mr. J. H. Beattie; Mrs. Bennett; Mrs. Diana Brown; Marie Bugbee; Mrs. Ruth Campbell; Eunice Carini; Susan Carini; Mrs. Mario Cicchese; Mrs. Lillian Clark; Claire Dennehy; Mrs. Luther Dizney; Charles Dunn; Howard Evirs; Mr. and Mrs. Francis Farr; Ernest J. Feeley; Ralph Finlay; Mrs. Helen Flanagan; Eleanor Freeman; Mrs. Robert Gauld; Mr and Mrs. Harold Goodwin; Mrs. Ray Hall; Mrs. M. Halpin; Estate of Mrs. Frederick Hunt; Betty E. Janes; Mrs. Louise Johnson; Mrs. Robert S. Lang; Mrs. A. R. Langlais; Mrs. Arthur W. Lavelle; John B. McCulloch; Lawrence Mc Donald; Marian McGuire; Mrs. George McKenna; Mrs. Stephen McKenna; Angus MacLeod; Charlotte MacLeod; Mrs. John Malone; Neil Manausa; James S. Matatall; M. Joseph Merton; Carol Miller; Mrs. Florence Miller; Mrs. Henry Munsterman; Mr. and Mrs. Paul R. Newcomb; Arthur Petterson; Joyce Provost; Mrs. Alvah Raymond; Donald Roberts; Mrs. Marie Rupp; Nicholas V. Santacroce; Mrs. Albert Sears; Mrs. David Sjostedt; Mrs. Ruth Soper; Carl Stenberg; Mrs. Carl R. Swett; Mrs. Brenda Tileston; Mrs. Gloria Tirrell; Robert Tonia; Mrs. Mary Welsh; Clifford White; Myra White.

Mrs. John L. Sastey gave a book in memory of Dr. John L. Sastey.

The Trustees also wish to take this opportunity to thank the various government departments for their publications, and the following organizations:

Aluminum Association; Massachusetts Division of the American Cancer Society; Brotherhood of R. R. Trainmen; Monday P. M. Club; University of Toronto Press; Weymouth Gardeners; Weymouth Teachers' Association.

STATISTICAL REPORT OF THE TUFTS LIBRARY
1969

Date of founding	1879
Population served (State Census, 1965)	50,468
Assessed valuation of the Town	$350,517,800.00

REPORT OF THE PARK COMMISSIONERS

January 9, 1970

Honorable Board of Selectmen
Town Hall
East Weymouth, Massachusetts

Gentlemen:

We herewith submit our Annual Report for 1969 to complete the decade with a year which we felt was very successful in accomplishing the objectives of the total recreation program. The magnitude of the year's success was exceeded only by the speed with which it passed.

Our regular summer playground program was conducted at twenty-three supervised playgrounds which opened on June 30 and closed on August 22. Due to construction at the Seach School Playground our activities scheduled for that site were conducted on a portion of Howe & French property which was leased by the Commission.

The playground staff included two supervisors; specialists in crafts, tennis and archery; specialists for the mentally retarded and blind children; two drivers to operate carry-all vehicles and forty instructors.

The annual competitive examination for playground instructors was given to one hundred applicants to fill eighteen vacancies. The examination was administered at Central Junior High School on Saturday, April 5, 1969.

A three day training institute was conducted for all instructors and in-service training was obligatory on the few rainy days during the season.

For the fifteenth consecutive year the Town was reimbursed 50% of the incurred expenses for the programs offered to the mentally retarded and blind children. Some forty handicapped children participated in the daily program which was supplemented by swimming lessons, bowling, nature walks and various special events.

Supervised facilities at Wessagussett Beach and Lake Street Beach were made available to the residents of Weymouth during the summer of 1969, from June 20 through September 1 from 9 A.M. to 6 P.M. each day.

Swimming and Life Saving classes were conducted for 2,826 students by 15 competent American Red Cross Water Safety Instructors for children six years of age and over. 207 classes were taught throughout the entire summer in two sessions, five days a week, Monday through Friday.

All instructors and life guards received and maintained specific training skills to supplement their years of experience on the waterfront. Eleven life guards underwent the Water Safety Instructor's Course at Camp Kiwanee, American Red Cross Aquatic School in Hanson, Massachusetts from June 8 to the 18.

The entire staff participated in a three day re-training course in the latest teaching techniques. The staff were also trained in the use of new resuscitators

prior to the season's opening.

This year's Water Carnival was most successful and indeed culminated what has been possibly our greatest season.

The expansion of Wessagussett Beach, to nearly three times its original size, attracted many more residents than ever before and would have tripled our all time attendance figure had not the dreaded oil spills penetrated our shore line just prior to our opening date. The No. 2 oil which came on the water and penetrated the sand left, for a time, a sickening odor which turned many people from the beach.

We wish to commend, once again, the Park Division of Department of Public Works for their outstanding effort in maintaining our beaches; and, also all of the Town Departments for their cooperation during the oil spills.

Field permits were issued fairly to control the heavy use of the baseball and softball diamonds by the many leagues within the town. The installation of lights for softball at Lovell Playground provided a new facility and created greater spectator interest for the softball leagues who used the field.

We remain ever grateful to the School Department for the continuation of their policy granting us the use of school facilities for our recreation programs.

Our Senior Citizens Recreation Club, with over a thousand members, enjoyed a year of varied recreational activities.

At the close of the summer season, our Great Esker Park marked its second year of successful full-scale operation. Many of the plans formulated during the previous year were implemented, and additional developmental guidelines were prepared for future operation of the park both as a summer recreational area and as a year-round educational classroom.

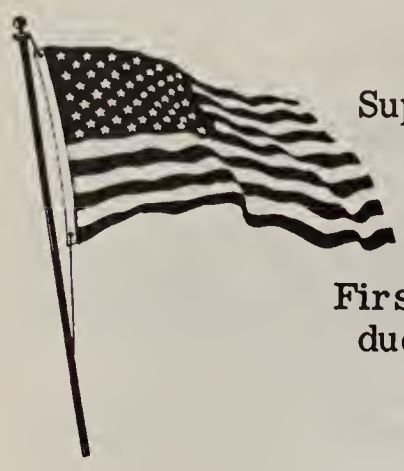

We are pleased to continue our participation in the program through which the Legislature has mandated the Metropolitan District Commission to construct an artificial ice skating rink and year-round swimming pool in Weymouth. We wish to offer our congratulations to our Representatives Robert Ambler and William Connell; our Weymouth News Editor, Dan McCole and his assistant Miss Dorothy McCann; our Town Counsel, Francis Kelly; Town Engineer, Frank Lagrotteria and Arthur Bilodeau, Director of Public Works for bringing the erection of this facility in Weymouth ever closer to being a reality.

We wish to express our gratitude to the appointed committees and Town Officials for their continued support of the Park and Recreation Program.

Respectfully submitted,

L. Peter McGonnigal, Chairman
Michael A. Cignarella, Vice-Chairman
Edward T. Henley, Clerk
Chester L. Boyle
David W. Kelley

Weymouth Park Department, 402 Essex St., Weymouth

SWIMMING INSTRUCTION

Under the direction of the Weymouth Park Department, Swimming and Lifesaving Classes will be conducted throughout the summer at Wessagussett and Lake Street Beaches. The classes will be taught by competent Red Cross trained instructors. Each class will meet five days a week, Monday through Friday.

Children should be at least 6 years of age or in the first grade of school.

The beach opens on June 20. Registration and testing for the first section will be held on June 23 and June 24 at both beaches.

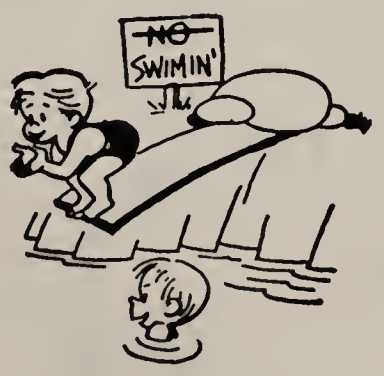

Section I	June 25 - July 23
Section II	July 28 - Aug. 29

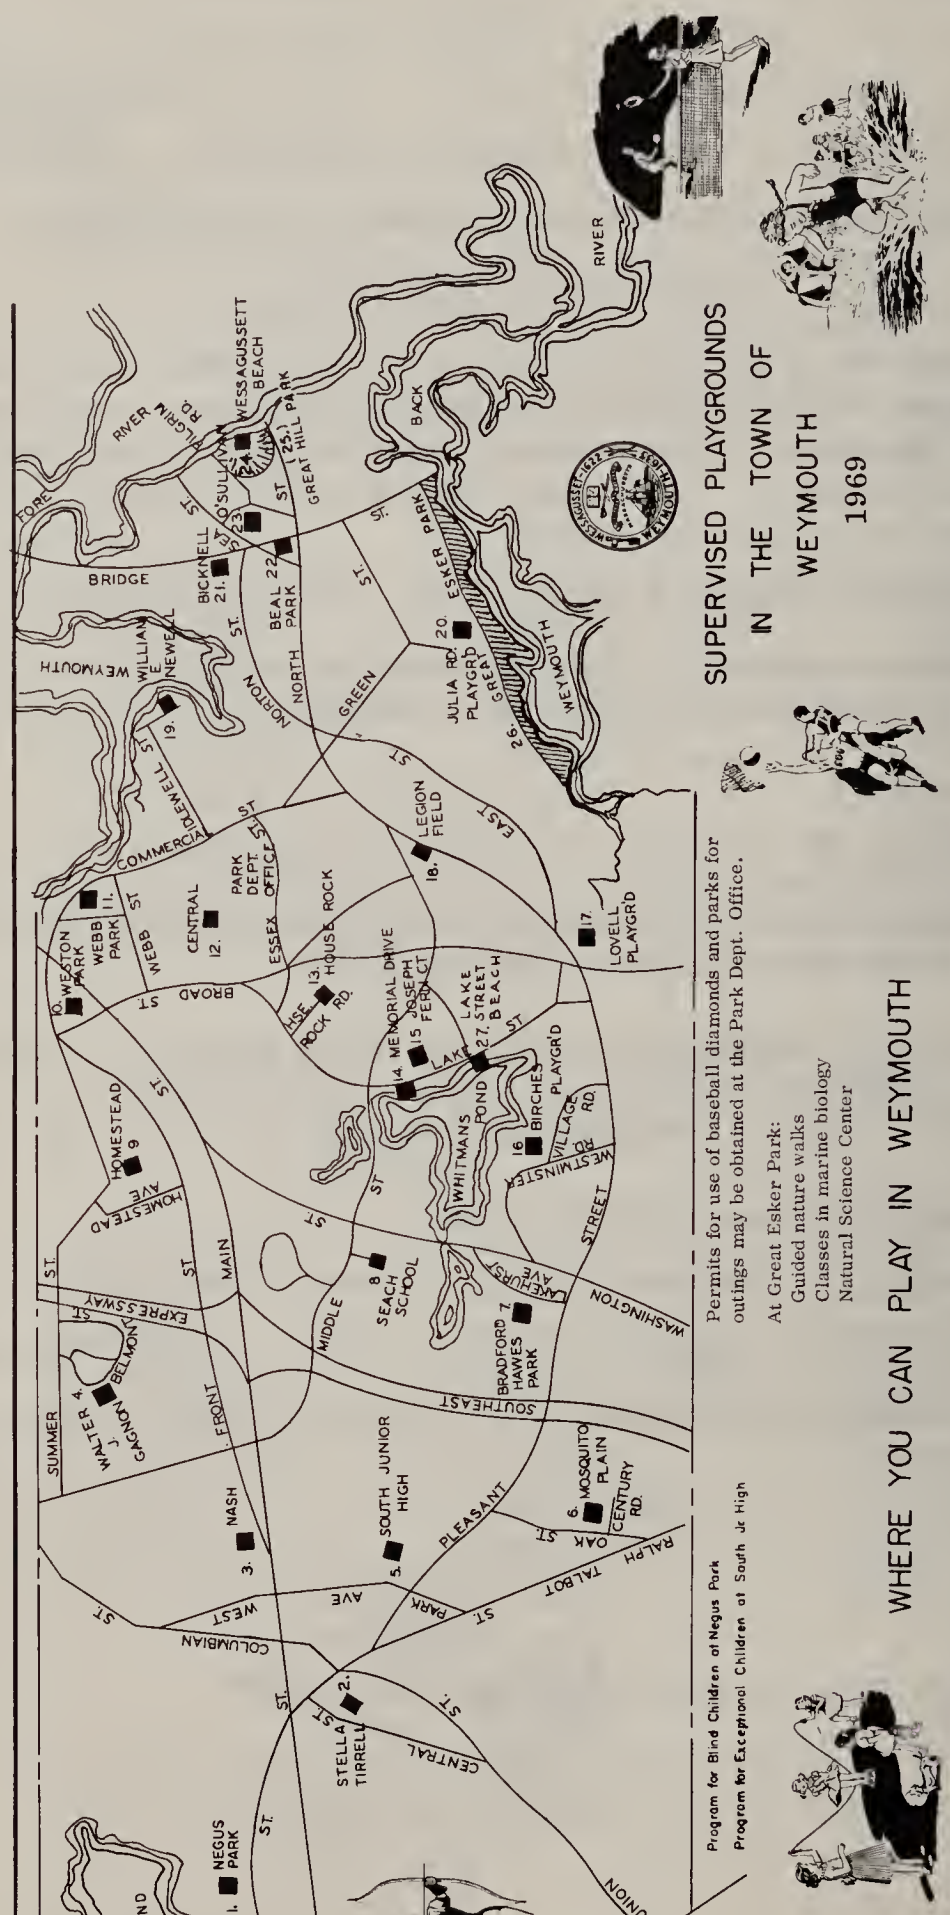

A weekly schedule for the classes will be published in the Patriot Ledger, The Weymouth News and over Radio Station WJDA.

SWIMMING RACES - 4th of July
WATER CARNIVAL - Date to be announced

Everett J. McIntosh

REPORT OF THE CONSERVATION COMMISSION

January 27, 1970

Honorable Board of Selectmen
Town of Weymouth

Gentlemen:

Febrary 16, 1969 the Whortleberry Pond Conservation Area was dedicated. Although this area is made up of three separate parcels it is planned that additional undeveloped lands may be acquired so that a green belt or buffer strip can protect the pond from dispoilation.

April saw the Commission presenting its first annual "Weymouth Conservationist of the Year" award to Miss Mary Toomey for her efforts in furthering conservation education to the students in Weymouth.

The Commission actively participated with the Water Polution Control Study Committee in its quest for determining the best method of preventing further oil spills in Town waters.

This Commission was recognized by the Conservation Foundation, Washington D. C. in their Conservation Foundation publication as one of the outstanding Conservation Commissions in Massachusetts.

In an effort to protect one of the sources of water for Great Ponds, this Commission working jointly with Holbrook Conservation Commission has been able to persuade the Norfolk County Commissioners of the need to purchase seventy odd acres of marsh land in Holbrook at no cost to the town of Weymouth.

Numerous on-site investigations of land thought worthy of consideration as conservation land as well as inquiries concerning filling operations were made.

For the courtesy and cooperation extended during the past year by the town Boards and Officials, to Everett J. McIntosh a member of the Commission who recently retired, we sincerely express our appreciation.

Respectfully submitted,

Alfred J. Dion, Chairman
Curtis Butterfield, Vice-Chairman
Mary j. Gilmore, Secretary
Edward H. Collagan
F. Gilbert Hills
Edward T. Henley
Everett J. McIntosh

SOUTH SHORE MOSQUITO CONTROL PROJECT
STATE RECLAMATION BOARD

November 20, 1969

To the Citizens within the Project's Control:

Submitted herewith is the report of the South Shore Mosquito Control Project's activities for the year November 1, 1968 to October 31, 1969.

The Project is a year round cooperative effort embracing the City of Quincy, and Towns of Braintree, Cohasset, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth, covering a tital area of 172.21 square miles serving a population in excess of 223,000.

The Project is authorized and acts uncer provisions of Massachusetts General Laws, Chapter 252, Section 59, mosquito control provisions, and Chapter 112, Acts of 1931, pertaining to ditch maintenance of the sald marshes.

The Project continued to base its program on three recommended and approved approaches to a community mosquito control:

A. Mosquito source reduction
B. Mosquito larval/pupal reduction
C. Mosquito adult reduction

giving priority in this order.

A. Source Reduction - removing as much unnecessary standing water as possible, a requisite of mosquitoes in completing their breeding cycle. The properly placed and maintained ditches on the coastal salt marshes, the cleaning of blocked brooks and streams wherever possible, the clearing of brush and growth along swamps and stream edges, the filling in of small wet areas and the leveling of ditch fill so as not to leave water pockets, these, if neglected would cause tidal and storm water to become brackish and stagnant to keep the mosquito population at its highest level.

The Project this year added a second salt marsh machine an International 500 diesel, wide gauge track clearance, wood cleat grouser mounted, crawler tractor with an International 312 mounted backhoe and 22,000 lb. Gearmatic hydraulic winch. It is an excellent machine for marsh work, heavier duty, well balanced and more rapid in operating than any of our previous machines.

In source reduction operation the following was accomplished in the Project area for this report period:

62,130 sq. feet brushed
13,940 cu. feet of new ditch dug
381,463 cu. feet of ditch reclaimed
4,075 feet of ditch cleaned

B. Mosquito Larval and Pupal Reduction - Next to the reduction of the water source of mosquito breeding, larval and pupal control is the most productive for the time and money spent, for in some instances one ounce of insecticide can treat up to two acres of mosquito breeding swamp.

In mid-March, after checking many fresh water swamps for larval counts of the early or spring brood mospuitoes, mapping is drawn out to indicate breeding areas. We contract both helicopter and fixed wing aircraft, whose pilots must work from these maps. They aerial spray only the breeding sites indicated on these maps. This operation keeps down what normally would be a large hatch of pesty mosquitoes that would plague us in the months of June and July.

During the summer season we must check many and often breeding sites of other mosquito species: the salt marshes, catchbasins, coastal rockpools, tree holes, etc. Some of these must be sprayed as many as four times in a summer season, depending on the amount of rainfall.

The Project has added a second catchbasin spray unit (a Jeep Universal) for the treating of the many thousands of catchbasins in the Project. This unit enables us to keep up with the three or four mosquito hatches they might produce a season.

The gallons of insecticide, the amount of sites and approximate number of acres treated for mosquito larval and pupal control for this period:

26,706 catchbasins sprayed with 1648.5 gallons of insecticide
10,558 gallons and acres air sprayed
4,032 gallons for larval control

C. Mosquito Adult Reduction - shall always be necessary to some extent or form. In spite of all the pre-emergence control work there remain many small unnatural water recepticles around the home capable of mosquito breeding. We just could not get to all. There are many construction projects under way that temporarily cause mosquito breeding, and we have many mosquito areas within but not under this Project's control we must contend with.

We kept two mist blowers operating through last season. This applicator dispenses a fine particle insecticide on a high velocity wind stream through the air which acts as a space spray. The larger droplets are deposited upon foliage which acts as a residue treatment.

We have done some insecticidal fogging. This gives a longer range of space treatment but little, if any, residual action.

Next year the Project should like to supplement their mist blowing operation with more insecticidal fogging. This Project plans the purchase of a new method fogger, it hopes will work well enough to cut back some on residue spray.

The amounts of insecticide applied for adult mosquito control, with both mist blowers and foggers for this period:

10,229 gallons mist blown
105 gallons fogged to 630 acres

To ease the concern of some citizens within the Project's control in our handling of chemical insecticides, we use none of the persistent or cumulative insecticides: DDT, Dieldrin, Aldren, Endren, Heptochlor, etc.

The insecticides used in this area for mosquito control have been accepted and approved by the Department of Public Health. The Project's personnel are all licensed by the Massachusetts Pesticide Board. We are constantly informed from the University of Massachusetts Extension Service on the latest development in insecticide formulation, their caution, their limits in toxicity and new application methods. We are in attendance at all sponsored training courses of the Communicable Disease Center, U.S.D.H. relating to mosquito control that are held in this area. We believe this is all necessary to give, not only a good mosquito control, but a safe control as well.

There are many man hours spent in this Project where no item of productivity can be shown yet are as necessary hours to the operation as any of the others recorded. The hours spent checking mosquito breeding sites and mapping these, inquiring into related mosquito complaints, the mixing of insecticides and loading of equipment sprayers, both repair and preventive maintenance of all trucks, tractors, trailers and sprayer equipment and the cleaning and painting of garage spaces. These tasks along with the regular mosquito control operations tend to keep a mosquito control man pretty busy fifty-two weeks a year on a project most people consider "just a summer job."

The Project wishes to acknowledge the help received from officials and departments of the communities it serves and sincerely hopes that benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

November 20, 1969

The Honorable Board of Selectmen
Town of Weymouth
Town Hall
Weymouth, Mass.

Dear Sirs:

As representative for this Town on the South Shore Mosquito Control Project Commission, I am furnishing you with two copies of the Annual Report of activities of the Project for the year ending October 31, 1969.

Our request for next year is for $10,200, which includes a salt marsh maintenance assessment of $900.

May I ask that you put an article in the warrant in substance to seek this amoung as the Town's appropriated share so they might continue as a member of the South Shore Mosquito Control Project.

Sincerely yours,

Henry F. Godin
Commissioner for Weymouth
SOUTH SHORE MOSQUITO CONTROL PROJECT

REPORT OF THE BOARD OF ZONING APPEALS

January 26, 1970

Honorable Board of Selectmen
Town of Weymouth
75 Middle Street
Weymouth, Massachusetts 02189

Gentlemen:

The Zoning Board of Appeals held hearings on 57 cases during the calendar yer 1969 which number is considerably less than in prior years, which had averaged 85 - 90 hearings per year. There is no question, but that this decrease is due to the pendency of the new zoning by-law and the general reluctance on the part of the public to go forward with a zoning matter until these new by-laws are finally approved and operable.

Most of the cases were of the expected variety, having to do with encroachments of buildings or residential subdivisions into smaller lots than otherwise allowed and matters of like import. However, although the number of cases did decrease, generally, several appeals for apartment complexes were heard, which demonstrates no lack of effort on the part of those interested in them.

The Board anticipates that with the approval of the new by-laws, the Town in general will benefit with modern, up-to-date uses and regulations. We look forward to working with it.

Of the 57 cases heard, 29 were granted, 13 were denied, 13 were withdrawn, and 1 case is presently held under advisement.

There wer 660 notices set prior to hearings and 631 sent after hearings for a total of 1,291, and fees in the amount of $1,545 were collected.

Once again we are greatly indebted to the fine work of the Building Department, and without the efforts of its personnel, this Board could not function effectively.

Respectfully submitted,

Board of Zoning Appeals

Daniel J. Bailey, Jr. Chairman
Frank S. Lagrotteria, Secretary
Thomas F. Lynch

TOWN OF WEYMOUTH

JURY LIST

The following is a list of proposed Jurors prepared by the undersigned for use during the year commencing

1969

TOWN OF WEYMOUTH JURY LIST

The following is a list of proposed Jurors prepared by the undersigned for use during the year commencing 1969

PLANNING BOARD

Standing: H. CHRISTENSEN, WALTER F. AMES, EDWARD P. JENSEN, MERLE S. AVERILL, EDWARD H. COLLAGAN

Seated: ROBERT E. SIMON, WILLIAM F. WHITE, MRS. MARY AMEEN, Secretary

REPORT OF THE PLANNING BOARD

The Honorable Board of Selectmen
Town of Weymouth
Town Hall
Weymouth, Massachusetts

Gentlemen:

The Planning Board herewith submits the Annual Report of its activities and endeavors for the year 1969:

Due to the ever-increasing population of the Town and the many problems relating to the Planning Board because of this, the business of the Board once again showed an increase of approximately 8% over 1968. A large number of subdivision plans were presented for action by the Board during the year although an overall decrease was noted compared to ther previous year.

The statistical summary of business is as follows:

1.	Total number of Board meetings (including special meetings) . .	38
2.	Public Hearings held.	12
3.	Items of Business presented to the Board	375
4.	Subdivision plans approved	4
5.	Subdivision bonds released	6
6.	Plans endorsed "Approval Under Subdivision Control Law Not Required"	97
7.	Field Inspections made	40

In addition to the above noted items, many hours were spent examining sketch plans, discussing individual problems with petitioners, meeting with other Town bodies, studying additions and amendments in the various statutes governing planning in the Commonwealth; and studying zoning, transportation, and other responsible areas of Planning Board endeavor.

Unfortunately, the time required to handle regular Board business restricts the more important duties and functions of the Board's planning responsibility as set forth in the State statute's, i.e. implementation of a properly balanced growth plan through systematic zoning and transportation recommendations, investigation and application for State and Federal funds available to the Town for properly-planned studies and projects. The Board sorely recognizes the need of a full-time planner to give guidance and accomplish tasks beyond the scope of our part-time service in this city-sized and growing Town. The study of this need will be one of the priority items in the Boards endeavors this year.

With the aid and assistance of outside planning consultants, and an intensive study by our local by-laws committee, a complete revision of the zoning by-laws was adopted by a special Town meeting held in June 1969.

The policy adopted by the Board in 1968 wherein regular office hours were instituted through the employment of a secretary, worked out extremely well. Again this year the office will be available at the Town Hall for interviews or other business each Thursday from 9 am to 12 noon.

Other duly constituted committee for which Planning Board members served in 1969 are as follows:

1.	Conservation Commission	-Edward H. Collagan, Jr.
2.	Zoning By-Law Committee	-Robert E. Simon
3.	Transportation Advisory Committee	-Edward H. Collagan, Jr.
4.	Pine Grove Study Committee	-William F. White
5.	Pleasant Street Ramp Study Comm.	-Edward H. Collagan, Jr.

The Board gratefully acknowledges the cooperation and assistance received in its endeavors from the Town Engineer, The Building Inspector, The Town Accountant, The Town Treasurer and the Town Clerk. We also wish to express our thanks to other Town officials and employees who have made our task easier.

Respectfully submitted,

William F. White, Chairman
Merle S. Averill, Vice-Chairman
Edward P. Jensen, Clerk
Harry Christensen
Edward H. Collagan, Jr.
Walter Ames
Robert E. Simon
